(*i*) the future staffing of the college,

(*ii*) the status of the teaching laboratory assistants,

(*iii*) co-operation of the college staff in the work of the Post-Graduate Department,

(*iv*) enhancement of fees, and

(*v*) increase in the number of students admitted and free-studentships.

The recommendations of the Committee in their essential features have been accepted by Government, and they have been partly given effect to as a temporary measure during the current year.

A medical examination of the newly admitted students in the 1st and 3rd year classes indicated a slightly better state of things; 32·5 per cent. were reported to be in the enjoyment of normal health against 20 per cent. of the newly admitted students in the previous year. Games and physical exercises were made compulsory for the 1st year classes. It is proposed to make them compulsory also in the 3rd year class from next session. Schemes regarding the improvement of the college were pressed on the attention of Government, with the result that at the March meeting of the Legislative Council a preliminary grant of Rs. 2 lakhs was made for the acquisition of a part of the *busti* land that projects into the college compound on the north.

9. *Dacca Intermediate College.*—The college had an enrolment of 326 students on the 31st March 1926, as compared with 313 students returned on the corresponding date of the previous year. Of these students 178 were Hindus, 146 were Muhammadans and 2 were of other communities. The upkeep of the college cost Rs. 1,38,030, of which Rs. 1,07,998 was provided from provincial revenues. The average annual cost of educating each student amounted to Rs. 415-12-1, of which Rs. 325-4-9 were met from provincial revenues.

Funds were allotted during the year for the transfer of the college to the new Government House, and the work of adapting these buildings to the requirements of the college was taken in hand. The provision of botany as a third science subject in addition to physics and chemistry was an important innovation.

10. *Hooghly College.*—On the 31st March 1926 there were 278 students on the rolls of Hooghly College, as against 276 on the corresponding date of the previous year. Of these students 247 were Hindus, 30 were Muhammadans, and 1 was an Indian Christian. The total cost of maintaining the college amounted during the year 1925-26 to Rs. 1,44,244, of which Rs. 1,19,333 was provided from provincial revenues. The average annual cost of educating a student worked out at Rs. 524-8-4, of which Rs. 433-15 was met from provincial revenues. The college has not yet obtained affiliation in physics up to the B. Sc. Honours Standard for which it applied last year. The college military platoon had a very useful and satisfactory year's work, of which the most satisfactory feature was that the entire platoon attended camp. During the year under review a new gasholder was erected and this has removed a longfelt want. It is satisfactory to note that the college staff made two valuable contributions to learning. Principal Ramsbotham's "Studies in the Land Revenue History of Bengal, 1769-87" and Professor N. K. Dutt's "Aryanisation of India" are clear evidence that scholarship can flourish in a mufassal college as well as in Calcutta.

11. *Sanskrit College.*—The English Department had 88 students (all Hindus) on 31st March 1926, as compared with 85 returned on the corresponding date of 1925. In the Oriental or Tôl Department there were 73 pupils. The cost of upkeep of the College Department amounted to Rs. 55,318, including Rs. 50,773 borne by provincial revenues. The average annual cost per student in the College Department amounted to Rs. 614-10-3, of which Rs. 564-2-3 was borne by Government. The Committee constituted by Government to enquire into various problems in connection with the Sanskrit College was not able to finish its work during the year under report.

12. *Krishnagar College.*—The college had 254 students on 31st March 1926 as against 256 on the corresponding date of the preceding year. Of these students 223 were Hindus, 25 were Muhammadans and 6 were of other communities. The total cost of maintaining the college amounted last year to Rs. 1,55,871, of which Rs. 1,30,025 was provided from provincial revenues. The average annual cost of educating a student amounted to Rs. 594-15, of which Rs. 496-4-6 was borne by provincial revenues. A scheme for the construction of a building for additional class accommodation and common room was administratively approved by Government. Both the Hindu and Muhammadan hostels continued to occupy rented buildings. A sum of Rs. 84,000 has been provided in the budget estimate for 1926-27 for the construction of a Hindu hostel. A scheme for constructing a hostel for the Muhammadan students is now under consideration.

13. *Chittagong College.*—On the 31st March 1926 there were 604 students on the rolls of Chittagong College, as against 537 on the corresponding date of 1925. Of the total number of students 363 were Hindus, 212 were Muhammadans, while 29 belonged to other communities. The total cost of maintaining the college amounted during the year to Rs. 1,21,422, of which Rs. 70,813 was met from provincial revenues. The average annual cost of educating a student amounted last year to Rs. 217-3-5, of which Rs. 126-10-10 was borne by provincial revenues. Early in the year under report the sanction of Government was received to the admission of girls to the Chittagong College. For want of a waiting-room, which has however since been constructed, no girls were actually admitted. Every student of the college is required either to undertake gymnastics or participate in the college games. There is a desire among the students and their guardians to form a platoon of the University Training Corps in Chittagong; the question must await the decision on the broader question of the extension of the Calcutta University Training Corps. The college badly requires additional buildings for arts and science, and a bigger hostel for Hindus. Definite proposals for the expansion of the college are being awaited. The Muhammadan hostel sanctioned last year was under construction but was not ready for occupation during the year.

14. *Rajshahi College.*—On the 31st March 1926, the Rajshahi College had an enrolment of 926 students, as compared with 966 students returned on the corresponding date of the previous year. Of these students 714 were Hindus, 211 were Muhammadans and 1 was a Buddhist. The total cost of maintaining the college amounted last year to Rs. 1,77,473, of which Rs. 95,163 came from provincial revenues. The average annual cost of educating a student amounted last session to Rs. 207-9-2, of which Rs. 111-4-11 was borne by provincial revenues. A scheme for the introduction of post-graduate courses at Rajshahi was

formulated, but the question of funds remained unsolved, and decisions on principles were found difficult, law courses being locally demanded as a necessary concomitant. The agricultural scheme referred to in previous reports could not be carried further through lack of a definite understanding between the executors of the donor, the late Kumar Basanta Kumar Roy of Dighapatia, and Government, as to what contribution would be forthcoming from both sides for a start on a modest basis, the scheme previously submitted being unfavourably commented on by the Director of Agriculture. At the time of writing the scheme is much nearer maturation. The difficulty of accommodation has been largely removed by the construction of a new building made over to the college in October last. The health of the boarders occupying the new hostels was exceptionally good during the year under report.

15. **Aided Colleges.**—There were 17 aided private colleges for men with 9,660 students on the rolls on 31st March 1926, as against 16 colleges and 9,122 students reported last year. Of these students 8,034 were Hindus, 1,388 were Muhammadans, the rest belonged to other communities. The total cost of maintaining aided colleges amounted last year to Rs. 10,44,505, of which Rs. 2,26,524 was provided from provincial revenues. The average annual cost of educating a student in an aided college amounted last session to Rs. 108-2, of which Rs. 23-7-2 was met from provincial revenues. Serampore College maintained its reputation as a seat for the teaching of higher theology besides the usual arts and science courses of the University. St. Paul's Cathedral College, which affords excellent opportunities to students for both intellectual and physical culture, was given a grant of Rs. 7,910 towards the cost of repairs to the college building. The Scottish Churches College sustained a heavy and regrettable loss by the death of Dr. Scrimgeour, Professor of English and a noted Shakespearian scholar. St. Xavier's College had the signal honour of welcoming Their Majesties the King and Queen of the Belgians in September 1925. Brojomohan College, Barisal, secured affiliation in B. Sc. and in Mathematics and Sanskrit up to the B. A. honours standard. To add to the efficiency of the Science Department the Wesleyan College, Bankura, secured the services of Mr. J. T. Jackson, Professor of Chemistry, Leathersellers' College, London.

16. **Unaided colleges.**—During the year under review there were in Bengal 13 unaided arts colleges for men having on their rolls 10,104 students on 31st March 1926: the corresponding figures for the previous year were 13 and 9,546 respectively. The total cost of maintaining unaided colleges amounted last year to Rs. 8,52,307; the average annual cost of educating a student was Rs. 84-5-7. The Vidyasagar College lost in November 1925 its capable and beloved Principal, Mr. S. Roy, to whom it owed much of its development. He is missed both in his college and on the cricket field. The I. Sc. classes at the Bangabasi College continued to be popular. The Ripon College sustained an almost irreparable loss by the death of its founder, Sir Surendra Nath Banerjee, whose position as President of the Governing Body has been taken up by his brother, Captain J. N. Banerjee.

17. **Advisory Committee for Higher Education.**—No meeting of the Advisory Committee for Higher Education was held during the year under report.

CHAPTER IV.

Secondary education.

1. **General statistics.**—During the year the number of secondary schools of all types increased from 2,687 to 2,781, the rise being due to the opening of new high and middle schools under private management. There was a corresponding increase in the pupil strength from 368,520 to 392,540. The total cost of maintaining these schools amounted to Rs. 1,21,05,801, as compared with Rs. 1,12,82,516 in the previous year, the average maintenance cost per school being Rs. 4,353-0-7, and per pupil Rs. 30-13-5.

Secondary education for Indian boys.

(The secondary education of Indian girls and Europeans is dealt with in other chapters.)

2. **Schools and pupils.**—The total number of secondary schools for Indian boys, within which are comprised high, middle English and middle vernacular schools rose from 2,566 to 2,647, an increase of 81,

Both high and middle English schools showed an increase in number—from 941 to 978 and 1,536 to 1,586 respectively—while middle vernacular schools declined from 89 to 83.

This last mentioned type of school is going steadily out of favour and will automatically cease to exist in a few years.

There was a corresponding increase in the number of pupils in high and middle English schools of 12,701 and 9,351 respectively. Middle vernacular schools showed a decline of 106 pupils.

3. **Expenditure.**—The total direct expenditure on secondary schools for Indian boys amounted to Rs. 1,00,60,907, as compared with Rs. 93,12,095 in the previous year. Of the total expenditure incurred in 1925-26, Rs. 18,76,044 was borne by public funds and Rs. 81,84,863 was contributed from private sources, the corresponding figures for the previous year being Rs. 16,60,397 and Rs. 76,51,698 respectively. High English schools cost Rs. 77,54,680, middle English schools cost Rs. 22,35,678, and middle vernacular schools Rs. 70,549, against Rs. 71,03,121, Rs. 21,36,891 and Rs. 72,083 respectively in the preceding year. Expenditure, therefore, increased considerably in high and middle English schools but decreased slightly in middle vernacular schools.

4. **Manual instruction.**—Twenty-two secondary schools—the same number as in the preceding year—had arrangements for manual training for their boys, and a scheme is now under consideration whereby this number will be increased and a central training establishment created in connection with the Ahsanullah School of Engineering at Dacca. Many other high and middle English schools have added to their courses classes in ironsmith's work, carpentry, weaving, dyeing, gardening, etc. The introduction of these practical subjects in school work is meant for the most part to add variety to the curriculum, to train capacity other than intellectual, and to stimulate an interest in hobbies. They do not, except in rare cases, claim or aim at vocational value.

5. **"B" classes.**—There were 111 students on 31st March 1926 in the "B" or science course classes attached to five Government schools in the Presidency. Out of 58 candidates who were sent up for the School Final Examination, 34 were successful. The scheme for the opening of the School Final Classes at the Darjeeling High School, which was sanctioned by Government during the year, will come into operation at the beginning of the next school year. It is hoped that classes of this nature will be started in Chittagong also in the near future.

6. **High schools under the Board of Intermediate and Secondary Education, Dacca.**—The number of high schools under the Board has increased as also the number of pupils reading in them. The fact has to be regretted, however, that the most promising boys in them tend to drift away in their last two school years to other institutions not under the control of the Board.

The conservatism of school boys and parents is proverbial; they do not relish new subjects for examinations, and they feel somehow safer under the University of Calcutta which they have known so long. As a result, useful changes in the curriculum and in general school economy do not get a fair trial. It has become obvious to all that the Board is doing its work in impossible conditions, and once again one can but repeat that it must be ended or its area extended.

7. **Experiments in education.**—One of the most depressing features of secondary education in Bengal—and this applies more particularly to schools in rural areas—is the deadly monotony of the methods of teaching and learning.

It has its roots buried deep in custom, a sterile soil, and transplantation is both difficult and dangerous.

His Excellency the Governor in the course of the year expressed a desire that every encouragement should be given to schools to initiate methods of teaching less stereotyped than those in fashion. The department has done what is possible to carry out this suggestion, and the response its attempts have evoked is gratifying, though blunders have been made. Many schools are only too anxious to make their teaching less mechanical, but do not exactly know how to set about it. They fear too that the introduction of experiments may involve them in expenses which they are unable to bear. A concomitant difficulty is the lack of an adequate supply of trained teachers. Bengal has only two training colleges for graduates, and their output is small when the needs of secondary education in the province

are considered. But good work is being done under difficulties, and many head-masters have in response to the circular issued by the department got somewhat out of the groove along which they were progressing. Mr. West writes:—

"I should like to emphasise the immense good which has been done by the circular issued at the instance of Lord Lytton, encouraging educational experiment. In the schools where some attempt at experiment has been made the staff has been enlivened; they have got out of their rut. However unsuccessful the experiment may be, the school has gained in life, in energy and enthusiasm."

In several schools schemes resembling or deriving from the Dalton plan are in operation, and though the time has not yet arrived when it is possible to judge finally whether experiments on that line are suited to Indian conditions, the experience is valuable. In one Government high school for instance, a careful study of the comparative failure of the Dalton plan has provided important materials for a modification of teaching method on new lines.

The progress of the Dalton experiment in the three following Government schools deserves special notice:—

(1) *Armanitola High School, Dacca.*—Here the Dalton plan was introduced into the four top classes at the beginning of the session 1925. The subjects brought under the plan were English, Bengali, mathematics, history, geography and the optional subjects (Sanskrit, Arabic, hygiene and additional mathematics), and eight members of the staff were engaged in the work. At the end of the year only 3 pupils out of 120 had failed to complete the course, and these in one subject only.

(2) *Hindu School, Calcutta.*—Here the Dalton plan which has been introduced into two classes of the school has been welcomed with enthusiasm by both parents and boys, and the experiment appears to be conducted with skill and judgment.

(3) *Jalpaiguri Zilla School.*—In this school the Dalton plan was first introduced in class VIII in 1925 under the supervision of untrained teachers and proved a failure. Later the Head-Master of the school was deputed to the Teachers' Training College, Dacca, to study the system there. The experiment has in the full sense been abandoned, but has left its impress on the school in a modification of teaching methods deriving from the Dalton plan, which has been adopted in the light of the experience gained.

The American Baptist Mission at Bhimpore, whose work lies mainly among the Santhals, have organised a "project method of study" which aims at supplementing book learning by village industrial arts.

During 1925, 105 boys were engaged in manual work, and of these 58 were given certificates of proficiency in various handicrafts—*viz.*, gardening, jute-twine and rope-making, net-making carpentry, weaving of rope-beds and "Machiyas", and weaving country cloth, blacksmithy, bamboo work and tailoring. The experiment is a bold attempt to solve one of the many problems that confront the man who aims at rural reconstruction, and it deserves all success.

8. **Distribution of the additional grants-in-aid.**—During the year a sum of Rs. 3 lakhs was sanctioned for distribution in increased grants-in-aid and new grants-in-aid to secondary schools. Among the conditions attached to the new grants were—

(*i*) enhancement of the rates of fees where they were below a certain minimum,

(*ii*) enhancement of the salaries of teachers, and

(*iii*) institution, where possible, of Provident Funds for the benefit of teachers.

The policy followed in distributing this additional allotment from provincial revenues has had the effect of increasing the fee-receipts in aided schools by about Rs. 3½ lakhs with consequent benefit to the teachers.

At the end of the year there were 1,620 boys' secondary schools receiving aid from public funds against 1,464 in the preceding year. This has meant a slight extension of control over high and middle school education, but there are few whose finances are in anything but the most unstable position.

9. **General.**—At the risk of being accused of being an opponent of educational expansion, one must emphasise the fact that there are too many high schools in Bengal. What is wanted is concentration in the bigger centres of high school education, and a consequent reduction in status of the others to a middle school standard. Perhaps in the future agricultural and other courses fused with such middle schools will provide a type of education which will meet more nearly the needs of that majority who can never hope to enter the University, or carry education beyond the school stage.

It might then be possible in time to provide for the rest a real high school education by first class teachers, in good buildings and in good surroundings.

But there is this measure of hope—the timid suggestions of years ago are now subjects for courageous and open discussion; the educated public of Bengal is at last conscious of the defects of its secondary education, and desperately anxious to remedy them, with the result that the need for change—though not as yet the degree and nature of the change—is widely recognised.

CHAPTER V.

Primary education.

1. **General statistics.**—On the 31st March 1926 the Presidency of Bengal had 50,923 primary schools for boys and girls, with 1,650,555 pupils on their rolls, as compared with 50,450 schools attended by 1,615,424 pupils on the corresponding date of the year preceding. The cost of maintaining these schools amounted to Rs. 62,33,107, as against Rs. 59,58,807 in the previous year. Each primary school cost on an average Rs. 122-6-5 annually and the cost of educating each pupil was Rs. 3-12-5.

Primary education of Indian boys.

(The primary education of Indian girls and Europeans is dealt with in other chapters.)

2. **Schools.**—Primary schools for Indian boys increased in number from 37,071 to 37,124 or by 53. The table below indicates the number of primary schools for Indian boys and their enrolment, division by division, during the last two years:—

Division.	1924-25.		1925-26.	
	Schools.	Pupils.	Schools.	Pupils.
Burdwan Division ..	8,458	268,286	8,560	274,166
Presidency Division (excluding Calcutta) ..	6,311	231,159	6,183	229,265
Calcutta	410	24,912	429	28,035
Dacca Division ..	9,090	326,514	9,350	344,628
Chittagong Division ..	5,910	235,528	5,883	232,064
Rajshahi Division ..	6,892	223,157	6,719	224,129
Total ..	37,071	1,309,556	37,124	1,332,287

3. **Pupils.**—On the 31st March 1926 primary schools for Indian boys were attended by 1,332,287 pupils (including 54,480 girls) as compared with 1,309,556 pupils (including 52,997 girls) on the corresponding date of the preceding year. Besides this number the primary departments of secondary schools contained 177,607 against 164,906 pupils on the corresponding date of 1925. Pupils reading in primary schools for Indian boys and in the primary departments of secondary schools together, therefore, numbered 1,509,894 as against 1,474,462 in the year preceding; thus there was an increase of 35,432 pupils.

4. **Relative progress of Hindus and Muhammadans.**—Primary schools for Indian boys were attended by 627,719 Hindus and 696,265 Muhammadans on 31st March 1926, as compared with 597,265 Hindus and 687,399 Muhammadans on the corresponding date of 1925. Thus

the number of Hindu and Muhammadan pupils rose during the year by 30,454 and 8,866 respectively. Of the total Hindu male population 5·9 per cent. and of the Muhammadan population 5·4 per cent. were in boys' primary schools on 31st March 1926. In the previous year the percentages were 5·6 and 5·3 respectively.

5. **Expenditure.**—The total cost of maintaining primary schools for Indian boys amounted during the year under review to Rs. 51,77,162, as compared with Rs. 49,26,451 in the preceding year. Of the total expenditure Rs. 24,78,060, or 47·86 per cent., was met from public funds, and Rs. 26,99,102, or 52·14 per cent., was provided from private sources. In the year 1924-25 public and private funds represented 47·89 and 52·11 per cent. respectively of the total expenditure on primary schools for Indian boys. The expenditure from public funds was made up of Rs. 15,96,905 from provincial revenues and Rs. 6,94,478 and Rs. 1,86,677 provided from District and Municipal Funds respectively. The corresponding figures for the previous year were Rs. 15,39,775, Rs. 6,97,323 and Rs. 1,22,560 respectively.

6. **Panchayati Union schools.**—Funds were allotted during the year under review for the construction of 178 Panchayati Union schools for boys. The question of improving the pay and prospects of the teachers employed in Panchayati Union schools is engaging the attention of the department. Their pay certainly needs revision, but considerable sums are necessary if anything is to be done, and it is impossible to say when the funds will be found for the purpose. It is, however, to be hoped that with the increased emphasis that is now being placed on primary education, this urgent reform will not be long postponed.

7. **Primary school expansion under the contributory scheme.**—A recurring sum of Rs. 1,00,000 was available for the introduction in Municipal and Union Board areas of schemes of free primary education on the basis of a contribution by Government of half the cost. During 1925-26, the following schemes for free primary education received sanction in the—

(1) Chittagong Municipality.
(2) Burdwan Municipality.
(3) Asansol Municipality.
(4) Gajaghanta Union, Rangpur.
(5) Kurumgram Union, Birbhum.
(6) Aichghanti Union, Khulna.
(7) Narayanpur Union, 24-Parganas.
(8) Kavirajpur Union, Faridpur.
(9) Berhampur Municipality.
(10) Comilla Municipality.
(11) Sherpur Municipality.
(12) Palong Union, Faridpur.
(13) Ichapur Rifle Factory, 24-Parganas.
(14) Nurpur Union, Pabna.
(15) Sultanpur Union, Burdwan.
(16) Jalpaiguri Municipality.
(17) Narendra Union, Midnapur.
(18) Selected Union Board areas in 24-Parganas.
(19) Selected areas in the districts of Burdwan and Howrah.

The whole of the grant of Rs. 1 lakh was utilised, and on paper the preceding list has a certain impressiveness. But it cannot be said that the scheme has been warmly welcomed by local bodies in Bengal. At first the Government offer to bear half the expense, both capital and recurring, was greeted with some enthusiasm by District and Municipal Boards. These bodies now complain of paucity of funds and plead their inability to bear the expenditure required of them. The difficulty in the way of the expansion of the scheme is one of local finance, and it is becoming obvious that without taxation, voluntarily imposed by the local bodies, or enforced upon them from without, as part of a comprehensive scheme of advance, the present state of stagnation must continue indefinitely. The opportunity before the local bodies is so great that their failure to utilise it for the good of their constituents forms a painful anti-climax to the high hopes with which the scheme was initiated.

8. **Primary education in Calcutta.**—On the 31st March 1926, the city of Calcutta had 429 primary schools for Indian boys attended by 28,035 pupils, as compared with 410 schools, having 24,912 pupils on their rolls, on the corresponding date of 1925. Of the pupils 17,112 were Hindus and 10,562 Muhammadans. The boys reading in primary schools and in the primary departments of secondary schools on the 31st March 1926 numbered 37,980, as compared with 34,785 on the corresponding date of the preceding year. The cost of maintaining the primary schools of Calcutta amounted to Rs. 2,51,271 during the year under review, as against Rs. 1,96,590 in the previous year. Of the total expenditure Rs. 1,40,905 was contributed from public revenues, and Rs. 1,10,366 was met from private sources. The number of free primary schools maintained by the Corporation of Calcutta was 90 (68 for boys and 22 for girls) on 31st March 1926. The general condition of primary schools in Calcutta with regard to housing and sanitation continued to be unsatisfactory.

9. **School post offices.**—The number of teachers who worked as Post-Masters during the year under review was 517 against 536 in the preceding year. The remuneration for postal work varied from Rs. 3 to Rs. 16 a month.

10. **Improvement in the pay and prospects of primary school teachers.**—Primary school teachers do not receive a living wage, and in too many cases their adoption of the teaching profession is in the nature of a *pis aller*. The problem of giving adequate pay to the teachers is one of the most difficult before the department. The total cost of primary education is over Rs. 51 lakhs per annum. An increase of Re. 1 per mensem in the pay of primary school teachers means additional expenditure of about Rs. 5 lakhs per annum. Unless the local bodies agree to the levy of an education cess, or new sources of revenue not at present in sight can be made to materialise, the problem cannot be adequately faced. Government were able to sanction an additional grant of Rs. 2 lakhs to supplement the emoluments of aided primary school teachers with effect from the current financial year (1926-27). But the relief thus afforded is inadequate and merely touches the fringe of the problem.

11. **Primary Education Bill for Rural Areas.**—A Primary Education Bill for the expansion of primary education in rural areas was prepared during the year, and since the close of the period under review a resolution has been issued by Government endorsing the principles of the Bill. The Bill takes as the obvious basic necessity the raising of additional revenue by local taxation. A fuller discussion of the Bill will more appropriately find a place in the next report, by which time it will be clear whether Government, whether in the present form, or in the form of a Ministry, has been able to carry it into law. At this stage it will be sufficient to say that if the Bill can be made an Act, it will enable the problem of primary education in rural areas to be faced in a comprehensive manner. It does not include municipal areas within its scope, but the reaction of the Bill, if passed, into law, upon those areas would be such that they too, in one way or another, would be forced to follow the rural areas along the path towards compulsory and free primary education for all.

CHAPTER VI.

The training of teachers for Indian schools.

A.—The training of men teachers.

1. **Training colleges (General).**—Bengal possesses two training colleges—one at Calcutta and one at Dacca. Both are Government institutions, and their enrolment totalled 132 on the 31st March 1926—an increase of 25 on the figures of the preceding year. The comparative unpopularity of the licentiate course is a marked feature in both colleges.

Under recent orders the system of admission has been changed, and now most of the places in the training colleges are available for teachers from private schools or graduates who intend to be teachers and non-teacher students who wish to learn modern teaching methods.

2. But the supply of trained graduate teachers is still definitely insufficient. At best the outturn of the two colleges is a hundred graduate teachers each year, and at this rate only a small percentage of the total teaching strength of the secondary schools in the Presidency can ever be trained. In addition, it is apparent too often that the

enthusiasm of teachers who have spent their year at a training college is damped by the unsympathetic attitude of their schools when they go back to them. This will, of course, remedy itself in time, but it is probable that there will always exist the necessity for some sort of "refresher" course for trained teachers who now find it hard or even impossible to preserve their courage and initiative unimpaired. This is a subject which was engaging the attention of the department during the year; it is hoped to evolve some practical scheme in the near future which will enable trained teachers to revisit their old training colleges to recapture the old enthusiasm, and be brought into touch with modern conceptions of educational theory and practice.

3. **David Hare Training College, Calcutta.**—At the David Hare Training College on 31st March, 1926, 44 B. T. and 14 L. T. students were under training. The cost of maintaining the institution amounted to Rs. 58,600, as compared with Rs. 54,913 in the previous year. The college passed 39 students in the B. T. and 10 in the L. T. Examination.

During the year the college was moved to its newly built home in Ballyganj. Buildings for the high school which is to be established in connection with the college as a demonstration school have also been constructed; the school will start in January 1927.

Extra lectures were delivered at the college on such subjects as "American systems of education," "Scouting," "The aims and achievements of the League of Nations," and "School hygiene and sanitation". The announcement was made during the year that a Government post would be guaranteed to the student heading the list of non-teacher students passing the B. T. Examination in the First Division.

4. **Teachers' Training College, Dacca.**—The college had 66 students in the B. T. and 8 in the L. T. class on the 31st March 1926. Of these students 53 belonged to Bengal, 19 came from Assam and 2 from Hyderabad. The expenditure on the maintenance of the college amounted during the year to Rs. 76,729 as against Rs. 84,716 incurred for the purpose in the preceding year. Sixty-two students passed the B. T. and 8 the L. T. Examination in 1925-26. Here also as in the previous year a Government post was guaranteed to the best non-stipendiary student passing the B. T. Examination in the first division. (Actually no student came up to the required standard.) A notable event of the year was the part which the college played in the Aligarh Educational Exhibition by sending exhibits of great merit and interest. It is gratifying to note that the exhibit from this training college was awarded the first prize.

5. **Vernacular training schools.**—During the year 1925-26 the number of normal or first grade training schools in Bengal remained unchanged at 6; of them 5 were directly managed by Government and 1 was aided. There were 415 pupils on the rolls of the schools on the 31st March 1926, as compared with 371 on the corresponding date of the previous year. The cost of maintaining the vernacular training schools amounted during the year to Rs. 1,14,501, as against Rs. 1,06,151 in the preceding year. Of the total maintenance charges, Rs. 1,09,630 came from provincial revenues. The vernacular training schools passed 146 students out of 194 candidates who appeared at the Final Examination.

During the year the rate of stipends payable to students under training in vernacular training schools was raised from Rs. 6 to Rs. 10 a month, thus making the value of the stipends equal to those received by primary school teachers under training in guru-training schools.

In addition, 79 stipends which had been in abeyance owing to stringent financial conditions were restored during the year. The question of the re-organisation of normal schools, restricting the admissions to matriculates and the normal school course to two years, is still under consideration. A scheme has been devised by the Christian Missionary Society at Krishnagar in which the society has combined the course taught in training schools with the high school course, so that pupils who go through the training school course may also appear at the Matriculation Examination. It is too early yet to form any opinion of the value of this experiment, but first impressions are encouraging.

The Hooghly Training School maintained its reputation for its St. John Ambulance Brigade work. Its services at public fairs were much appreciated.

6. **Guru and muallim-training schools.**—On the 31st March 1926 there were 91 guru and muallim-training schools in the province, with an enrolment of 1,614 pupils, against 99 schools with 1,765 students

on the 31st March 1925. Of the schools 5 were aided, the rest being managed by Government. The total cost of maintaining the guru and muallim-training schools amounted during the year to Rs. 2,73,614, of which Rs. 2,69,708 were provided from provincial revenues. The corresponding figures in 1924-25 were Rs. 2,87,455 and Rs. 2,81,732 respectively. The abolition of 8 old type guru-training schools accounts for the decreased number of schools, pupils and expenditure during 1925-26. Out of 1,517 candidates who appeared in the Final Examination from guru and muallim-training schools 1,154 passed. The improved type of guru-training schools built at Suri and Midnapur started work during the year under review. Buildings for the central guru-training schools to be established at Berhampur, Howrah and Krishnagar were under construction during the year 1925-26 and are likely to be completed in the course of next year.

The following considerations emerge from an examination of the problem of training primary school teachers:—

(1) The initial qualifications of the gurus who are admitted to training schools are so low that they profit little by the training which they receive. The only remedy is the imposition of an admission test, *e.g.*, middle vernacular or middle English certificate, for all pupils without any exception; the question is under consideration.

(2) An age limit is equally necessary. At present it is a common habit to admit gurus of comparatively advanced years who probably desire to enter on a training course as a last resource. The number of primary school teachers who take to more remunerative work after being trained at the expense of the State is not inconsiderable; the obvious and only remedy is the raising of the pay of primary school teachers to an amount which will prove attractive. This however, requires the provision of considerable funds, owing to the magnitude of the problem.

B.—The training of women teachers.

7. **Training colleges for women.**—A scheme for starting a training class for women teachers employed in secondary schools is under preparation in connection with the development of the Bethune College, Calcutta. The training class attached to the Diocesan College had 15 pupils on the rolls on 31st March 1926. The cost of maintaining the Training Department was Rs. 9,220, of which Rs. 8,274 came from provincial revenues. This college presented 15 candidates at the B. T. Examination, of whom 14 were successful. From the Loreto House training class 6 candidates appeared at the L. T. Examination and all of them passed.

8. **Training schools for women.**—The number of training schools and classes which had facilities for training women teachers employed in primary and the lower classes of secondary schools remained stationary at 10, *viz.*, 3 directly managed by Government and 7 under the management of Christian and Brahmo Missions. These schools had altogether 195 pupils on their rolls on the 31st March 1926, as compared with 178 on the corresponding date of 1925. The total cost of maintenance amounted to Rs. 75,064, of which Rs. 63,228 came from provincial revenues; the corresponding figures for the previous year were Rs. 70,053 and Rs. 61,046 respectively. Effect was given to the scheme for the re-organisation of the Training School for Moslem Women Teachers already approved by Government after the close of the period under review. The training class for Hindu widows until recently located at Ballyganj has been removed to a more commodious building at South Entally. The results of the training school examinations for the year under report are as follows:—

	Candidates presented.	Candidates passed.
1. Senior Vernacular Teachership Examination	22	17
2. Junior Vernacular Teachership Examination	72	43
3. Teachership Examination	27	23

CHAPTER VII.

Professional and technical education.

1. **Law colleges and classes.**—As in the previous year facilities for the study of law existed in the University Law College, Calcutta, and in the Law Departments of the Ripon College and the University of Dacca. The number of students in the three institutions rose from 3,634 to 3,804. Of these 3,186 were Hindus, 589 were Muhammadans and 29 belonged to other communities. The total expenditure of the University Law College, Calcutta, and the Law Department of the Ripon College amounted during the year to Rs. 2,78,405 as compared with Rs. 2,47,885 in the previous year. The expenditure incurred on the Law Department of the University of Dacca, which has not been shown separately in the University returns, has been included in the tables under the head "University". Of the 1,633 candidates who appeared at the B.L. Examination 654 were successful.

2. **Medical colleges and schools.**—There are in Bengal three institutions where advanced medical education is given—the Calcutta Medical College, the Carmichael Medical College, Belgachia, and the School of Tropical Medicine and Hygiene. These institutions together had 1,599 students (including 13 women) on the 31st March 1926, as compared with 1,682 pupils on the corresponding date in the previous year. Of these students 1,415 were Hindus, 137 Muhammadans and 47 belonged to other communities. The total cost of maintaining the three institutions amounted to Rs. 9,98,991, as compared with Rs. 10,44,220 in the year 1924-25. Out of 564 candidates who appeared in the Final Examination 192 were declared to have passed.

On the 31st March 1926 there were 8 medical schools in the Presidency with 1,804 pupils (including 34 women) on their rolls, as against 8 schools having 1,851 pupils in 1924-25. The cost of these medical schools was Rs. 2,79,492, as against Rs. 2,70,736 in the previous year. Of the 506 students who sat for the Final Examination 321 were successful.

3. **Bengal Engineering College.**—On the 31st March 1926 the Bengal Engineering College had 294 pupils on the rolls, *viz.*, 134 in the civil engineering classes, 66 in the mechanical and electrical engineering classes, 45 in the mining classes, and 49 in the industrial classes, as against 321 students on the corresponding date of 1925. Of these students 244 were Hindus, 30 Muhammadans, 17 Europeans and Anglo-Indians, and 3 Indian Christians. The cost of maintaining the college during the year amounted to Rs. 3,55,228, of which Rs. 3,21,186 came from provincial revenues; the corresponding figures for the previous year were Rs. 3,27,546 and Rs. 2,93,440 respectively. The value of the outturn of work from the college workshops amounted approximately to Rs. 11,184. The results of the college in the various examinations held during 1925-26 are noted below:—

Examinations.	Candidates.	Passes.
B. E.	24	21
I. E.	42	24
Associateship in Mechanical Engineering	2	2
Diploma in Mechanical and Electrical Engineering	22	19
Diploma in Mining	17	16

During the year the posts of Professor of Physics, Foreman in the Electrical Department, and Demonstrator in the Mechanical Department were created and appointments made to them. The college has been fortunate enough to secure the services of Mr. Allum, late Chief Engineer to the Railway Board, as Professor of Civil Engineering. Mr. McGlashan delivered a course of special lectures on "Port and dock engineering". The telegraph training classes were discontinued from November 1925. The Governing Body of the Bengal Engineering College submitted during the year proposals for increasing the fee rates and also for the adjustment of the system of scholarships in the various departments of the college. Government sanction to their proposals was received after the close of the period under review.

4. **Ahsanullah School of Engineering.**—The Ahsanullah School of Engineering, Dacca, had 428 students (248 in the upper subordinate, 104 in the lower subordinate and 76 in the artisan classes) on the rolls

on the 31st March 1926, against 478 in the previous year. Of these students 377 were Hindus, 48 Muhammadans and 3 of other communities. The upkeep of the school cost Rs. 1,17,447, of which Rs. 90,715 was met from provincial revenues, the corresponding figures for the previous year being Rs. 1,14,671 and Rs. 90,071 respectively. The duplication of the overseer classes was sanctioned by Government as a permanent measure with effect from the beginning of the session 1925-26; and the additional teaching posts which were temporarily established to deal with the extra classes have also been made permanent from 1st July 1925. One of the most urgent needs of the school is a hostel and plans and estimates for a building to house 200 pupils at a cost of Rs. 2,67,000 are under preparation. Pending its construction the students have been accommodated in quarters secured temporarily for hostel purposes. The total value of the work done by the school workshop amounted to Rs. 4,177 during the year under report.

A pleaders' survey training class was opened under canvas at Gandaria on the 11th January 1926 and lasted for six weeks. Twenty-five candidates appeared at the examination of whom 10 were successful. The practical survey training of overseer and sub-overseer students was carried on as usual for about 6 weeks in the country. Thirteen of the artisan students completed their training last session. In regard to the proposal for introducing a new mechanical and electrical engineering course of the University type, which was recommended by the Dacca Vocational and Technical Education Committee, Government decided that in the present state of their finances it would be of greater advantage, both professional and economic, to keep this work concentrated at the Bengal Engineering College, Sibpur. The results of the Final Examination are noted below:—

		Presented.	Passed.
1.	Upper Subordinate Examination (Part B)	72	63
2.	Upper Subordinate Examination (Part A)	146	94
3.	Lower Subordinate Examination	60	35

5. **Mainamati Survey School.**—On the 31st March 1926 there were 78 students (including 3 Kanungoes) on the rolls of the Survey School at Mainamati, as compared with 86 on the corresponding date of 1925. Of these students 70 were Hindus, 1 was a Buddhist and 7 were Muhammadans. In order to encourage Muhammadan students, Government have sanctioned the grant of boarding stipends to all the Muhammadan students of the school at a scale varying from Rs. 3 to 6 according to their number. The total cost of maintaining the school amounted to Rs. 16,273, of which Rs. 12,096 was provided from provincial revenues, the corresponding figures for the previous year were Rs. 17,367 and Rs. 12,969 respectively. The masonry building for the main school was completed during the year under review, and it was first occupied in January 1926; the temporary structure which was being used for the main school has been converted into a hostel. Government have accorded administrative approval to the construction of permanent quarters for the Principal and other members of the staff. Thirty-five candidates were sent up for the Final Survey Examination, of whom 26 were successful. In the Amin Examination 38 students passed out of 44 sent up.

6. **Government School of Art, Calcutta.**—The Government School of Art, Calcutta, had an enrolment of 354 students on the 31st March 1926, as against 361 in the previous year. Of these students 333 were Hindus, 14 Muhammadans: the rest belonged to other communities. The upkeep of the school cost Rs. 67,123, of which Rs. 53,934 was provided from provincial revenues. The cost of maintaining the Art Gallery amounted to Rs. 7,932. During the year under report Government sanctioned the establishment of a commercial art section class in the Government School of Art, Calcutta, on an experimental basis for a period of two years.

7. **Government Commercial Institute, Calcutta.**—The Government Commercial Institute, Calcutta, had on its rolls 181 students on 31st March 1926, as compared with 230 students on the corresponding date of 1925. The day and evening classes of the institute were attended by 122 and 348 students respectively. The upkeep of the institute cost Rs. 62,780, of which Rs. 46,781 was provided from provincial revenues; the corresponding figures for the previous year were Rs. 53,267 and Rs. 38,700 respectively. Twenty-eight students, of whom 17 passed, appeared at the Final Commercial Course Examination. In the Special Commercial Course Examination 172 students passed out of 325 who presented themselves. Some important changes have been effected in

the syllabuses of the various courses of study followed at the institute. The Committee appointed by Government to consider the recommendations of the Bengal Retrenchment Committee with regard to the future of the institute submitted its report after the close of the period under review.

8. **Government Weaving Institute, Serampore.**—The Government Weaving Institute, Serampore, had 75 students on the rolls on 31st March 1926, as compared with 79 students on the corresponding date of 1925. The cost of maintaining the institute amounted to Rs. 50,470, of which Rs. 49,642 was met from provincial revenues; the corresponding figures for the previous year were Rs. 51,074 and Rs. 50,493 respectively. Thirty students appeared at the Final Examination, of whom 23 were awarded diplomas. In the London City and Guild's Examinations 43 students appeared and 26 were successful. As the results of the University Examinations are declared in June, the commencement of the session of the institute has been changed this year from November to July. It is hoped that this change will have the effect of attracting a better class of students to the higher classes. During the year under report the institute conducted demonstrations at important centres in improved appliances and participated in the exhibitions held at Suri Guptipara, Krishnagar, Manikganj, Faridpur, Khulna, Chinsurah, Dacca and Bogra. There were 14 outlying and peripatetic centres for imparting practical instruction in weaving. Government have been asked to agree to the opening of additional weaving schools at suitable centres.

9. **Vocational courses at other centres.**—The table below illustrates the progress made in vocational courses pursued at other centres:—

	Centre.	Subjects taken up.	Candidates.	Passed.
1.	Jagannath Intermediate College, Dacca. ..	I. Sc. Examination with Dyeing	47	16
2.	Ditto ..	I. A. Examination with Commerce	62	22
3.	Vidyasagar College, Calcutta	Ditto ..	39	21
4.	Calcutta University ..	B.—Commerce Examination ..	134	43
5.	Dacca University ..	Ditto ..	46	17

10. **Agricultural education.**—The old demand for " more technical and vocational education " is apparently in Bengal slowly crystallising on one side at least into a desire for a definite scheme of agricultural education for its sons. The desire is unformulated and vague, but is evidence of full realisation of the fact that in her land Bengal has still a vast undeveloped estate. Bengal is not alone in this; other provinces in India (and the Punjab with notable success) have tackled similar problems, and the Government of Bengal during the year sent to the Punjab a Committee representing both educational and agricultural interests to study at first hand the scheme which has been evolved in that province, whereby agriculture has been introduced into the curriculum of middle schools. The valuable report issued by that Committee and the proposals which resulted from it are at present under the consideration of Government. The publication of the report and the arrival of a Royal Commission on Agriculture have proved a great stimulus to projects for introducing agricultural teaching in schools; but there are big problems which still await solution, of which the following are typical:—

(*i*) Is the teaching to be vocational or educational?

(*ii*) can a young Bengali boy be induced to renounce his dreams (in the main illusory) of future riches to be attained by a college degree for hard work with his hands?

But there are schools even now where agriculture is part of the ordinary curriculum. Mention may be made of the Amarpur High English School in Burdwan, Durgapur High English School in Chittagong and the Baira Central School in Dacca. As regards higher courses, there is commendable keenness at Rajshahi, where it is hoped that a beginning of such courses may now not long be delayed, since there is considerable private support for the scheme.

11. **Vocational Education Committee, Dacca.**—At the close of the year Government issued a resolution on the report of the Dacca Technical

and Vocational Educational Committee which had recommended *inter alia*—

(*i*) the making of drill and drawing compulsory in high schools,

(*ii*) the introduction of manual training and science courses in school curricula, and

(*iii*) the establishment of University courses in such subjects as electrical and mechanical engineering, chemical technology, tanning and leather industry, botany, bacteriology and commerce.

Most of these recommendations involved large expenditure, the burden of which Government is unable to shoulder at the present time. The general trend of the resolution was that Government would be willing to the extent of its financial resources to subsidise schemes on the lines recommended by the Committee, except in the case of a few proposals which were regarded as *per se* inadvisable at present (such as a University course at Dacca in electrical and mechanical engineering and in the tanning and leather industry), provided that the institutions concerned were prepared to accept a share of the cost.

CHAPTER VIII.

Education of Indian girls and women.

1. **Introductory.**—Girls' education in Bengal attracts more attention every year, but its problems are as difficult, if not at present as vast, as those in which the education of boys is involved. The typical girls' school is not, as with boys, the high school. Girls' education has only in a relatively small number of cases progressed beyond the primary stage. It is in a few of the larger centres of population only, where opportunity and more enlightened public opinion combine, that secondary or collegiate education for girls exists at all.

2. **Institutions and pupils.**—During the year under review recognised institutions of all grades and types for Indian girls increased in number from 13,494 to 13,922, and the number of pupils attending them from 317,873 to 332,099. Of this total 137,050 were Hindus and 187,977 Muhammadans; the rest came from other communities. Unrecognised schools for girls, which numbered 254 during the year under review, had an enrolment of 6,588 pupils—2,876 being Hindus, 3,412 Muhammadans and 300 belonging to other communities.

3. **Controlling agency.**—The women inspecting staff of the department consisted, as in previous years, of 2 Inspectresses and 12 Assistant Inspectresses of Schools divided equally between East and West Bengal.

4. **Collegiate education.**—During the year there were 4 arts colleges for women, including the Intermediate Department of the Eden High School, Dacca. The Bethune College, Calcutta, and the Intermediate Department of the Eden High School, Dacca, are maintained by Government, while the Diocesan College and Loreto House, Calcutta, are under private management, the former being aided by the department.

On the 31st March 1926 the Bethune College had 151 students on its rolls, against 140 returned on the corresponding date of the previous year. The upkeep of the college cost Rs. 93,764, of which Rs. 83,443 came from provincial revenues. The average annual cost of educating a student was Rs. 625-1-6. The college presented 25 students in the B.A. Examination; of these 21 were successful. In the Intermediate Examination 13 out of 17 passed in arts and 5 out of 6 in science. The difficulties which the college has had to face through insufficient hostel accommodation have been relieved in some measure by the establishment of a new private hostel for women students in Circular Road, which is assisted by the department.

The old arrangements for the conveyance of students to and from college have been abolished. The new motor-buses which have been bought for this purpose are a greatly appreciated improvement.

During the year the college benefited by the hygiene lectures delivered under the auspices of the Bengal Social Service League; it was also fortunate enough to secure the services of Miss Carswell, the Physical Instructress from the Young Women's Christian Association who gave valuable advice and instruction.

The college really needs a very great deal of additional space, and during the year steps were taken to evolve a scheme of structural extension which will provide for present needs and future development. It is very desirable that the scheme should not be held up by financial

considerations till the situation becomes acute. In the Intermediate classes attached to the Eden High School, Dacca, there were 27 students on 31st March 1926, as compared with 26 on the corresponding date of 1925. Nine candidates appeared at the I.A. Examination and all were successful. The cost of maintaining the Intermediate Department amounted to Rs. 18,572. Less advantage is taken of the opportunity provided by these classes than might be hoped.

The Diocesan College and Loreto House had 71 and 35 students, respectively, on the rolls on 31st March 1926, against 62 and 22 on the corresponding date of 1925. The two colleges cost Rs. 21,867 and Rs. 10,810 respectively. The Diocesan College passed 11 candidates out of 12 presented at the B.A. Examination and 11 out of 12 at the I.A. Examination. Loreto House sent up 9 students for the I.A. Examination and all were successful.

5. **Secondary education.**—(*i*) *High schools.*—The number of high English schools for Indian girls rose from 16 to 18, the increase being due to the starting of two aided high English schools; one at Krishnagar and the other at Jalpaiguri. There were 4,504 pupils reading in girls' high schools, as compared with 3,790 in the previous year. Of the 18 schools 4 were managed by Government and the rest were aided institutions. The Gokhale Memorial School, which aims at preparing girls for life rather than for examinations, found it necessary to make a compromise with reality, and sent up candidates for the Matriculation Examination for the first time in 1926. The school and the hostel are still crowded together in the same building, but a scheme is afoot for transferring the school in the near future to a more spacious site in Bhowanipore. A few high schools for girls in West Bengal have introduced experiments deriving from the Dalton Laboratory plan and the reports on their working are on the whole favourable.

(*ii*) *Middle schools.*—There were on 31st March 1926 48 middle English schools for Indian girls with 5,861 pupils, as compared with 36 schools with 4,723 pupils on the corresponding date of the previous year; middle vernacular schools numbered 26 with 2,676 pupils, as against 27 schools with 2,720 pupils in 1924-25. Additional funds provided by Government during the year enabled some slight improvements to be made in the pay and prospects of teachers of aided girls' schools.

6. **Primary education.**—On the 31st March 1926 there were 13,782 primary schools for Indian girls with an enrolment of 317,383 pupils, as compared with 13,363 schools with 305,000 pupils. Primary schools for Indian girls may be classified under the following main heads:—

(*a*) *Grant-in-aid schools.*—Schools which receive aid from public funds; these schools also include the model primary schools for girls which were formerly conducted as Government institutions.

(*b*) *Urban girls' schools.*—These schools which are confined to East Bengal are a better type of school than the ordinary aided schools for girls.

(*c*) *Panchayati Union schools.*—These schools are under the management of District Boards like Board schools for boys. No funds were allotted during the year for opening new Panchayati Union schools for girls.

(*d*) *Peasant girls' schools.*—There are 22 such schools all in the Presidency Division. The object with which they were started originally is still far from fulfilment.

The work of the Nari Siksha Samiti and of the Society for the Improvement of the Backward Classes deserves special mention in connection with the expansion of primary education among girls.

7. **Special schools.**—There were 42 technical, industrial and other special schools with 1,370 pupils in 1925-26, as against 46 schools with 1,379 pupils in 1924-25. Most of the industrial schools for girls are under Mission management. These schools teach lace-making, knitting, sewing and dress-making besides imparting general education.

8. **Zenana education.**—On the 31st March 1926 there were 54 zenana teachers teaching in all 1,311 pupils. As was stated in the last annual report the system of zenana education as it now obtains in Bengal is to be replaced in time by a scheme of education deriving

certain features from the Parents' National Union scheme of education which has achieved so conspicuous a success in England. Experimental work is being conducted at Dacca by Mr. West, the Principal of the Teachers' Training College, and there are indications that some measure of success has been achieved, particularly in the teaching of hygiene. But any definite pronouncement as to the utility of the scheme or its power to break down illiteracy among Bengali women and girls more rapidly than is being done by other methods of education must be postponed till the full period of three years for which the experiment has been sanctioned has expired.

9. **Needle-work.**—The standard of needle-work in girls' schools has very obviously improved under the guidance of trained mistresses. The sewing grant of Re. 1 per school given by the department was continued with satisfactory results. The Lady Carmichael needle-work diploma is a stimulus making for improvement.

10. **Co-education.**—The number of girls reading in boys' schools rose during the year under review from 54,907 to 57,043.

CHAPTER IX.

Education of Europeans and Anglo-Indians.

1. **Institutions.**—The number of institutions for the education of Europeans and Anglo-Indians was 63 at the end of the year 1925-26—the same as in the preceding year. Of the 63 institutions 59 were schools for general education and 4 for special instruction, the corresponding figures for the preceding year being 58 and 5 respectively. The increase of one institution for general education is due to the inclusion of Our Lady's Home which is now temporarily recognised as a primary school. The Calcutta Technical School has been excluded from "special institutions", as it is now regarded as an institution for all communities and not for Europeans and Anglo-Indians only. Of the schools for general education 14 were higher secondary, 7 secondary, 20 higher grade, 17 primary, and 1 ungraded. Government directly controlled 3 of these, *viz.*, the Victoria Boys' School, the Dow Hill Girls' School and the Dow Hill Training College, Kurseong; the other schools were under the management of railway authorities, religious orders, and so on.

2. **Pupils.**—The following table shows the distribution of pupils at the different stages of instruction in European schools:—

—	1924-25.				1925-26.			
	No. of institutions.	No. of boys.	No. of girls.	Total.	No. of institutions.	No. of boys.	No. of girls.	Total.

Total ..	63	5,755	4,861	10,616	63	5,787	4,843	10,630

The above figures include 1,615 non-European pupils attending European schools on 31st March 1926, against 1,673 on the corresponding date of 1925.

3. **Expenditure.**—The total expenditure on the education of European and Anglo-Indian children in Bengal amounted during the year under review to Rs. 36,07,989, as compared with Rs. 35,36,616 last year. The expenditure was divided as follows:—

	Rs.
(*i*) Provincial revenues ..	9,98,237
(*ii*) Municipal Funds ..	6,032
(*iii*) Fees ..	16,71,329
(*iv*) Other sources ..	9,32,391
Total ..	36,07,989

4. **Scholarships.**—A sum of Rs. 29,444 was expended for the award of scholarships during the year 1925-26, as against Rs. 30,485 spent for the purpose in the previous year. These sums exclude the amount of scholarships which are awarded in other provinces but paid in Bengal.

5. **Teachers.**—The number of teachers employed in European schools on the 31st March 1926 was 673, as compared with 696 returned on the corresponding date of the previous year. Of the 673 teachers 76 were graduates, 369 (including 40 graduates) were trained and 304 (including 36 graduates) were untrained.

6. **Training of teachers.**—The Government of Bengal deputed 2 European male teachers to the Chelmsford Training Class at Ghora Gali for training, as facilities for training European male teachers do not exist in the Presidency. Twenty women teachers, as compared with 22 in the previous year, were under training at the Dow Hill Training College on 31st March 1926. At the annual examination held in November 1925, 9 senior students sat for the Final Examination. All of them passed, and all the 10 junior students of the first year class were permitted to complete their course of training during 1926.

7. **Vocational training.**—Eighteen schools taught the school final courses, comprising commercial, industrial or domestic and telegraphy courses. The number of pupils on the rolls of these classes on 31st March 1926 was 279. Special classes for domestic training in plain cookery and needle-work were held as before in the Dow Hill School, Kurseong, St. Helen's Convent, Kurseong, and Loreto House, Calcutta. Special classes for probationary sick nurses were held at Entally Convent, St. Andrew's Colonial Homes and Loreto House, Calcutta. St. Andrew's Colonial Homes, Kalimpong, had also special classes for children's nurses and telegraphy training. An additional course in salesmanship has been elaborated in consultation with Miss F. E. Hawkins, Employment Secretary, Calcutta Young Women's Christian Association, and approved by the Calcutta Trades Association. The draft course is now under the consideration of the department.

8. **City and Guild's Examinations.**—These examinations were held in November 1925 at Kurseong for candidates from Dow Hill School and St. Helen's Convent, Kurseong. The entries and the results were as follows:—

	Entries.	Results.
Plain needle-work ..	8	8
Plain dress-making ..	3	3
Plain cookery ..	5	5

9. **Examinations.**—The following table shows the results of the various examinations for which pupils entered in 1924-25 and 1925-26:—

10. **Education of deficient and defective children.**—The Children's House, Kurseong, continued to train by special methods physically and mentally defective European children. It had 15 pupils on the rolls on the 31st March 1926. A sum of Rs. 973 was paid from provincial revenues towards the upkeep of the institution.

11. **Sussex Trust.**—The following expenditure was incurred during the year 1925-26 out of the income of the Sussex Trust Fund:—

		Rs.
1.	Construction of building for St. Vincent's School, Asansol ..	1,00,000
2.	Construction of dormitories for Dow Hill School, Kurseong ..	70,000
3.	Scholarships ..	19,638
	Total ..	1,89,638

Altogether 33 scholars benefited by the scholarships given.

12. **Doveton Trust Fund.**—The total receipts during 1925-26 (including the total balance on the 31st March 1926 and also the interest up to October 1925) and the expenditure of the Doveton Trust Fund amounted to Rs. 14,113-9-3 and Rs. 7,343-13-9 respectively. Twenty scholarships at rates varying from Rs. 10 to Rs. 30 a month were awarded and 13 scholarships varying from Rs. 8 to Rs. 30 were renewed during the year under report.

13. **Sir Paul Chater's endowment.**—The income derived from Sir Paul Chater's munificent bequest has enabled the Governors of the La Martinière Schools to effect long-deferred and very necessary improvements in the staff, bringing it more nearly to the pre-war level of efficiency. In the boys' school in particular science teaching, a subject sadly neglected for years, has at last been placed upon a sound footing, and men teachers recruited from England have been substituted for women who took the place of men as a temporary war measure and who were retained thereafter as a measure of economy. In the girls' school the staff now includes two trained graduates.

14. **State scholarship.**—No new State scholarship was awarded during the year 1925-26.

15. **Controlling agency.**—Mr. W. F. Papworth, Inspector of European Schools, Bengal, went on leave to England for 8 months from 1st July 1925. During the period of his absence on leave Mr. H. A. Stark officiated in his place as Inspector of European Schools, Bengal.

16. **European Schools' Code.**—The revised Code of Regulations for European Schools in Bengal is now under the consideration of Government.

17. **Conference.**—The authorities of European secondary schools met at a conference on the 15th and 16th February 1926 to discuss the question of secondary education in European schools in Bengal and, particularly, the relation between these and the Indian Universities. The general feeling of the Conference was that a dual form of secondary education would be found most suitable, whereby certain schools might take exclusively the Cambridge Examinations and others the Matriculation and the Intermediate Examinations of the University of Calcutta. The Conference recommended the introduction of a somewhat more extensive scholarship system than obtains at present as a suitable means of attracting the increased attention of the European and Anglo-Indian communities to the higher courses of the University. Certain European secondary schools, *viz.*, St. Joseph's High School, Calcutta, the Calcutta Boys' School and St. James' School, Calcutta, have already decided to work for the Matriculation Examination. It is premature to estimate the value of this experiment. Much will depend on the success or otherwise of the effort now being made to stiffen up local University standards. It is obvious that no effort which may lead a reasonable number of Anglo-Indian boys and girls to enter upon University education should be spared, and it is to be hoped that the result of the change made in the final examination of these schools will help to produce this result.

18. **Experiments in education.**—The Dalton Laboratory plan which was given a trial in St. Paul's School, Darjeeling, the Diocesan School, Darjeeling, and the Pratt Memorial School, Calcutta, has been discarded as unsuited to existing conditions in the European schools of Bengal. In none of the schools was the Dalton plan brought into force in its

entirety; it was tried only in certain classes and in certain subjects and the system of subject laboratories with their necessary literature sections was never completely developed. The result of the experiment makes it clear that the successful working of the plan needs special advantages in the way of personnel and equipment which our European schools do not ordinarily possess.

CHAPTER X.

Education of Muhammadans.

1. **Statistics of Muhammadan pupils.**—During the year under review the number of Muhammadan pupils studying in all types of educational institutions for Indians rose from 1,018,593 to 1,052,366. The proportion of Muhammadan pupils to the total number of pupils under instruction on 31st March 1926 was 47·6 per cent. as compared with 47·3 per cent. on the corresponding date of the previous year. In arts and professional colleges the proportion of Muhammadans to the total number of students on the rolls was 13·7 and 13 2 per cent. against 12·9 and 12:2 per cent., respectively, in the previous year. In the high and middle stages of instruction the proportion of Moslem pupils was also small, *viz.*, 15·0 and 17·6 per cent. respectively of the pupils of all creeds, as compared with 14:6 and 17·2 per cent. in the preceding year, the proportion in the primary stage of instruction remained unaltered at 50·5. It is difficult to calculate the expenditure on Muhammadan education, as the bulk of Moslem pupils read in institutions which are open to all communities.

2. **Hindu and Muhammadan pupils.**—Of the total number of Muhammadan pupils 860,977 were reading in institutions for males at the close of the year and 191,389 in institutions for females, as compared with 991,399 Hindu pupils attending boys' schools and 139,924 girls' schools.

3. **Islamic intermediate colleges.**—The number of islamic intermediate colleges in Bengal remained stationary at 2—one at Dacca and the other at Serajganj. The former is maintained by Government and the latter is in receipt of aid from provincial revenues. There were 84 students in the intermediate classes of the two colleges on 31st March 1926, against 78 on the corresponding date of the previous year. Of 31 candidates who appeared in the Islamic Intermediate Examination 23 were successful. The Islamic Intermediate College is the only Government institution of the type "C" recommended by the Calcutta University Commission. The teaching staff was at the start placed on a temporary basis. It has recently been placed on a permanent footing.

4. **Madrasahs.**—On the 31st March 1926 there were in the Presidency 467 madrasahs with an enrolment of 42,527 pupils; the corresponding figures for the previous year were 412 and 36,499 respectively. The rate of increase is more marked in special institutions for Moslems than in non-secretarian institutions that are open to all communities. The total cost of maintaining the madrasahs amounted to Rs. 8,84,448 towards which public funds contributed Rs. 3,97,300; the corresponding figures for the previous year were Rs. 7,72,135 and Rs. 3,58,249 respectively. During the year under review an additional allotment of Rs. 17,500 was sanctioned by Government for new and increased grants-in-aid to madrasahs. Reformed madrasahs are springing up all over the province. There is, however, still a demand for old scheme madrasahs among orthodox sections of the Muhammadan community, who look upon the reformed madrasahs as a class of modified high and middle English schools.

5. **Maktabs.**—The number of maktabs—recognised and unrecognised—rose from 17,325 to 18,308; of these 12,166 were for boys and 6,142 for girls. The number of pupils reading in maktabs increased from 510,912 to 548,135, of whom 402,095 were boys and 146,040 girls. Compared with primary schools maktabs show a more rapid increase both in numbers and pupils. The total direct expenditure on maktabs rose from Rs. 13,40,884 to Rs. 14,65,760, to which public funds contributed Rs. 6,97,694, as against Rs. 6,60,673 in the preceding year. The Calcutta Model Maktab, the retention of which was sanctioned as a temporary measure, was deprovincialised during the year under report.

6. **Maktab curriculum.**—During the year under review a revised curriculum for maktabs on the lines of that for primary schools came into force. Provision was made for text-books in Urdu in selected maktabs where the medium of instruction is that language.

7. **Junior Madrasah Examination.**—In the Junior Madrasah Examination held in November 1925, out of 946 candidates 735 were successful against 857 and 539, respectively, of the preceding year.

8. **Islamic Matriculation and Islamic Intermediate Examinations.**—These examinations are conducted by the Board of Intermediate and Secondary Education, Dacca. Out of 201 candidates who appeared at the Islamic Matriculation Examination 100 were declared successful. In the year 1921-22 only 56 candidates sat for the examination.

The number of candidates sitting for the Islamic Intermediate Examination rose from 22 in 1921-22 to 31 in 1925-26.

9. **New scholarships and stipends.**—During the year under review 4 special scholarships of Rs. 15 each a month were created by Government for Moslem students in the upper subordinate classes of the Ahsanullah School of Engineering, Dacca. The scholarships are tenable for three years. The creation of 7 scholarships of Rs. 5 each a month, tenable for four years to be awarded on the results of the examination held at the end of the junior madrasah course, was also sanctioned by Government. These scholarships are awarded in consideration of merit and are tenable in reformed senior (high) madrasahs and high schools, in addition to 23 stipends of Rs. 5 each a month tenable for two years to be awarded on the result of the examination held at the end of the junior madrasah course.

10. **Mohsin Endowment Fund.**—In 1925-26 the income of the Mohsin Endowment Fund was estimated at Rs. 98,820. The fund had an opening balance of Rs. 23,024. The total expenditure from the fund was estimated at Rs. 1,01,416; of this Rs. 50,669 was for educational purposes.

The Mohsin Fund is quite separate from the Education budget, and the receipts and expenditure of the fund find no place in the accounts of the public revenues of the province.

In order to balance the receipts and the recurring expenditure of the fund, a reduction was made in the scale of educational expenditure to the amount of Rs. 3,516 a year. As a result of this Mohsin scholarships and stipends were reduced in value during the year under report.

11. **Special facilities for Muhammadans.**—Muhammadan students continued to enjoy during the year under report the special concessions stated in previous annual reports, *viz.*, the reservation of places in Government and aided schools, the grant of special scholarships and stipends, and free studentships to the extent of 15 per cent. of their own enrolment.

12. **Islamia College, Calcutta.**—The buildings of the Islamia College, Calcutta, the foundation stone of which was laid by His Excellency Lord Lytton in December 1924, were completed by March 1926. Accommodation for 400 students has been provided, the numbers being limited to 125 in each of the 1st and 2nd year classes and to 75 in each of the 3rd and 4th year classes. The college is affiliated to the I.A., I.Sc. and B.A. standards (including Honours). The chief aim of the establishment of the college is the provision of better facilities for the collegiate education of Moslem students than exist at present and to maintain in a special Islamic college that Islamic atmosphere which is so essential in Moslem opinion if the educational process is to achieve its aim by training the spirit and character as well as the intellect.

13. The following statement shows the number of Muhammadans holding permanent appointments as teachers in Government high, zilla and collegiate schools, and as Inspecting Officers in Government service:—

Division.	No. of Muhammadans holding appointments as teachers.	Percentage of teaching appointments held by Muhammadans.	No. of Muhammadans holding appointments as Inspecting officers.	Percentage of inspecting appointments held by Muhammadans.
Presidency Division ..	31	32·6	20	50·0
Burdwan Division ..	10	17·8	16	22·2
Dacca Division ..	27	20·7	39	46·4
Rajshahi Division ..	29	28·15	28	41·8
Chittagong Division ..	6	14·3	30	58·8
Total ..	103	24·18	142	42·77

The question of the larger employment of Muhammadans in the educational services under Government has recently engaged the attention of Government, and the Governor in Council has laid down definite rules regulating the appointment of Muhammadans to the Education Department in future. Of direct appointments to the posts of Subdivisional Inspector of Schools, Sub-Inspector of Schools, Assistant Head-Masters of Government High and Normal Schools and English and Vernacular teachers, 40 per cent. will at present be reserved for Moslems, the percentage being raised to 45 in the course of three years.

From an examination of the statement it will appear that while on the inspecting side the percentage of Moslems is a near approach to the ultimate standard, subject to certain re-adjustments between the divisions, that on the teaching side still falls considerably short.

In non-Government high schools the position of Moslem teachers is worse. They form only about 18·0 per cent. of the total teaching strength in such institutions against 24·18 per cent. in Government high schools. An improvement in the existing state of things is a necessity, in the interests of the unity and harmonious integration of the two great communities of the province; but while Government can help to a slight extent, full salvation can only come from a rapid spread of higher education among the Moslems of Bengal. In the schools and the Universities and other places of advanced education, the Moslems of Bengal will find the key which will unlock to them slowly but surely the door of professional equality with their Hindu competitors.

During the year, or shortly after its close, the sum subscribed for the Moslem Scholarship Fund, founded by Nawab Musharuff Hossain, with a donation of Rs. 20,000 and named after His Excellency the Governor, was increased to Rs. 45,000 by further donations, the Nawab also guaranteeing to find an additional Rs. 1,800 a year for six years. The interest of the fund will be utilised for sending a Moslem to Europe for study every two years.

CHAPTER XI.

Education of special classes.

1. **Education of chiefs and nobles.**—Bengal has no special institution for the education of the sons and wards of Indian chiefs and nobles. The Nawab Bahadur's Institution at Murshidabad has, however, special arrangements for educating boys of the Nizamat family, one of the four hostels attached to the school being reserved exclusively for boys of the Nizamat family. There were 26 boys in this hostel during the year—the same number as in the preceding year—and the cost of maintenance was Rs. 6,211.

2. **Education of aborigines and the children of backward classes.**—Among aboriginal races the Santhals and among educationally backward communities the Namasudras and Pods appear to be making satisfactory progress in education. On the 31st March 1926, altogether 254,853 boys and 23,172 girls belonging to communities that are educationally backward were under instruction in the various grades of institutions in the Presidency. A reference to the following paragraphs will show what progress was made during the year by members of these classes in each part of the Presidency separately:—

Calcutta.—During the year under review there were in Calcutta 13 primary schools under the management of Christian missions and 6 under Hindu management, chiefly intended for pupils of the educationally backward classes. Out of 807 pupils reading in these schools 497 were pupils of backward communities.

Presidency Division outside Calcutta.—On the 31st March 1926 the area comprising the Presidency Division outside Calcutta had 79,994 pupils of the backward classes in schools for boys and 3,708 in schools for girls. The high English school at Masiahati and the middle English schools at Maliat and Fulia in the district of Jessore are mainly attended by Namasudras, the teaching staff and management of the schools also being almost entirely Namasudra in constitution. In the district of Khulna there are 10 middle English schools which cater chiefly for the education of Namasudras and Pods. There are also large numbers of primary schools in the districts of the 24-Parganas, Nadia, Jessore and Khulna which are attended mainly by the children of backward classes. Three of the

primary schools in the district of the 24-Parganas were maintained, as previously, from the income of the Sussex Trust Fund. During the year 10 middle and 16 upper primary scholarships were awarded to the boys of backward communities.

Burdwan Division.—Among the aboriginal tribes the Sonthals in the Burdwan Division are in a majority and organised efforts are being made for the spread of education among them. During the year under report 243 schools, including 1 high English, 2 middle vernacular, 236 primary, 2 guru-training and 2 industrial schools, were maintained for the education of special classes at a cost of Rs. 25,615 from provincial revenues and Rs. 2,858 from District Funds. These schools were attended by 56,448 pupils. One middle, 6 upper primary and 8 lower primary scholarships were awarded to boys of the backward classes. The experiment referred to in the last annual report, which is being carried on in the Bhimpur Sonthal High School under the auspices of the American Baptist Mission, has not yet reached such a stage as to make possible a definite pronouncement as to its success, but enthusiasm is genuine and the promoters of the scheme are sanguine as to the results.

Dacca Division.—On the 31st March 1926 the Dacca district returned 99 schools with 3,449 pupils, chiefly intended for the educationally backward classes Noticeable among these were 9 schools exclusively meant for the children of fishermen, 6 for muchis, 26 for Namasudras and 19 for Doais; the muchi schools and the schools for the children of fishermen were free institutions. In the district of Faridpur the Orakandi High School established by the Australian Mission and the Gopinathpur High School are largely attended by Namasudra pupils. In addition to the above, 10 middle English schools and a large number of primary schools are mainly attended by them. The Bakarganj District Board maintained 12 free primary schools for the Magh settlers of the colonisation area in the Sunderbands.

Chittagong Division.—The Chakmas, Maghs and Tipras are the principal aboriginal races in the Chittagong Division. In the Chittagong Hill Tracts there were 1 high English, 2 middle English, 158 primary and 38 indigenous (Kyang) schools for the education of the children of hill tribes, while the Missionary Society at Chandraghona maintains a training school for primary school teachers. One industrial school at Rangamati maintained by Government and one unaided middle English school collapsed during the year under review, the former for want of pupils and the latter for want of funds. The Lalmai Hills of the Tippera district had 2 free schools for Tipras. In the Cox's Bazar subdivision there were 5 departmental Burmese schools, 4 primary, 1 middle English, and 201 Kyang or monastic schools for Magh pupils. The number of pupils belonging to non-aboriginal backward communities, who were reading in high, middle and primary schools in the Chittagong Division on the last day of the year, was 19,714—boys 16,849 and girls 2,865. Nine middle and 40 primary scholarships were won by pupils of backward classes.

Rajshahi Division.—The district of Dinajpur contains 54 Sonthal schools (including 1 middle English school) with 1,612 pupils. Of these the Board of Sonthal Education at Dinajpur had under its direct control 7 primary schools and subsidised 23 others. The contribution from provincial revenues and District Funds towards the upkeep of these institutions under the control of the Sonthal Education Board amounted during the year to Rs. 2,342 and Rs. 1,965 respectively. The Sonthal Education Board at Malda financed 10 primary schools with special rates of stipends, the total number of Sonthal schools in the district being 30 at the end of the year under review. The expenditure out of provincial revenues and District Funds on these schools amounted to Rs. 1,786 and Rs. 882 respectively. Attempts are being made by the two Boards to bring other Sonthal schools under their management. In the district of Rajshahi there were 2 schools chiefly intended for Namasudras and 7 schools for backward classes in the Barin Tracts. A scheme for the education of aboriginal children living in the district of Rangpur was approved by Government after the close of the year under review. In its features it is similar to the Sonthal education scheme already in operation in the districts of Malda and Dinajpur.

The Society for the Improvement of Backward Classes, Bengal and Assam, maintained 404 schools in different parts of the Presidency for the education of the children of backward communities; the society receives from Government an annual recurring grant of Rs. 6,250 towards this work.

3. **Education of defectives.**—On the 31st March 1926, there were 15 physically and mentally deficient European children in the Children's House at Kurseong. The Deaf and Dumb School, Calcutta, had 106 pupils (including 16 girls), and the Blind School, formerly located in Calcutta, was shifted to Behala in the district of the 24-Parganas, Government contributing Rs. 51,000 towards the cost of construction of the new building. It had an enrolment of 45 pupils, including 13 girls. In this school there are arrangements for teaching the 3 R's, music, weaving and carpentry. The Deaf and Dumb Schools, Dacca, Faridpur and Barisal, had 20, 8 and 13 pupils respectively. During the year under review a new school was started at Mymensingh with 14 pupils. The Deaf and Dumb School, Chittagong, had on its rolls 11 pupils (including 3 girls). The District Boards and a few of the Municipalities continued as usual to award scholarships and stipends to deaf mutes and blind children reading in the Deaf and Dumb School, Calcutta, and the Blind School, Behala.

4. **Tea garden schools.**—In the district of Jalpaiguri 56 tea garden schools of which 10 were class, "A" 24 class "B" and 22 class "C", with 1,042 pupils, were in existence at the close of the year. The total direct expenditure on these schools amounted to Rs. 2,811. The district of Darjeeling had 52 tea garden schools with 1,140 pupils. The maintenance charges of these schools amounted to Rs. 9,284, the Government and District Board contributions being Rs. 4,685 and Rs. 360 respectively.

5. **Education of factory children.**—The children of mill-hands in the 24-Parganas generally attend the primary schools and maktabs existing in mill areas. There is also one special elementary school at Titagarh for the education of mill operatives speaking Hindi, Urdu and Telegu. The school receives a grant of Rs. 60 a month and is under the management of the mill authorities. The Rifle Factory School, Ichapur, continues to be very popular. It received Rs. 2,700 from provincial revenues. There is another unaided school at Ichapur under the management of the Metal Factory.

6. **Education of Jains.**—The Jain School within the Bogra Municipality had 49 pupils on the rolls on 31st March 1926, against 10 on the same date in the preceding year.

CHAPTER XII.

Unrecognised institutions.

On the 31st March 1926 there were 1,429 unrecognised institutions in the Presidency, which were attended by 49,835 pupils. The corresponding figures for the previous year were 1,283 and 43,815 respectively. There has thus been an increase in the number of unrecognised institutions and in the number of pupils attending them during the year under review, the greatest increase taking place in the Chittagong Division. The majority of them are newly started schools which have not yet succeeded in enrolling more than ten pupils or introducing the full curriculum. A few schools in the 24-Parganas which were previously returned as recognised primary schools did not receive stipends from the District Board. They, therefore, gave up the departmental curriculum and are now included among unrecognised schools. Of the total number of pupils under instruction in unrecognised schools on the last day of the year under review 20,691 were Hindus and 27,296 were Muhammadans, the rest belonging to other communities; but both the number of and the attendance at unrecognised schools are naturally subject to constant variation. Institutions such as tôls, maktabs or Koran schools, Kyang or monastic schools conducted by Buddhist teachers and other schools which do not adopt a course of studies prescribed by the University, the Board of Secondary Education or the department are included in this category. As previously reported the Kabindra College, Goila, the Santiniketan Bramacharyya Asram at Bolpur and the Mahakali Pathsala at Mymensingh are among the best known institutions of this class.

CHAPTER XIII.

Physical and moral training.

1. **Hostels.**—On the 31st March 1926 there were 30,208 boarders residing in the hostels and boarding houses attached to various schools and colleges in the Presidency, against 31,165 on the corresponding

date of the preceding year. Of the total number of boarders 24,829 lived in hostels for Indians and 5,379 in boarding houses for Europeans and Anglo-Indians. Of the boarders resident in Indian hostels, 21,707 were males and 3,122 were females. Of the European and Anglo-Indian boarders 3,497 were boys and 1,882 were girls.

The project for the construction of a hostel for the use of the Muhammadan students of Chittagong College which had received the administrative approval of Government during the previous year was taken in hand and the building is expected to be completed by the end of January 1927. The need for larger hostel accommodation for the students of the Ahsanullah School of Engineering, Dacca, was keenly felt. Funds have been allotted in the current year, and it is hoped that work will soon be commenced on this very necessary addition to the School of Engineering.

2. **Messes.**—As in previous years the mess schemes at Calcutta and Dacca were managed by the local Standing Committees with assistance from provincial revenues. The primary responsibility for the management of the students' messes at Dacca now rests with the Board of Intermediate and Secondary Education.

3. **Physical training.**—A six weeks' training class for drill and gymnastic teachers was held at the Young Men's Christian Association gymnasium in Mechuabazar, Calcutta, under the supervision of Mr. N. Ghosh, Adviser in Physical Education, Bengal. The class was attended by teachers employed in Government as well as non-Government institutions; the Physical Instructor of the school attached to the Alipore Juvenile Jail was also permitted to attend the training class. The arrangement cost Government Rs. 250, which included the travelling expenses and house allowances of Government school teachers. Successful candidates were awarded certificates of proficiency on the completion of the course.

The increasing attention which is now being paid to physical culture in schools and colleges is reflected in the attitude of the Universities. The circular issued recently by the University of Calcutta aims at introducing some form of drill, physical exercise, or organised games as a part of the school curriculum for boys who are physically fit. The University has also suggested that all schools should make arrangements for a light mid-day meal for their students. Dacca University has appointed a Physical Instructor and an Assistant Physical Instructor to supervise physical exercises and games, which have been made compulsory for all students of the University who are not medically unfit.

4. **Boy scout movement.**—The year saw great strides in the boy scout movement. Encouragement has come from Government which provided funds to start scouting in selected schools, from district and subdivisional executive officers who were in many cases instrumental in forming troops, and from parents and guardians who see in scouting a moral and physical complement to the purely literary side of a boy's education. During the year local associations were established at Mymensingh, Chittagong, Jalpaiguri, Karakdi, Khulna, Krishnagar and Midnapur and attempts are being made to organise similar associations at Behala, Barisal, Berhampur, Birbhum, Ishapur and Khardah where troops have been formed already. The census taken at the end of the scout year shows that during the year 6 new cub packs, 26 new troops of scouts and one troop of rovers have been formed with 121 cubs, 627 scouts, 22 rovers and 42 scouters or cubbers.

In Bengal there are now 2,207 scouts, 108 rovers, 121 scouters, 585 cubs and 24 cubbers—a total of 3,045.

Mr. N. N. Bhose, the Provincial Organising Secretary, has done invaluable work not only in the two camps at Tollyganj for the training of scout-masters, but also by his visits to centres outside Calcutta.

His Excellency Sir John Kerr, while acting as Governor of Bengal, invited all Calcutta scouts and cubs to Government House, where a display was given to a large and appreciative audience. Girls' schools in Calcutta have been fortunate enough to secure the services of the Physical Instructress of the Young Women's Christian Association who is training both students and teachers.

5. **Medical inspection of students.**—A medical examination of 1st and 3rd year students of the Presidency College which was conducted by the Students' Welfare Committee of Calcutta University showed that 32·5 per cent. of the students were in the enjoyment of sound health as against 20 per cent. reported in the previous year. The Department of Public Health maintains a special office and a staff

which inspects institutions and conducts surveys of the health of school children, and the Mines Board of Health at Asansol has instituted a medical examination of pupils of 8 secondary and 86 primary schools in the Asansol subdivision.

6. **Hygiene.**—During the year lectures on hygiene and sanitation illustrated by lantern slides were delivered as in previous years by the Bengal Social Service League and by Sanitary Inspectors. Arrangements for delivering lectures to the pupils of secondary and primary schools in the Asansol subdivision (Burdwan) were also made during the year by the Mines Board of Health at Asansol with excellent results.

7. **Religious and moral instruction.**—Religious instruction is imparted in denominational schools such as maktabs, madrasahs, tôls and mission schools. In others moral instruction alone is given.

8. **Discipline.**—Discipline during the year in educational institutions was with one or two exceptions satisfactory.

9. **National schools.**—At the end of the calendar year 1925 there were in the presidency 69 national schools with 4,567 pupils, against 90 schools with 6,993 pupils in the preceding year. Some of these schools follow the primary course and a few middle English and high English courses. These courses are combined with a certain amount of practical training such as weaving, spinning, tailoring, carpentry, etc., and in many cases religious instruction is imparted. The influence of these schools is steadily diminishing; in most places there is a distinct lack of encouragement from the public, and the schools are now an almost negligible factor in education.

CHAPTER XIV.

Conferences.

The year was marked by a series of Conferences convened in each division of the Presidency by Mr. J. H. Lindsay, Secretary to the Government of Bengal in the Education Department, which aimed at a public explanation and full discussion on broad lines of the scope and aim of a draft Primary Education Bill prepared in the department. The keenest interest was evinced in these—practically the first—open discussions on a subject of such far-reaching importance. There was, as was to be expected, much criticism of the taxation which is implicit in any far-reaching scheme for the expansion of primary education, and for which the draft Bill naturally provided. But criticism was by no means entirely destructive, and much that was hopeful and encouraging was spoken at the Conferences. Three of the Conferences were addressed by Mr. Lindsay, one by the Director of Public Instruction at Krishnagar, and the fifth by Mr. Swan, Commissioner of Chittagong.

Owing chiefly to the need for keeping within the departmental allotment for travelling and halting allowances, no formal Conferences of the higher inspecting officers of the department were held during the year. Important educational topics were, however, discussed whenever practicable at informal gatherings of the inspecting staff. Among the subjects dealt with were—

(1) distribution of the additional Rs. 3 lakhs grant for secondary schools;

(2) modification of the grant-in-aid rules;

(3) modification of the rules relating to admission and withdrawal of the pupils;

(4) condition of the teachers in aided schools and the attitude of the managers towards them; and

(5) extension of the Provident Fund system to teachers of aided schools.

2. The annual Provincial Non-Government Teachers' Conference was held at Feni.

3. A very successful educational exhibition was held under the auspices of the Malda Teachers' Club. It was visited by teachers, guardians and students residing in and near the town of Malda. The exhibition served a three-fold purpose: to teachers the exhibition demonstrated some of the modern developments in educational practice (new methods of teaching, research and experiments) by means of handbooks, educational charts, boys' products and up-to-date educational

accessories. It drew the attention of the guardians to new ideas in education and encouraged them to take an intelligent interest in the education of their wards. In students the exhibition infused a healthy spirit of emulation. The department recognises with gratitude the work done by Mr. Peddie, the Magistrate of Malda, and the Head-Masters of the two local schools, in connection with the Malda Teachers' Club. A feature of the exhibition was the large attendance of ladies.

CHAPTER XV.

Text Book Committees.

Two separate Text Book Committees are still maintained in this Presidency—one at Calcutta and the other at Dacca. The Dacca Text Book Committee deals with text books for secondary schools in East Bengal. Text books for schools other than secondary are submitted for consideration to the Calcutta Text Book Committee.

During the year under review, five new members were appointed to the Calcutta Text Book Committee to fill up vacancies. The Dacca Text Book Committee suffered a great loss through the death of Rai K. K. Banerji Bahadur, Principal, Rajshahi College, a prominent member who had done much valuable service to the Committee.

Out of 1,289 books considered by the Calcutta Text Book Committee 428 were approved as text books, supplementary readers and prize and library books. The Dacca Text Book Committee received 640 books for consideration and 327 were finally approved.

The special feature of the year in this connection was the appointment of Mr. W. E. Griffith, M.A., I.E.S., to revise the curricula for secondary schools in this Presidency and also to re-organise the Text Book Committees. The work was completed after the close of the year under report.

CHAPTER XVI.

Education in the Legislative Council.

The absence of Ministers was, to a large extent responsible, as in the previous year, for the small number of questions and resolutions dealing with educational topics in the Bengal Legislative Council. During the period under review education was a "reserved" subject administered by a Member, and the special political interest which prevails when a department is controlled by a Minister was absent.

The Dacca University (Amendment) Act, 1925, providing for a statutory recurring grant of Rs. 5½ lakhs, was passed after considerable discussion by the Council at its August session. The object of the Act was to give stability to the University's finances and to enable it safely to make contracts ahead. It was not intended to withdraw the University from public criticism nor to relax the ultimate authority of the legislature over its finances, though this misapprehension prevailed in some quarters. A resolution for an annual recurring grant of Rs. 3 lakhs to Calcutta University to facilitate post-graduate studies and research was also carried. This was strongly supported, as it was felt that the stabilisation of both Universities should go on concurrently. A good deal of interest was shown in questions relating to compulsory physical culture for students and the provision of free primary education. The following may be mentioned as illustrative of the type of questions asked in Council: the appointment of Muhammadans to head teacherships in high and training schools, the accommodation of students of depressed classes in Government high schools, educational facilities to Sonthals and Bauris of Bankura, Government subsidised hostels for depressed classes, the provision of education among depressed classes, and the provision of an Anglo-Indian hostel in Calcutta.

A number of motions in connection with the rejection or reduction of educational grants were tabled for discussion as part of the policy of obstruction adopted, but as the opposition withdrew from the Council during the budget debate many motions were not moved and the rest fell through for want of support, the Education budget being passed in the form in which it was placed before Council.

Final Report on the Cotton Crops of Bengal, 1926-27.

(NOTE.—On an average of the five years ending 1924-25, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops—early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent also in other districts. The "late" crop is chiefly grown in Bankura and Midnapore.

Character of the season.—Since the issue of the third forecast in December last, the weather was generally favourable but for some damage by rats in the Tripura State and by the recent rain in January in the Chittagong Hill Tracts. On the whole, a satisfactory outturn has been reaped for the province.

Acreage.—The total area sown with early cotton is returned at 163,228 acres and that with the late crop at 1,403 acres, as against 164,231 acres (revised) and 1,407 acres, respectively, in the corresponding forecast of last year.

Outturn.—The outturn of the early crop is estimated at 60,248 bales and that of the late crop at 320 bales, as against 60,973 bales (revised) and 328 bales, respectively, in the corresponding forecast of last year.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 2nd February 1927.

Summary.—The week was practically rainless but for light and scattered showers in some districts, especially in West and North Bengal. Ploughing of lands for jute and other autumn crops is proceeding favourably in East and North Bengal. Cutting and pressing of sugarcane are going on. Harvesting of early spring crops is progressing under favourable conditions. State and prospects of standing crops are generally fair except for damage to potatoes in some districts. The average price of common rice for the province has fallen by about 0·36 per cent. as compared with that of the previous week.

APPENDIX.

Provisions for the determination of domicile.

[*See* RULE 4.]

1. A person can have only one domicile.

2. The domicile of origin of every person of legitimate birth is in the country in which at the time of his birth his father was domiciled, or if he is a posthumous child, in the country in which his father was domiciled at the time of the father's death.

3. The domicile of origin of an illegitimate child is in the country in which at the time of his birth his mother was domiciled.

4 The domicile of origin prevails until a new domicile has been acquired, and a new domicile continues until the former domicile has been resumed or another has been acquried.

5. (*1*) A person acquires a new domicile by taking up his fixed habitation in a country which is not that of his domicile of origin.

(*2*) Any person may, if the law of any country so provides, and subject to any such provisions, acquire a domicile in that country by making, in accordance with the said provisions, a declaration of his desire to acquire such domicile.

Explanation 1.—A person is not to be considered as having taken up his fixed habitation in a country merely by reason of his residing there in His Majesty's civil or military service or in the exercise of any profession or calling.

Explanation 2.—A person does not acquire a new domicile in any country merely by reason of residing as part of the family or as a servant of any ambassador, consul, or other representative of the Government of another country.

6. The domicile of a minor follows the domicile of the parent from whom he derives his domicile of origin.

Provided that the domicile of a minor does not change with that of his parent if the minor is married or holds any office or employment in the service of His Majesty or has set up with the consent of the parent in any distinct business.

7. After marriage a woman acquires the domicile of her husband if she had not the same domicile before and her domicile during the marriage follows the domicile of her husband.

Provided that if the husband and wife are separated by the order of a competent court or if the husband is undergoing a sentence of transportation the wife becomes capable of acquiring an independent domicile.

8. Save as otherwise hereinbefore provided a person cannot during minority acquire a new domicile.

9. An insane person cannot acquire a new domicile in any other way than by his domicile following the domicile of another person.

10. Notwithstanding anything herein contained, a person who—

(*a*) was born and has been educated exclusively in Asia, and had not at the date of his appointment resided out of Asia for a total period exceeding six months, or

(*b*) had before that date claimed or been deemed to be a native of India for the purpose of his appointment to any office under the Government or of the conferment upon him by Government of any scholarship, emoluments or other privilege,

shall be deemed to have had his domicile in Asia on that date.

11. If any question arises as to the domicile of any officer at the time of his appointment the decision thereon of the Local Government shall be final.

No. 1077Com.—The 14th February 1927.—Mr. W. B. Rowbottom, Inspector of Boilers, Bengal, is allowed leave out of India for eight months on average pay, under rule 81 (*b*) (*i*) of the Fundamental Rules, with effect from the 24th February 1927, or any subsequent date on which he may avail himself of it.

ELECTION PETITION.

TO HIS EXCELLENCY THE RIGHT HON'BLE VICTOR ALEXANDER GEORGE ROBERT BULWER LYTTON, EARL OF LYTTON, P.C., G.C.S.I., G.C.I.E., GOVERNOR OF BENGAL.

In the matter of an election petition under Part VII of Bengal Electoral Rules and other Rules and Regulations, 1926,

and

In the matter of Schedule of the said rules and in the matter of election held in November 1926 for the Bengal Legislative Council from the Mymensingh North-West (Muhammadan) Constituency,

and

In the matter of Maulvi Muhammad Abdul Jubbar Pahlowan of Chinaduli, Gilbari post-office, thana Islampur, district Mymensingh—petitioner,

versus

1. Maulvi Azizur Rahaman, village Nilakshia, police-station Dewanganj, district Mymensingh.
2. H. J. Twynam, Esq., I.C.S., District Magistrate and Returning Officer, Mymensingh—respondents.

The humble petition of Maulvi Muhammad Abdul Jubbar Pahlowan abovenamed

MOST RESPECTFULLY SHEWETH—

1. That your petitioner was and is qualified and his name was and is duly registered as an elector on the electoral roll for the Bengal Legislative Council election being number 124, Union No. 4, Gilabari, thana Islampore in the district of Mymensingh.

2. That your petitioner was a candidate for election in the Bengal Legislative Council from the Mymensingh North-West (Muhammadan) Constituency held on 17th and 20th November 1926.

3. That there were other candidates from the said constituency in the said election and the result of the poll is given hereunder :—

		Votes.
(*i*)	Maulvi Azizur Rahman	1,995
(*ii*)	,, Abdus Samad	1,575
(*iii*)	,, Giasuddin	832
(*iv*)	,, Md. Abdul Jubbar Pahlowan	732
(*v*)	Khosh Md. Chowdhury	682

4. That at the time of the filing of the nomination paper your petitioner took exception to that of respondent No. 1 in as much as there was no elector in village Nilakshia of the name of the respondent No. 1 whose father's name was Mainuddin.

5. That the respondent No. 1 represented at the said time that his father's name was Mainuddin and by mistake it was entered in the roll as Mahesuddin.

6. That your petitioner submits that the Returning Officer Mr. H. J. Twynam, District Magistrate and Returning Officer, the Respondent No. 2, was wrong in accepting the said nomination paper of the Respondent No. 1 as valid and should have rejected the same.

7. That the said Returning Officer improperly considered the aforesaid Maulvi Giasuddin as qualified in spite of the fact that the petitioner pointed out to him that the said candidate had been sentenced to a term of imprisonment exceeding one year, and was thus disqualified.

8. That the said Returning Officer did not comply with the regulation relating to the counting of votes and was wrong in not allowing your petitioner and other candidates or their authorised agents to be present at the time of the opening of the ballot boxes relating to each polling station.

9. That the said respondent No. 1, his agents and other persons on his behalf were guilty of bribery before, during and after the said election.

10. That the respondent No. 1 induced the said Maulvi Abdus Samad to stand as a candidate for election in the Bengal Legislative Council and offered him to help in securing the chairmanship of the Jamalpur local board as a reward.

11. That the said respondent No. 1, his agents and others on his behalf induced several electors to vote for the said respondent or to refrain from voting in the last general election.

12. That the said respondent No. 1 and his agents threatened many voters who were his tenants with injury to their tenancies if they would not vote for the said respondent No. 1.

13. That in the name of Pir Badsha Meah and Maulana Abu Bakar pamphlets were issued in all centres directing electors to vote for respondent No. 1 and thereby indirectly indicating that they would otherwise incur divine displeasure.

14. That the respondent No. 1, his agents and other persons on his behalf were guilty of treating the electors with food at Sherpur and after election at Jamalpur and Nilakshia and with sweets at Bongaon Shapmari, Baksiganj, Islampur, Sri Barody during the election and with *pan* and cigarettes in all polling stations during election.

15. That the respondent No. 1 and his agents and other persons paid railway fares to and from Durmut to Dagi, gharry hire to and from the municipal centres at Sherpur and Jamalpur and ferry fares to and from Islampore and Kajrikata centres for the purpose of recording their votes.

16. That the said respondent No. 1 and his agents and his workers hired and employed vehicles usually kept for letting for hire for the conveyance of voters during the election in the Jamalpur and Sherpur municipality centres.

17. That the respondent No. 1 and his agents published posters and placards and hand-bills which did not bear on their face the names and addresses of their publishers and printers.

18. That the respondent No. 1 and his agents and other persons on his behalf published statements of facts in relation to the personal character and conduct of your petitioner with regard to the Bengal Tenancy Amendment Bill and that he was negligent and unmindful to the interest of the tenants and further that he received gratifications from the zamindars, etc., and that he was weak and unfit in the discharge of his duties as a member of the Council and also that he was not of good moral character with a view to prejudice the prospect of your petitioner's election, knowing the same to be false and having reason to believe them to be untrue.

19. That the polling did not take place in all the stations notified by the said Returning Officer in Brahmanpara Madrasah, Ram Rampur School, Bongong School, Gothailbazar, and further the list published by the said Returning Officer did not mention some of unions nor where the polling would take place of voters in those places and in consequence many electors could not exercise their electoral rights.

20. That voters were allowed to enter the polling station after the expiry of the appointed hour in Jamalpur Government High School and Nandina School.

21. That shortly before the election the respondent No. 1 paid for securing votes for him to Ballizori Madrasah and School Committee and Dighpait School Committee the sum of Rs. 250 each.

22. That your petitioner is known to everybody as Maulvi Muhammad Abdul Jubbar Pahlowan but in the ballot paper it was written as Pahlowan Abdul Jubbar, though his name was corrected at the time of correction, and the electors could not thereby make out your petitioner.

23. That the said respondent No. 1 and his agents and others on his behalf paid money to electors as gratifications to induce them to vote for the respondent No. 1 so as not to exercise freely their electoral right.

24. That the election of respondent No. 1 has been procured and induced by corrupt practice and the result of the election has been materially affected by the improper acceptance of the nomination paper and non-compliance with the rules and regulations and further the election has not been a free election by reason of undue influences, bribery within the meaning of Parts I and II of Schedule V.

25. That at Kadai Kata and Bakshigunj polling stations electors who were inclined to vote for your petitioner were not allowed the facility of entering inside and recording the votes.

26. That the return of election expenses filed by the said Maulvi Azizar Rahaman is not in accordance with the rules and regulations regarding the same, and he did not state the details and sources of receipts as prescribed and he did not include the expenses for all the publications, advertisements, posters, placards as well as other expenditure incurred and made on his behalf and the account is incorrect and incomplete.

27. That the said return does not show how the expenses were incurred, and the alleged travelling expenses do not indicate for what journeys and on what dates and through whom they were spent.

Publications.

Leaflet—

(*i*) One leaflet styled "Nibedan" over the name of Abu Muhammad Khan throughout the constituency without printer's and publisher's name.

(*ii*) One leaflet published by Mainuddin Master of Ghagralaskar and circulated in the constituency.

(*iii*) One red leaflet styled as "Pratibad."

(*iv*) Other two leaflets published by Abu Muhammad Khan.

(*v*) One leaflet styled as "Pahlowan's Kirti."

Undue influence—

(*i*) In Sribaradi Bakshigunj by the father of respondent No. 1, in Islampore by Pacha Mea, brother of respondent No. 1, and in Kazaikata by Abdul Sattar Khalia and Abdur Rashid Meah and another officer on behalf of the respondent No. 1 induced the electors to vote for the respondent No. 1 with the threat of injury to their tenancy.

Orders and Notifications by the Government of India republished for general information.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

New Delhi, the 1st February, 1927.

No. F. 26—I-27-C.—In exercise of the powers conferred by rule 9 and rule 15 of the Council of State Electoral Rules, the Governor General in Council is pleased to direct that the following further amendments shall be made in the Council of State (Bengal) Electoral Regulations published with notification of the Government of India in the Legislative Department, No. 199, dated the 6th September, 1923, namely :—

1. In regulation 8—

In clause (*b*) of sub-regulation (*1*) for the word "Chairman" the words "Chief Executive Officer" shall be *substituted*.

2. For regulations 9, 10, 11 and 12 the following shall be *substituted*, namely :—

"9. A notice shall be published, together with the electoral roll, when published under regulation 8, specifying for each electoral area the revising authority to whom, the place at which, and the period referred to in regulation 10 within which claims for being included in the electoral roll, or objections to any names entered in the roll, are to be preferred.

All such claims and objections shall be addressed to the revising authority and shall be presented to the registering authority or to the District Magistrate of the district to which the claimant or objector belongs, or direct to the revising authority.

10. All such claims and objections to the roll shall be made in writing on the lines of the specimen forms IV and V annexed hereto within thirty days from the date of the publication of the roll under regulation 8, and where objection is made to the inclusion in the roll of any person whose name appears therein, shall contain in respect of such person all the particulars entered in the roll : Provided that if it appears necessary for the proper preparation of the roll, the Local Government may, by notification in the local official gazette, prescribe a longer period within which claims and objections shall be preferred in respect of the electoral roll of any constituency. A claim shall be signed by the person desiring his name to be included in an electoral roll and shall be presented either by himself personally or through an agent authorised in writing.

No person shall prefer an objection to the inclusion of any name on the roll of a constituency unless his name is already entered in the roll of that constituency. Applications for the transfer of a name from the roll of one constituency to that of another constituency are inadmissible. If any person desires such a transfer he shall prefer an objection to the inclusion of his name in the one roll and a second and separate claim for the inclusion of his name in the other roll.

11. The revising authority shall not entertain any claim or objection received after the time referred to in regulation 10.

12 A register of all claims and objections shall be maintained by the registering authority, by each district magistrate and by each revising authority. Every person whose claim or objection is received in time shall be served with a notice by the revising authority specifying the place where and the time when his claim or objection will be heard, and directing him to be present with such evidence as he may wish to adduce."

3 To regulation 15 the following shall be *added*, namely :—

"No party shall be represented by any legal practitioner at such hearing."

4. In regulation 18—

For the words "the Local Government direct" the words "the Governor General in Council to whom the applications shall be transmitted by the Local Government directs" shall be *substituted*.

5. In regulation 31—

In sub-regulation (2) for the words "On the day appointed the returning officer" the words "On the day and at the time appointed the returning officer shall read the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, to such persons as may be present and" shall be *substituted*.

6. In form I—

(*a*) In item I of the Instructions, for the words "the Chairman, Calcutta Corporation, the Collector of Calcutta" the following shall be *substituted*, namely:—

"the Collector of Calcutta, the Deputy Commissioners, Jalpaiguri and Darjeeling".

(*b*) In the form of back of Ballot Paper for the words "of landholders for the constituency" the words "for the constituency of the Council of State" shall be *substituted*.

7. After form III the following new forms shall be *added*, namely :—

FORM IV.

(REGULATION 10.)

SENATE HOUSE, *the 11th February 1927.*

NOTIFICATION.

An examination in the art and practice of teaching for teachers of English subjects in Boys' Secondary Schools (aided and unaided) including Madrasahs in the Chittagong Division will be held at the Chittagong Normal School on the 27th June 1927 at 11 A.M., and on the following date, if necessary. The examination of teachers of vernacular subjects and oriental classical languages of the same schools will also be held on the same date and at the same place and hour.

2. The following teachers are eligible for the examinations :—

(*a*) Teachers of English subjects, who have passed (*i*) the Matriculation or some higher University examination, or (*ii*) the Middle English Scholarship Examination or the terminal examination at the end of the middle stage of instruction. The examination of these teachers will be conducted in English.

(*b*) Teachers of vernacular subjects, who have passed the University examinations named in (*a*) above or the Middle Vernacular Scholarship Examination, or the terminal examination at the end of the middle stage of instruction. The examination of these teachers will be conducted in vernacular

(*c*) Pandits and Maulvis employed in teaching oriental classical languages other than Pandits in Sanskrit *tô's* and Maulvis in Madrasahs. They must have passed the Sanskrit Title Examination or the Final Examination of a senior grade Madrasah. The examination in the case of these classes of teachers will be conducted either in English or vernacular at the option of the candidate.

3. The examination will consist of—

(*a*) A practical examination in class control, the candidate being required to keep a class of, at least, a dozen boys attentive and fully occupied throughout a lesson.

(*b*) A practical test of teaching ability, the candidate being required to give two lessons on any two of the subjects—English, Bengali, Sanskrit, Arabic, Persian, Urdu, History, Geography, Arithmetic, Algebra, Geometry, etc.

(*c*) An oral examination, in which the Inspector of Schools or other examiner will ask questions on the art of teaching, object lessons, class management, organisation and discipline.

The following books are recommended for study by the candidate :—

(*i*) For teachers of English subjects—

(1) Indian Teachers' Guide, by P. Wren.
(2) Indian School Organisation, by P. Wren.
(3) Suggestions for the consideration of Teachers (Board of Education, Whitehall).
(4) Talks to Teachers (James)

(*ii*) For teachers of vernacular subjects—

(1) বিবিধ বিধান, by A. N. Adhikari.
(2) Teachers' Manual, by Khan Bahadur Maulvi Ahsanullah.
(3) পাঠ টীকা লিখিবার পদ্ধতি, by Jagannath Dey.
(4) মনোবিজ্ঞান, by S. C. Brahmachary.

(*iii*) Teachers of oriental classical languages may study any of the above sets of books.

4. Intending candidates from High schools and senior Madrasahs should submit their applications through the Headmasters or Superintendents, as the case may be, and teachers of Middle schools and junior Madrasahs through the Subdivisional Inspectors of Schools, so as to reach this office not later than the 10th June 1927. Every candidate will produce at the time of the examination the certificate of his having passed the University or other examination, which admits him to the present examination. The following information should accompany the application :—

(1) Name (in full).
(2) Name of father (in full).
(3) Names of native village and district.
(4) Last examination passed.
(5) Year of passing.
(6) Period of service as a teacher.
(7) Present appointment with date (mention whether he is a teacher of English subjects or vernacular subjects or of oriental language).
(8) Two class subjects in which he wishes to be examined.
(9) Signature of applicant with full address.

5. Every candidate must bring with him at the time of the examination two lesson notes on the subjects in which he wishes to give lessons. These notes should be made over to the examiner at the time of the practical examination.

Madras Pearl Fishery, 1927.

DECLARATION NOTICE.

1. Notice is hereby given that a Pearl Fishery will be held at Tuticorin commencing on or about the 26th of February 1927.

2. The bank to be fished is *Tholayiram Par* which is estimated to contain about eight crores of mature oysters.

3. Applications for the registry of boats and divers will be received by the Superintendent of Pearl and Chank Fisheries, Tuticorin, up to 15th February 1927.

4. No boats over 20 tons will be employed and the Samman Otties are strictly warned that no large boats will be employed under any circumstance.

5. Fishing is expected to commence on the 26th of February 1927, and all boats and men registered should report themselves at the Beach Master's Office in the Pearl Fishery Camp (Silavathurai), not later than the 23rd of February.

6. Every boat-owner whose boat is accepted for the fishery shall sign an undertaking to observe the rules issued for the conduct of boats and divers during the fishing operations; a copy of these rules will be supplied to all applicants. To ensure the due observance of these rules, a deposit of Rs. 5 for each diver returnable at the close of the fishery shall be lodged as security by each boat-owner with the Superintendent of Pearl and Chank Fisheries, Tuticorin.

7. The fishery will be conducted on account of Government and the oysters put up for sale in such lots as may be deemed expedient.

8. The Pearl Fishery Camp (Silavathurai) is about two miles north and within easy reach of Tuticorin Town which is a terminus of the South Indian Railway. Tuticorin is in steamer communication with Colombo.

9. Provisions, water and building materials will be available for purchase in the Camp. Sites for quarters, oyster washing thotties, pearl shops and boutiques will be auctioned ten days prior to the date of the commencement of the fishery, *i.e.*, on or about the 15th of February 1927. Boarding and lodging will generally be available in the Camp, besides the facilities available at Tuticorin.

10. Efficient sanitary and other arrangements are being made to prevent the importation of epidemic diseases into the Camp.

11. Payments for oysters should be in cash or in Government of India notes. Drafts on the Imperial Bank of India and other Bank Agencies will also be received on letters of credit being produced to warrant the drawing of such drafts.

12. Further particulars may be obtained from the Superintendent of Pearl and Chank Fisheries, Tuticorin.

DEPARTMENT OF AGRICULTURE, BENGAL.

Third and Final Report on the Winter Rice Crop of Bengal, 1926-27.

(NOTE.—On an average of the five years ending 1924-25, the area under winter rice in Bengal has represented some 18·7 per cent. of the total area under rice in British India.)

Character of the season.—In the second forecast published in December last, the weather was reviewed up to the end of October as having been favourable in East and West Bengal and satisfactory in North Bengal. Since then conditions continued to be hopeful but for damage caused by rains and high winds, at the end of December last and in the beginning of January, chiefly in some East Bengal districts and in the district of Khulna.

Acreage.—According to District Officers' estimates, the total area under winter rice amounts to 14,290,300 acres as against 15,619,300 acres in the corresponding forecast of last year.

Outturn.—From the district returns appended, it will be seen that the district of Bankura only reports more than a normal crop. Three districts, viz., Khulna, Rangpur, and Pabna, report a normal crop. Fourteen districts report a crop varying from 83 to 98 per cent., and the rest from 42 to 75 per cent.

As compared with the second forecast, a better crop has been harvested in three districts, viz., Murshidabad, Midnapore and Chittagong, while in five districts, viz., Burdwan, Malda, Dacca, Faridpur and Bakarganj, the crop has deteriorated from the previous estimates. In the remaining districts, there has been no change since the second forecast.

According to District Officers' estimates, the provincial outturn works out to 85 per cent. of the normal as against 92 per cent. last year. Taking 12½ maunds as the normal yield of clean grain per acre, the gross yield of the crop for the province is estimated at 5,577,600 tons this year as against 6,598,400 tons in the corresponding forecast of last year.

Director of Agriculture, Bengal.

Third and Final Report on the Winter Rice Crop of Bengal, 1926-27.

District.	Estimated normal area under winter rice.	Estimated area under winter rice.		Estimated outturn as a percentage of the normal yield per unit of area.		Date by which the harvesting generally commenced this year and whether that date was early, normal or late.	Remarks by District Officers.
		Last year (1925-26).	This year (1926-27).	Last year.	This year.		
	Acres.	Acres.	Acres.				
24-Parganas ...	840,600	749,800	620,000	83	92	November. Normal.	The decrease in area is due to want of timely rain. The weather was favourable. The outturn is a little below the normal owing to untimely rains and heavy rains later on.
Nadia	136,800	130,900	133,000	67	83	End of November	The weather was favourable but the outturn is below the normal owing to heavy rains at the time of transplantation.
Murshidabad ...	351,400	278,200	206,000	83	75	Middle of November. Normal.	The weather was good since the submission of the second forecast. The outturn is below the normal owing to occasional drought and floods, which caused some damage.
Jessore ...	658,800	474,900	380,200	72	75	November. Normal.	The decrease in area is due to extensive cultivation of jute. The weather was fairly favourable since the submission of the second forecast. The outturn is below the normal owing to insufficient rain and to damage caused by water-hyacinth in the Narail subdivision.
Khulna ...	903,300*	722,700	899,000	100	100	December. Normal.	Weather was favourable, but high winds and rains in the end of December last and in the beginning of January caused slight damage to the crop.
Burdwan	721,100	693,200	721,400	75	92	December ...	The increase in area is due to sufficient rains. The weather was favourable since the submission of the second forecast.
Birbhum	604,700	537,000	547,900	67	92	Latter part of November, a little early.	The outturn is a little below the normal owing to drought, causing a little damage.
Bankura ...	440,000	320,000	374,000	58	125	End of November. Normal.	The increase in area is due to sufficient rainfall. The weather was dry since the issue of the second forecast. The outturn is above the normal owing to favourable weather conditions throughout the season.
Midnapore ...	1,537,100	1,411,800	1,152,600	75	87	November. Normal.	The weather was favourable since the submission of the second forecast. Nearly half the area of Bhagabanpur, Patashpur and Khejri police-stations in the Contai subdivision, and of Panskura and Nandigram police-stations in the Tamluk subdivision and part of Narayangarh, Sabang and Pingla police-stations in the Sadar subdivision were damaged by floods. The outturn is consequently below the normal.
Hooghly ...	352,100	142,000	137,800	67	98	End of November. Normal.	The increase in area is due to favourable weather condition. The outturn is a little below the normal owing to late transplantation and to some damage by flood in the Arambagh subdivision.
Howrah ...	117,000	92,700	90,540	83	92	Last week of November. Normal.	The decrease in area is due to excessive rainfall at the sowing time. The weather and its effects on the cultivation and growth of the crop were favourable.
Rajshahi ...	822,700	925,400	588,400	83	75	December. Normal.	The large decrease in area is due to more extensive cultivation of jute this year. Damage to the extent of two annas was reported from Nator. The outturn is below the normal owing to want of timely rain, which retarded transplantation and also growth of the crop.
Dinajpur ...	1,035,800	996,000	900,000	75	52	First week of December. Normal.	The decrease in area is due to want of timely rainfall. The weather was not at all favourable. Some damage was caused in Thakurgaon subdivision and in Birol police-station by drought and insect-pests, respectively. The outturn is much below the normal owing to deficient rainfall.

* Revised on the basis of settlement records.

Jalpaiguri ...	467,400*	431,500	413,000	117	88	Middle of November. Normal.	The decrease in area is due to the unfavourable weather conditions at the time of transplantation.
Darjeeling ...	30,800	56,600	24,900	100	88	November. Normal.	The weather was fairly favourable.
Rangpur	692,000	589,000	581,000	115	100	First week of December. Normal.	The decrease in area is due to increase in area under jute. The weather was favourable.
Bogra	361,200	312,600	273,600	100	75	Middle of November.	The unfavourable conditions of weather are responsible for the low outturn.
Pabna	404,200	412,800	396,300	100	100	End of November. Normal.	The decrease in area is due to increase in area under jute. The weather was favourable since the submission of the second forecast, but some damage was caused by insect-pests in the Sadar subdivision.
Malda	304,000	250,000	196,000	83	42	Beginning of Decber. A little late.	The decrease in area is due to want of timely rainfall. The weather was not favourable and its effects on cultivation and growth of the crop were rather bad. The outturn is below the normal owing to damage caused by drought in the beginning and at the end of the season.
Dacca	672,400	679,500	476,500	97	96	November. Normal.	The decrease in area is due to increased cultivation of jute. The weather was favourable. The outturn is a little below the normal owing to some damage caused by insect-pests in the Sadar and Manikganj subdivisions.
Mymensingh ...	1,455,500	1,384,500	1,351,300	100	75	Latter part of November. Normal.	The decrease in area is due to increase in area under jute. The weather was favourable. The outturn is below the normal owing to some damage caused by floods and insects in the Netrakona subdivision.
Faridpur	759,900	730,500	611,800	105	68	November. Normal.	The decrease in area is due to increase in area under jute. The weather was not favourable since the submission of the second forecast. The outturn is below the normal owing to considerable damage caused by drought at the flowering time, water-hyacinth and *maja* disease.
Bakarganj ...	1,300,000	1,371,000	1,146,000	133	83	November. Normal.	The outturn is below the normal owing to the fact that the crop suffered much from high winds and rains in December and January.
Chittagong ...	418,400*	429,000	429,000	100	98	November and December. Normal.	The outturn is a little below the normal to damage caused by rains in the last part of November and by insect-pests in some area.
Tipperah ...	787,000	820,500	795,000	92	92	End of November. Normal.	The decrease in area is due to increased cultivation of jute. The weather was favourable. Damage to the extent of two annas was caused by water-hyacinth in Brahmanbaria. The outturn is consequently a little below the normal.
Noakhali ...	705,000	643,500	445,000	92	92	November. Normal.	The decrease in area is due to cultivation of jute in a larger area. The weather was favourable at the sowing time but unfavourable afterwards. The outturn is a little below the normal owing to damage done by excessive rains.
Chittagong Hill Tracts.	50,000	43,500	45,000	87	87	Second week of November. Normal.	The increase in area is due to opening of new lands for plough cultivation. The weather was bad since the submission of the second forecast. The outturn is much below the normal owing to damage caused by untimely rain in the last week of December last.
Total Bengal ...	16,940,700	15,619,300	14,290 300	92	85

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for January 1927.

I. **Character of the season.**—During the second week of the month there was a general rain throughout the Presidency, the fall being above the average everywhere except in Darjeeling and Cooch Behar. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Reaping of winter paddy was completed and threshing operation continued in full swing. Harvesting of early spring crops and pressing of sugarcane were progressing favourably. Transplantation of summer rice and ploughing of lands for jute and other autumn crops were much facilitated by the recent rain.

III. **State of standing crops.**—The condition of standing crops was generally fair owing to adequate rainfall, excepting the early spring crops in some East Bengal districts which have been affected a little.

IV. **Prospects and probable outturn.**—A fair harvest for the spring crops is anticipated. The outturn of sugarcane was estimated at 80 per cent. of the normal.

V. **Damage to standing crops.**—Slight damage was caused by the rain to paddy and potatoes in Burdwan and to the early spring crops in some East Bengal districts and the Tripura State; elsewhere no damage was reported.

VI. **Condition of agricultural stock.**—The condition of agricultural stock was reported to be fairly good. Sporadic cases of cattle-disease were, however, reported from eleven districts. In the Sunderbans area in the district of Bakarganj rinderpest in an epidemic form still continued.

VII. **Failure of pasturage and fodder.**—No insufficiency of fodder was reported from any part of the Presidency.

VIII. **Prices of food-grains.**—During the second half of the month the price of the cheapest quality of rice rose in seven districts, fell in four and remained stationary in the rest of the Presidency. It ranged from 5 seers 2 chitaks per rupee in Calcutta to 7 seers 4 chitaks per rupee in Burdwan.

IX. **Condition of agricultural population.**—The condition of agricultural population continued to be fair.

NOTIFICATIONS.

No. 2580A.—The 21st February 1927.—Whereas by notification No. 2578A., dated the 21st February 1927, His Excellency the Governor has been pleased to call upon the Bengal Chamber of Commerce constituency of the Bengal Legislative Council to elect members to the said Council :

Now, therefore, the Governor in Council is pleased, in exercise of the powers conferred by clauses (*a*) and (*b*) of sub-rule (*2*) of rule 11 of the Bengal Electoral Rules, and in pursuance of sub-rule (*3*) of that rule, to prescribe the 3rd of March 1927 as the date for the nomination of candidates and for the delivery of nomination papers to the Returning Officer, the 4th of March 1927 as the date on which the scrutiny of nomination shall be held, and the 21st of March 1927 as the date on or before which the Returning Officer shall send a ballot paper to each elector, under Regulation LIV of the Bengal Electoral Regulations.

No. 2631A.—The 22nd February 1927.—The following revised rules regulating the Ladies' Vernacular (Hindustani and Bengali) Examination in Bengal are published for general information :—

1. The examination will be held in the Hindustani and in the Bengali languages and will be conducted by the Board of Examiners, Army Headquarters, Simla or Delhi.

2. The examination will be open to ladies of non-Asiatic domicile who are the wives, daughters, or sisters of gazetted officers serving directly under the Government of Bengal, whether Civil officers or Military officers in civil employ, provided that no lady shall be examined in her own mother-tongue.

NOTE.—The lady's own status will determine domicile which will be decided in consonance with the following rules :—

1. A lady can have only one domicile.
2. The domicile of origin of every lady of legitimate birth is in the country in which at the time of her birth her father was domiciled, or, if she is a posthumous child, in the country in which her father was domiciled at the time of the father's death.
3. The domicile of origin of an illegitimate child is in the country in which at the time of her birth her mother was domiciled.
4. The domicile of origin prevails until a new domicile has been acquired, and a new domicile continues until the former domicile has been resumed or another has been acquired.
5. (1) A lady acquires a new domicile by taking up her fixed habitation in a country which is not that of her domicile of origin.
   (2) Any lady may, if the law of any country so provides, and subject to any such provisions, acquire a domicile in that country by making, in accordance with the said provisions, a declaration of her desire to acquire such domicile.

Explanation 1.—A lady is not to be considered as having taken up her fixed habitation in a country merely by reason of her residing there in His Majesty's Civil or Military Service or in the exercise of any profession or calling.

Explanation 2.—A lady does not acquire a new domicile in any country merely by reason of residing as a part of the family or as a servant of any ambassador, consul, or other representative of the Government of another country.

3. Successful candidates will be furnished with certificates by the Board of Examiners. Their names will be published in the *Calcutta Gazette.*

4. Examinations will be held twice annually at Calcutta, in March or April, and in September or October. The exact time and place of the examination will be notified to intending candidates by the Secretary, Board of Examiners.

5. Candidates for examination should apply to the Under-Secretary, Appointment Department, Government of Bengal, at least two months before the date of examination.

6. The examination consists of two parts, one colloquial and the other written in the vernacular script. The former is the "Ladies' Vernacular Examination—Colloquial" and the latter the "Ladies' Vernacular Examination—Written". The reward for passing each test is Rs. 100, but if the two parts are taken up together the candidate is eligible for a reward of Rs. 200 for passing both the tests. A candidate who passes in one test on one occasion is permitted to earn a second reward by passing the other test on another occasion.

The Colloquial test consists of—

(*i*) *Viva voce* translation into the vernacular of English sentences, read out by the examiner.

(*ii*) *Viva voce* translation into English of sentences in the vernacular, read out by the examiner or by an Indian.

(*iii*) Conversation with an Indian in the vernacular on subjects mentioned by the examiner.

An aggregate of 75 per cent. of marks is required to pass.

The Written part consists of—

(*i*) Written translation into the vernacular of a paper of English sentences ... ... 1 hour paper.

(*ii*) Written translation into English of a paper of sentences in the vernacular ... ... 1 „ „

Sixty per cent. of marks in each paper is required to pass.

LAND ACQUISITION.

No. 2306L.A.—The 12th February 1927.—The following Agreement is published under section 42 of the Land Acquisition Act, I of 1894, for general information.

Jessore.

F. A. SACHSE,

Secretary to the Government of Bengal (offg.).

MEMORANDUM OF AGREEMENT made this 10th day of February 1927 between the Jessore Central Co-operative Bank, Limited, a Bank (Co-operative Society) registered under the Co-operative Societies Act, II of 1912, and having its registered office at Jessore in Bengal (hereinafter called the Bank) of the one part and the Secretary of State for India in Council (hereinafter called the Secretary of State) of the other part.

Whereas for the purpose of the construction of office buildings and quarters, etc., the Bank has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, I of 1894, of the piece or parcel of land containing 0·62 of an acre or thereabout situate in the town of Jessore in the district of Jessore and more particularly described in the schedule hereto and delineated in the plan* hereunto annexed.

And whereas the said Government of Bengal being satisfied by an enquiry held under section 5A and clauses (*a*) and (*b*) of 40 (*1*) of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public has consented to acquire on behalf of the Bank the piece or parcel of land hereinbefore described.

And whereas the said Government of Bengal has required the Bank under the provisions of section 41 of the abovementioned Act to enter into agreement with the Secretary of State hereinafter contained. Now this Indenture witnesseth that it is hereby agreed and declared as follows :—

1. On demand the Bank shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, I of 1894, or by the court to which a reference under Part III of the said Act may be made or by the court or courts to which an appeal from the award of the said court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid courts or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the Bank under the last preceding clause not being thereby limited the Bank shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Bank of all demands under the foregoing first clause or in discretion of the said Government of Bengal (on deposit by the Bank of all estimated amounts as provided in the second clause) but not before possession shall have been taken under the provisions of the abovementioned Act, the Secretary of State shall make over possession of the said land to the Bank and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Bank.

4. The said land shall be held by the Bank for the purposes of such buildings as are hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said buildings shall be completed (and fully equipped in all respects ready for use) within two years from the date on which possession of the said land shall have been given to the Bank.

6. Should the said buildings not be completed (and fully equipped in all respects ready for use) within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of twelve consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case the said Government may summarily re-enter upon and take possession of the land said together with all buildings thereon, whether such buildings were erected before or after transfer of the land to the Bank and thereupon the interest of the Bank in the said land and buildings shall absolutely cease and determine.

* Not printed herewith, but may be inspected in the office of the Collector of Jessore.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(*i*) Should the said Government sell the land with the buildings the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Bank.

(*ii*) Should the said Government decide not to sell the land and buildings the said Government shall retain the said land and buildings thereon in which case the Secretary of State shall repay to the Bank the market value as on the day of re-entry of all the buildings erected by the Bank and all sums received from the Bank in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sums paid and received on account of costs, charges and expenses.

(*iii*) Should the said Government decide to sell the buildings only upon such sale the Secretary of State after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the Bank together with the sum received from the Bank in respect of the compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the Bank on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sum paid and received on account of costs, charges and expenses.

8. The public shall be entitled to use the buildings subject to the laws and rules governing co-operative societies.

9. Should any dispute or difference arise touching or concerning the subject matter of this agreement or any convenant clause or thing herein contained, the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

In witness whereof the Jessore Central Co-operative Bank, Limited, has caused its common seal to be affixed and the Secretary of State for India in Council hath hereunto set his hand and seal the day and year first above written.

The common seal of the abovenamed Jessore Central Co-operative Bank, Limited, was hereto affixed in the presence of—

NOTIFICATION.

New Delhi, the 4th February 1927.

No. F.-34-C. S. R./27.—The following Resolution by the Secretary of State for India in Council is published for general information :—

In exercise of the powers conferred by sub-section (2) of section 96B of the Government of India Act, the Secretary of State, with the concurrence of the majority of votes at a meeting of the Council of India held this 4th day of January 1927, hereby makes the following amendments to the Passage (Subordinate) Rules, 1925, namely :—

In Rule 1 of the said Rules, in sub-rule (2), for the words "services other than one of the recognised Civil Services" the words "a definite period of not less than three years' service" shall be substituted, and after sub-rule (2) the following shall be inserted, namely :—

"(3) Female employés shall not be entitled to the benefits admissible to the families of male employés."

In Rule 2 of the said Rules, after the word "home" the words "or usual place of residence" shall be inserted.

For Rule 6 of the said Rules the following shall be substituted, namely :—

"6. When an employé is granted leave on medical certificate the Government will, but not more than twice during his service, pay half the cost of passages from and/or to India for his family if they accompany him or precede or follow him within a time fixed by Government. But the cost of this concession shall not exceed half the cost of passages to and/or from the United Kingdom."

In Rule 9 of the said Rules, for the words "provided always that" the word "if" shall be substituted, and at the end of the Rule the following shall be inserted, namely :—

"and provided further that he actually quits the service in India and leaves India within such time as the Government may direct. A female employé whose service is terminated by marriage shall not be eligible for passage under this Rule."

And the said Rules shall have effect, and be deemed always to have had effect, as though they had been enacted as so amended.

Public Service Commission.

APPLICATIONS are invited for the post of Wood Technologist at the Forest Research Institute, Dehra Dun.

Applicants must be under 26 years of age, must be statutory natives of India, hold an honours degree in subjects including Botany, and possess a knowledge of the structure and properties of timbers. It is desirable that applicants should have some knowledge of mechanics and mathematics, some experience in scientific research including microscopy and microphotography, and some acquaintance with Indian forest conditions.

The successful applicant will be required to proceed to Syracuse University, United States of America, early in April 1927 for a two years' course of training, and to enter into a bond to serve the Government of India for a period of five years after completion of the course. He will be provided with a second class return passage to and from Syracuse and will be granted a scholarship of £350 per annum during his period of training.

If the applicant satisfactorily completes his course of training he will be engaged on a five years' contract on a pay of Rs. 350—50—550 a month. If he completes that period to the satisfaction of the Government and the post of Wood Technologist is retained, his agreement will be renewed on higher pay. No pension or gratuity will be admissible.

Applications should be sent to the Public Service Commission so as to arrive not later than 7th March 1927. They should be accompanied by a full record of the applicant's career and by not more than three testimonials. The names of three persons should also be given to whom references may be made. Applications from Forest officers serving under local Governments should be submitted through the local Government.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

New Delhi, the 17th January 1927.

No. F.-113-I-27-A. C.—Under rule 18 of the Indian Legislative Rules the Governo General has been pleased to order the publication in the Gazette of India of the following Bill, together with the Statement of Objects and Reasons relating thereto, and the Bil and Statement of Objects and Reasons are accordingly published for general information :—

BILL NO. 1 OF 1927.

A Bill further to amend the Indian Coinage Act, 1906, and the Indian Paper Currency Act, 1923, for certain purposes, and to lay upon the Governor General in Council certain obligations in regard to the purchase of gold and the sale of gold exchange.

WHEREAS it is expedient further to amend the Indian Coinage Act, 1906, and the Indian Paper Currency Act, 1923, for certain purposes, and to lay upon the Governor General in Council certain obligations in regard to the purchase of gold and the sale of gold exchange ; It is hereby enacted as follows :— III of 1906. X of 1923

Short title, extent and commencement.

1. (*1*) This Act may be called the Currency Act, 1927.

(*2*) It extends to the whole of the British India, including British Baluchistan and the Sonthal Parganas.

(*3*) It shall come into force on the 1st day of April, 1927.

Amendment of Act III of 1906.

2. In the Indian Coinage Act, 1906,— III of 1906.

(*a*) for section 11 the following section shall be substituted, namely :—

Demonetization of sovereign and half-sovereign.

"11. Gold coins, whether coined at His Majesty's Royal Mint or at any Mint established in pursuance of a proclamation of His Majesty as a branch of His Majesty's Royal Mint, shall not be legal tender in British India in payment or on account, but such coins shall be received at any Government currency office and, at any time after the 30th day of June, 1927, at any Government Treasury, at the bullion value of such coins calculated at the rate of 8·47512 grains troy of fine gold per rupee "; and

(*b*) the word "and" at the end of clause (*d*) of sub-section (*2*) of section 21 and clause (*e*) of that sub-section shall be omitted.

Amendment of Act X of 1923.

3. In the Indian Paper Currency Act, 1923— X of 1923.

(*a*) to section 2 after the words "in this behalf" the following shall be added, namely :—

"and

'gold bullion' includes gold coin ";

(*b*) in clause (*a*) of section 11, the words "or in gold coin which is legal tender under the Indian Coinage Act, 1906" shall be omitted ;

(*c*) in section 13—

(*i*) the words "for gold coin which is not legal tender under the Indian Coinage Act, 1906, or" shall be omitted ; and

(*ii*) for the figures "11·30016" the figures "8·47512" shall be substituted ;

(*d*) in section 18—

(*i*) in sub-section (*4*), the words "sovereigns, half-sovereigns" and the words "coin and" shall be omitted ; and

(*ii*) in clause (*a*) of sub-section (*8*), for the figures "11·30016" the figures "8·47512" shall be substituted ;

(*e*) in section 19—

(*i*) in sub-section (*3*), the words "sovereigns, half-sovereigns" shall be omitted, and in the *Explanation*, after the word "sub-section", the following words and figures shall be inserted, namely :—

"gold bullion shall be reckoned at the rate of one rupee for 8·47512 grains troy of fine gold, and" ; and

(*ii*) in sub-section (*5*), the words "coins or", and the word "coin", where it occurs for the second time, shall be omitted.

Obligation upon Government to purchase gold bullion tendered for sale.

4. Any person who offers for sale to the Governor General in Council at the office of the Master of the Mint, Bombay, or at any other place notified in this behalf by the Governor General in Council in the Gazette of India, gold in the form of bars containing not less than 1,065 tolas of fine gold shall, subject to such conditions as the Governor General in Council may, by notification in the Gazette of India, prescribe, be entitled to receive payment for the same at the rate of twenty-one rupees, three annas and ten pies per tola of fine gold.

Obligation upon Government to sell gold exchange

5. (*1*) The Governor General in Council shall sell, to any person who makes a demand in that behalf at the office of the Controller of the Currency, Calcutta, or of the Deputy Controller of the Currency, Bombay, and pays the purchase price in legal tender currency, at a rate equivalent to twenty-one rupees, three annas and ten pies per tola of fine gold, the currency of such gold standard country as may be notified in this behalf by the Governor General in Council in the Gazette of India, for immediate delivery in that country :

Provided that no person shall be entitled to demand an amount of currency of less value than that of 1,065 tolas of fine gold.

(*2*) For the purpose of determining the equivalent rate applicable to the sale of currency under this section, twenty-one rupees, three annas and ten pies shall be deemed to be equivalent to such sum in that currency as is required to purchase one tola of fine gold in that country at the rate at which the principal currency authority of that country is bound by law to give gold in exchange for currency, after deduction therefrom of an amount representing the normal cost per tola of transferring gold bullion in bulk from Bombay to that country, including interest on its value during transit.

(*3*) The Governor General in Council shall, from time to time, determine the equivalent rate in accordance with the provisions of sub-section (*2*), and shall notify the rate so determined in the Gazette of India.

(*4*) In this section "gold standard country" means any country from which any person is at liberty to export gold and in which any person may obtain gold on demand from the principal currency authority on payment of the equivalent thereof, as prescribed by law, in legal tender money.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to give effect to those recommendations of the Royal Commission on Indian Currency and Finance which relate to the immediate stablisation of the Rupee in relation to gold and to the interim measures required during the transition period pending the bringing into operation of their proposals for the transfer to a Reserve Bank of India of the control of the Note issue and other functions at present performed by the Secretary of State and by the Government of India.

2. The Commission recommend in paragraph 175 of their Report that the Rupee should be stabilised in relation to gold at a rate corresponding to an exchange rate of 1*s.* 6*d.* gold for the rupee, that is, at the rate of one rupee for 8·47512 grains of gold. Clause 2 and all but the last portion of sub-clause (*e*) (*i*) of clause 3 are designed to give effect to this recommendation and at the same time to remove the legal tender quality of the sovereign and the half-sovereign, which are at present legal tender at the rate of 2*s.* for the rupee, in accordance with the Commission's recommendation in paragraph 66 of their Report that these gold coins must be demonetised in order to enable a real gold bullion standard to be established. In order, however, to enable the small holders of these coins to convert them into legal tender money, it is proposed to provide for the receipt of these coins in any quantities at their bullion value at the rate of 8·47512 grains of gold per rupee.

3. The Commission recommend in paragraph 166 of their Report that, until the Reserve Bank of India takes over the control of the Note issue, the Government of India must be under a statutory obligation to buy gold and to sell gold or gold exchange at its option at the gold points of the accepted gold parity of the rupee. During the transitory period, the Government of India would be engaged in building up the gold holding in the Reserve and would not therefore exercise its option to give gold. Clauses 4 and 5 are designed to give effect to this recommendation as modified above.

4. Opportunity has been taken to amplify the *Explanation* to sub-section (*3*) of section 19 of the Indian Paper Currency Act, 1923, which contains the temporary provisions, so as to provide for the valuation of the gold bullion held in the Paper Currency Reserve on the lines of clause (*a*) of sub-section (*8*) of section 18 which refers to the permanent provisions which have not yet come into force.

5. It was announced in the press communiqué dated August the 4th, 1926, which accompanied the issue of the Commission's Report, that, pending legislation, the Government would take such steps as may be necessary to confine the movement of exchange within the approximate upper and lower gold points as calculated on the basis of a 1*s.* 6*d.* rupee, namely, 1*s.* 6 $\frac{3}{8}$*d.* and 1*s.* 5$\frac{7}{8}$*d.*, respectively, and the Government undertook in the same communiqué to lay proposals before the Legislature during the next Session in order to give the Legislature the earliest possible opportunity of considering the matter. A Bill designed to give effect to that undertaking was accordingly placed before the Legislature in August last. Further consideration of the Bill was postponed and the Bill automatically lapsed on the dissolution of the last Assembly. The present Bill is substantially the same in its purposes as the Bill introduced in August last, but the opportunity has been taken to effect certain improvements in the drafting.

Temporary saving of existing Central Board.

24. Notwithstanding any amendment made in the said Act by this Act in regard to the manner in which the Central Board shall be constituted, the Central Board existing at the commencement of this Act shall, until it can be re-established in accordance with the said Act as amended by this Act, continue to transact business and shall have all the powers of the Central Board under the said Act as so amended.

STATEMENT OF OBJECTS AND REASONS.

The Royal Commission on Indian Currency and Finance have recommended that with the transfer to the Reserve Bank of India of the purely central banking functions, which are at present performed by the Imperial Bank of India, the latter should be freed from the restrictions which on account of its hybrid nature are at present imposed upon

that Bank. This Bill is intended to remove some of those restrictions and to modify the control of Government over the operations of the Bank. The amendments to the Imperial Bank of India Act proposed in this Bill have been accepted by the Central Board of the Bank subject to any further modifications deemed necessary later on in the light of further consideration. The more important provisions of the Bill are :—

It is proposed to replace section 10 of the Imperial Bank of India Act by another authorising the Bank to enter into an agreement with the Reserve Bank of India to conduct Government business as agent of the Reserve Bank.

It is proposed to remove the limitation imposed by section 9 on the business which the Bank may transact at its London office, and to give specific powers to the Bank to open branches outside India in London and elsewhere.

It is also proposed to give the Bank extended powers in regard to its internal business and to remove restrictions on the foreign exchange business which the Bank may transact.

At present the Controller of the Currency is an *ex officio* member of the Central Board of the bank and the Governor General in Council nominates 4 other members to the Board under section 28 of the Imperial Bank of India Act. Although the Imperial Bank of India will transact Government business as the agent of the Reserve bank, it will have no direct connection with the Government, and it seems unnecessary for the Government to retain any measure of control over the operations of the Bank by the appointment of members to the Board. It is, therefore, proposed to remove the right of the Governor General in Council to appoint such members.

The Governor General in Council is now entitled under Regulation 54 of the Imperial Bank of India Act to require of the Central Board of the Bank any information touching the affairs of the Bank and the production of any documents of the Bank, and he may also require the publication of such statements of its assets and liabilities, in such form and at such intervals as he thinks fit. It is proposed to remove this power from the Governor General in Council, but, in order that he may be in a position to examine the affairs of the Bank in case of necessity, the provision by which he may appoint auditors under Regulation 59 to examine and report upon the accounts of the Bank is proposed to be retained.

2. A number of minor amendments incidental to the above are also made, and opportunity has been taken to introduce some small changes in the Act in sections which have been found difficult to work in practice.

NOTIFICATION.

New Delhi, the 17th January, 1927.

No. F.-114-I-27-A.C.—Under Rule 18 of the Indian Legislative Rules the Governor General has been pleased to order the publication in the Gazette of India of the following Bill, together with the Statement of Objects and Reasons relating thereto, and the Bill and Statement of Objects and Reasons are accordingly published for general information :—

BILL NO. 4 OF 1927.

A Bill to provide for the continuance of the protection of the steel industry in British India.

WHEREAS it is expedient, in pursuance of the policy of discriminating protection of industries in British India with due regard to the well-being of the community, that increased import duties should continue to be levied on certain iron and steel articles for the purpose of fostering and developing the steel industry in British India, and that the rates of the duties leviable in the application of that policy should be fixed for a period of seven years from the 1st day of April, 1927 ; It is hereby enacted as follows :—

Short title and commencement.

1. (*1*) This Act may be called the Steel Industry (Protection) Act, 1927.

(*2*) It shall come into force on the 1st day of April, 1927.

Amendment of section 3, Act VIII of 1894.

2. (*1*) For sub-section (*4*) of section 3 of the Indian Tariff Act, 1894, the following sub-sections shall be substituted, namely :— VIII of 1894.

"(*4*) If the Governor General in Council is satisfied, after such inquiry as he thinks necessary, that articles not of British manufacture chargeable under Part VII of the Second Schedule with a higher duty than similar articles of British manufacture are being imported into British India from any place outside India at such a price as is likely to render ineffective or excessive the protection intended to be afforded by such duty to similar articles manufactured in India, he may, by notification in the Gazette of India, increase or reduce such duty to such extent as he considers necessary either generally or in respect of such articles when imported from or manufactured in any country or countries specified in the notification :

Provided that the duty leviable on any such article shall in no case be less than the duty leviable on a like article of British manufacture.

(*5*) The Governor General in Council may, by notification in the Gazette of India, prescribe the conditions subject to which articles shall be deemed to be of British manufacture for the purposes of this section and of the Second Schedule."

(*2*) In the Second Schedule to the same Act there shall be made the amendments specified in the Schedule to this Act.

(*3*) The amendments made by this section other than those made in Parts I and II of the Second Schedule to the Indian Tariff Act, 1894, shall have effect only up to the 31st day of March 1934. VIII of 1894.

Statutory inquiry.

3. The Governor General in Council shall, not earlier than the 31st day of March 1933, and not later than the 31st day of March 1934, cause to be made, by such persons as he may appoint in this behalf, an enquiry as to the extent, if any, to which it is necessary to continue the protection of the steel industry in British India and as to the manner in which any protection found necessary should be conferred.

Repeal of Act XIV of 1924.

4. The Steel Industry (Protection) Act, 1924, is hereby repealed. XIV of 1924.

THE SCHEDULE.

AMENDMENTS TO BE MADE IN SCHEDULE II OF THE INDIAN TARIFF ACT, 1894.

(*See section 2.*)

1. In Part I after item No. 20 the following item shall be inserted, namely :—

"20A	ZINC, unwrought, including cakes, ingots, tiles (other than boiler tiles), hard or soft slabs and plates, dust, dross and ashes ; and broken zinc."	

2. In Part II—

(*a*) in the heading, after the words "liable to" the word "non-protective" shall be inserted ; and

(*b*) after item No. 39 the following heading and item shall be inserted, namely :—

	"METALS.		
39A	TIN, block	Ton	Rs. 250."

3. For items Nos. 60, 61 and 62 and the heading thereto the following shall be substituted, namely :—

	"METALS—IRON AND STEEL.	
60	IRON alloys.	
	,, angle, channel and tee not otherwise specified (*see* No. 143).	
	,, bar and rod not otherwise specified (*see* No. 144).	
	,, pig.	
	,, rice bowls.	
61	IRON OR STEEL anchors and cables.	
	,, ,, bolts and nuts, including hook-bolts and nuts for roofing.	
	,, ,, hoops and strips.	
	,, ,, nails, rivets and washers, all sorts, not otherwise specified (*see* No. 145).	
	,, ,, pipes and tubes ; also fittings therefor, that is to say, bends, boots, elbows, tees, sockets, flanges, plugs, valves, cocks and the like, excluding pipes, tubes and fittings therefor otherwise specified (*see* No. 146).	
	,, ,, railway track material not otherwise specified (*see* Nos. 63 and 150) including bearing plates, cast iron sleepers and fastenings therefor, and lever-boxes.	
	,, ,, tramway track material, not otherwise specified (*see* No. 150), including rails, fish-plates, tie-bars, switches, crossings and the like materials of shapes and sizes specially adapted for tramway tracks.	
	,, ,, sheets (including cuttings, discs and circles) under $\frac{1}{4}$ inch thick, whether fabricated or not, if coated with metals other than tin or zinc.	
	,, ,, plates and sheets (including cuttings, discs and circles) not under $\frac{1}{4}$ inch thick, not otherwise specified (*see* Nos. 146, 147, 153 and 154), whether fabricated or not.	
	,, ,, barbed or stranded fencing-wire and wire-rope.	
	,, ,, (other than bar or rod) specially designed for the reinforcement of concrete.	
	,, ,, expanded metal.	

62	STEEL, angle and tee if galvaniz l, tinned or lead coated.
	,, (other than bars) alloy, crucible, shear, blister and tub.
	,, (other than bars) made for springs and cutting tools by any process.
	,, ingots, blooms and billets, and slabs of a thickness of 1½ inches or more.
	,, bar and rod, the following kinds—
	(*a*) shapes specially designed for the reinforcement of concrete, if the smallest dimension is under ½ inch ;
	(*b*) all shapes and sizes, if—
	(i) of alloy, crucible, shear, blister or tub steel, or
	(ii) galvanized or coated with other metals, or
	(iii) planished or polished, including bright steel shafting ;
	(*c*) other qualities, if of any of the following shapes and sizes—
	(i) rounds under ½ inch diameter,
	(ii) squares under ½ inch size,
	(iii) flats, if under 1 inch wide and not over ½ inch thick,
	(iv) flats not under 8 inches wide and not over ½ inch thick,
	(v) ovals, if the dimension of the major axis is not less than twice that of the minor axis."

4. For item No. 63 and the heading thereto the following shall be substituted, namely :—

" RAILWAY PLANT AND ROLLING-STOCK.

63 RAILWAY MATERIALS for permanent-way and rolling-stock, namely, sleepers, other than iron and steel, and fastenings therefor ; bearing plates, fish bolts and nuts, chairs, interlocking apparatus, brake-gear, shunting skids, couplings and springs, signals, turn-tables, weighbridges, carriages, wagons, traversers, rail removers, scooters, trollies, trucks, and component parts thereof ; switches, crossings and the like materials made of alloy steel ; also cranes, water-cranes and water-tank when imported by or under the orders of a railway company :

Provided that for the purpose of this entry 'railway' means a line of railway subject to the provisions of the Indian Railways Act, 1890, and includes a railway constructed in a State in India and also such tramways as the Governor General in Council may, by notification in the Gazette of India, specifically include therein :

Provided also that nothing shall be deemed to be dutiable hereunder which is dutiable under No. 51 or No. 51A."

5. In item No. 87, before the word "tramcars" the words "CONVEYANCES not specified in No. 142, namely," shall be inserted.

6. After Part VI the following Part shall be inserted, namely :—

"PART VII.

Articles which are liable to protective duty at special rates.

No.	Name of Article.	Rate of duty.
	CONVEYANCES.	
142	COAL TUBS, tipping wagons and the like conveyances designed for use on light rail track, if adapted to be worked by manual or animal labour and if made mainly of iron or steel ; and component parts thereof made of iron or steel—	
	(*a*) if of British manufacture ...	Rs. 21 per ton or 17 per cent. *ad valorem*, whichever is higher.
	(*b*) if not of British manufacture	Rs. 21 per ton or 17 per cent. *ad valorem*, whichever is higher *plus* Rs. 15 per ton.
	METALS—IRON AND STEEL.	
143	IRON angle, channel and tee— (*a*) fabricated, all qualities—	
	(i) of British manufacture...	Rs. 21 per ton or 17 per cent. *ad valorem*, whichever is higher.
	(ii) not of British manufacture.	Rs. 21 per ton or 17 per cent. *ad valorem*. whichever is higher, *plus* Rs. 15 per ton.
	(*b*) not fabricated, kinds other than galvanized tinned or lead-coated and other than Crown or superior qualities—	
	(i) of British manufacture ...	Rs. 19 per ton.
	(ii) not of British manufacture.	Rs. 30 per ton
144	IRON, COMMON BAR not galvanized, tinned or lead-coated if not of any shape and dimension specified in clause (*a*) or clause (*c*) of No. 62—	
	(i) of British manufacture ...	Rs. 26 per ton.
	(ii) not of British manufacture.	Rs. 37 per ton.
145	IRON OR STEEL NAILS, wire or French.	Rs. 3 per cwt.
146	IRON OR STEEL PIPES and tubes and fittings therefor, if rivetted or otherwise built up of plates or sheets—	
	(*a*) galvanized	Rs. 33 per ton 17 per cent. *ad valorem*, whichever is higher.

No.	Name of Article.	Rate of duty.
146	IRON OR STEEL PIPES and tubes and fittings therefor, if rivetted or otherwise built up of plates or sheets—*concld.*	
	(*b*) not galvanized—	
	(i) not under $\frac{1}{8}$ inch thick—	
	of British manufacture	Rs. 21 per ton or 17 per cent. *ad valorem*, whichever is higher.
	not of British manufacture.	Rs. 21 per ton or 17 per cent. *ad valorem*, whichever is higher, *plus* Rs. 15 per ton.
	(ii) under $\frac{1}{8}$ inch thick—	
	of British manufacture	Rs 39 per ton or 17 per cent. *ad valorem* whichever is higher.
	not of British manufacture.	Rs. 39 per ton or 17 per cent. *ad valorem*, whichever is higher, *plus* Rs. 26 per ton.
147	IRON OR STEEL plates or sheets (including cuttings, discs and circles) not under $\frac{1}{8}$ inch thick and not of cast iron—	
	(*a*) fabricated, all qualities—	
	(i) of British manufacture	Rs. 21 per ton or 17 per cent. *ad valorem*, whichever is higher.
	(ii) not of British manufacture.	Rs. 21 per ton or 17 per cent. *ad valorem* whichever is higher *plus* Rs. 15 per ton.
	(*b*) not fabricated, chequered and ship, tank, bridge and common qualities—	
	(i) of British manufacture	Rs. 20 per ton.
	(ii) not of British manufacture.	Rs. 36 per ton.
148	IRON OR STEEL sheets (including cuttings, discs and circles) under $\frac{1}{8}$ inch thick—	
	(*a*) fabricated—	
	(i) galvanized	Rs. 33 per ton or 17 per cent. *ad valorem*, whichever is higher.
	(ii) all other sorts not otherwise specified (*see* No. 61)—	
	of British manufacture	Rs. 39 per ton or 17 per cent. *ad valorem*, whichever is higher.
	not of British manufacture.	Rs. 39 per ton or 17 per cent. *ad valorem*, whichever is higher, *plus* Rs. 26 per ton.
	(*b*) not fabricated—	
	(i) galvanized ...	Rs. 30 per ton.
	(ii) all other sorts not otherwise specified (*see* Nos. 61 and 154)—	
	of British manufacture	Rs. 35 per ton.
	not of British manufacture.	Rs. 59 per ton.

No.	Name of Article.	Rate of duty.
149	IRON OR STEEL WIRE, other than barbed or stranded fencing wire, wire-rope or wire-netting.	Rs. 60 per ton.
149A	IRON OR STEEL, the original material (but not including machinery, *see* Nos. 51 and 51A) of any ship or other vessel intended for inland or harbour navigation which has been assembled abroad, taken to pieces and shipped for reassembly in India : Provided that articles dutiable under this item shall not be deemed to be dutiable under any other item.	Rs. 23 per ton or 10 per cent. *ad valorem*, whichever is higher.
150	IRON OR STEEL RAILWAY TRACK MATERIAL—	
	A. Rails (including tramway rails the heads of which are not grooved)—	
	(*a*) (i) 30 lbs. per yard and over.	Rs. 13 per ton.
	(ii) fish plates therefor ...	Rs. 6 per ton or 10 per cent. *ad valorem*, whichever is higher.
	(iii) spikes and tie-bars therefor—	
	of British manufacture ...	Rs. 26 per ton.
	not of British manufacture ..	Rs. 37 per ton.
	(*b*) under 30 lbs. per yard, and fish-plates, spikes and tie-bars therefor :—	
	if of British manufacture ...	Rs. 26 per ton.
	if not of British manufacture.	Rs. 37 per ton.
	B. Switches and crossings and the like materials not made of alloy steel, including switches and crossings and the like materials for tramway rails the heads of which are not grooved—	
	(i) for rails 30 lbs. per yard and over.	Rs. 14 per ton or 17 per cent. *ad valorem*, whichever is higher.
	(ii) for rails under 30 lbs per yard—

154	STEEL, tinplates and tinned sheets, including in taggers and cuttings of such plates, sheets or taggers.	Rs. 48 per ton."

STATEMENT OF OBJECTS AND REASONS.

Section 6 of the Steel Industry (Protection) Act, 1924 (XIV of 1924), provides, that before the 31st day of March 1927, the Governor General in Council shall cause an inquiry to be made as to the extent, if any, to which it is necessary to continue the protection of the steel industry, and as to the duties and bounties which are necessary for the purpose of conferring such protection. By a Resolution, dated 3rd April 1926, the Tariff Board was directed to make the inquiry contemplated by the Act, and its recommendations are contained in the Report which has been published. This Bill is designed to give effect to the main recommendations of the Board.

2. In accordance with the Tariff Board's proposals, the Bill provides for the continuance of protection to the steel industry by means of increased duties on imports and not by the grant of bounties on production. The increased duties will have effect for a period of seven years from the 1st of April 1927 to the 31st of March 1934. It is made clear, however, in the preamble and in clause 2 (*3*) of the Bill that the limitation to seven years is applicable only to the rates of duty proposed to be fixed, and not to the policy of discriminating protection itself. Clause 3 of the Bill also provides for a statutory inquiry in the year 1933-34 in order to ascertain what amount of protection may still be necessary, and the manner in which it should be conferred.

3. Following the Tariff Board's recommendations, the Bill provides for the imposition of differential rates of duty on certain iron and steel articles. Such articles, if of British manufacture, will be subject to a lower rate of duty—which the Board call the basic duty—and if not of British manufacture, to a higher rate of duty. It is the difference between these two rates which constitutes what the Board call the additional duty. Power is taken in clause 2 (*1*) of the Bill to increase or reduce the duties on articles not of British manufacture, subject to the proviso that the duties on such articles shall not be less than the duties on similar articles of British manufacture. The duties to be imposed on unfabricated iron and steel by the Schedule to the Bill are the specific duties recommended by the Tariff Board. The Schedule also imposes on the various classes of fabricated steel an *ad valorem* duty of 17 per cent., and also, if the articles are not of British manufacture, an additional specific duty. The Board have proposed that the *ad valorem* duty on each class of fabricated steel should be subject to a specific minimum rate, in order to avoid the anomalies which have been found to arise when, as sometimes happens, the *ad valorem* duty on fabricated iron or steel is lower than the specific duty on unfabricated iron or steel of the same kind. Effect has been given to this proposal in the Schedule to the Bill, but in order to facilitate Customs administration and to prevent disputes as to the correct classification of particular consignments, the minimum and additional duties on all classes of fabricated iron or steel (other than iron or steel sheets) have been fixed at the same amounts.

4. Apart from the proposals made by the Tariff Board in the report submitted on the completion of the statutory inquiry, the Bill gives effect also to two recommendations made by the Board in earlier Reports. Both are closely connected with the continuance of protection to the steel industry. It is proposed to remove the duty on unwrought zinc and the main object of this change is to reduce the cost of manufacturing galvanized sheet and consequently the amount of protection it requires. The second proposal is the reduction of the duty on block tin from 15 per cent. *ad valorem* to Rs. 250 a ton, which has already been approved by Resolutions of the Assembly, passed on the 17th February, 1926, and of the Council of State, passed on the 23rd February 1926, with the object of giving supplementary assistance to the tinplate industry. Effect was given to the change by means of a Notification under section 23 of the Sea Customs Act, and it is now proposed to provide for the reduction of duty by an amendment to the Schedule of the Tariff Act, 1894. It is not intended that the removal of the duty on unwrought zinc and the reduction of the duty on block tin should remain in force only for a period of seven years, and by clause 2 (*3*) of the Bill these amendments of the Tariff Schedule are excluded from the operation of the seven years' limit.

5. Protective duties were imposed by the Steel Industry (Protection) Act, 1924, on certain kinds of iron or steel wire and on wire nails. The Tariff Board found it impossible to include in their Report proposals regarding these articles, and it is not certain that the Board will be able to submit their recommendations in time to allow of their consideration while the Bill is before the Legislature. In the Schedule to the Bill, therefore, the existing protective duties on wire and wire nails are continued, but it is the intention of the Government of India to bring the question of the continuance or modification of these duties before the Legislature in the Simla Session.

C. A. INNES.

14th January, 1927.

L. GRAHAM,

Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

[AS INTRODUCED IN THE LEGISLATIVE ASSEMBLY.]

A Bill further to amend the Code of Civil Procedure, 1908, for certain purposes.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for the purposes hereinafter appearing; It is hereby enacted as follows:— V of 1908.

Short title and commencement.

1. (*1*) This Act may be called the Code of Civil Procedure (Amendment) Act, 192 .

(*2*) It shall come into force on the 1st day of January, 1928.

Amendment of section 2, Act V of 1908.

2. In clause (*2*) of section 2 of the Code of Civil Procedure, 1908 (hereinafter referred to as the said Code), after sub-clause (*b*), the following shall be added, namely:— V of 1908.

"(*c*) any adjudication or decision relating to the manner in which a proclamation of sale in execution of a decree shall be drawn up or the matters included therein."

Substitution of new section for section 38, Act V of 1908.

3. For section 38 of the said Code the following section shall be substituted, namely :—

Courts by which decree may be executed.

"38. Subject to the provisions hereinafter contained, a decree may be executed by the Court which passed it or by any Court or Courts to which it is sent for execution or by all or any of such Courts simultaneously."

Amendment of section 39, Act V of 1908.

4. In section 39 of the said Code,—

(*a*) in clause (*b*) of sub-section (*1*), the words "has not property within the local limits of the jurisdiction of the Court which passed the decree sufficient to satisfy such decree and" shall be omitted; and

(*b*) after sub-section (*2*) the following sub-section shall be added, namely :—

"(*3*) Where a decree has been sent for execution to another Court and any property against which it can be executed is situated within the local limits of the jurisdiction both of the Court which passed the decree and of the Court to which it is so sent, the Court which passed the decree shall not execute the decree against such property until such other Court has certified the result of the execution to the Court which passed the decree."

Insertion of new section after section 39 in Act V of 1908.

5. After section 39 of the said Code the following section shall be inserted, namely :—

Objections to jurisdiction.

"39A. No objection as to the jurisdiction of any Court by which a decree has been executed shall be allowed by any appellate or revisional Court unless such objection was taken at the earliest possible opportunity in such first-mentioned Court and unless there has been a consequent failure of justice."

Insertion of new section after section 40, Act V of 1908.

6. After section 40 of the said Code the following section shall be inserted, namely :—

Pecuniary jurisdiction of Courts to which decrees may be sent for execution.

"40A. Nothing hereinbefore contained shall be deemed to authorise any Court by which a decree has been passed to send it for execution to any other Court, if the amount or value of the subject-matter of the suit in which the decree was passed exceeds the pecuniary limits of the ordinary jurisdiction of such other Court."

Amendment of section 47, Act V of 1908.

7. For the *Explanation* to section 47 of the said Code the following shall be substituted, namely :—

" *Explanation.*—For the purposes of this section,—

(*a*) any plaintiff whose suit has been dismissed or any defendant against whom a suit has been dismissed shall be deemed to be a party to the suit unless he has been improperly joined as a party and his name has been struck out by the Court or, in the case of a defendant, the plaintiff has claimed no relief from him ; and

(*b*) a purchaser at a sale in execution of a decree shall be deemed to be a representative both of the decree-holder and of the judgment-debtor to whom the property sold belonged. "

Amendment of section 60, Act V of 1908.

8. In the proviso to sub-section (*1*) of section 60 of of the said Code,—

(*a*) in clause (*h*), for the words " allowances (being less than salary)" the words " any subsistence grant or allowance ", and for the words " absent from duty " the words " under suspension " shall be substituted ; and

(*b*) in clause (*i*), for the words beginning with the words " the salary or allowances " and ending with the words " one moiety of the salary in any other case " the following shall be substituted, namely :—

the salary or, in a case where no salary is drawn, the allowances, other than subsistence grant or allowance, of any such public officer or servant as is referred to in clause (*h*), to the extent of—

(*i*) the whole of the salary or allowances, where the same does not exceed forty rupees monthly ;

(*ii*) forty rupees monthly, where the whole of the salary or allowances exceeds forty rupees and does not exceed eighty rupees monthly ; and

(*iii*) one-half of the salary or allowances in any other case ".

Amendment of section 63, Act V of 1908.

9. In sub-section (*1*) of section 63 of the said Code, for the words " under whose decree " the words " by whose order " shall be substituted.

Amendment of section 66, Act V of 1908.

10. To sub-section (*1*) of section 66 of the said Code after the words " the plaintiff claims ", the following shall be added, namely :—

" and in any suit or other proceeding instituted on or after the 1st day of January, 1928, no plea shall be maintainable by or on behalf of a defendant or any person opposing or objecting to any claim that any person certified as aforesaid made the purchase on behalf of such defendant, opponent or objector, unless such defendant, opponent or objector is in possession of the property."

Substitution of new section for section 72, Act V of 1908.

11. For section 72 of the said Code the following section shall be substituted, namely :—

Satisfaction of decree by alienation of immoveable property otherwise than by public sale.

72. (*1*) Where in any local area in which no declaration under section 68 is in force the property attached consists of land or of a share in land, the Court shall inform the Collector of the attachment and shall, if it is satisfied, whether on a representation made by him or otherwise, that the public sale of the land or share is objectionable and that satisfaction of the decree may be made within a reasonable time by a temporary alienation of the land or share, either provide or authorise the Collector to provide for such satisfaction in such manner as it or he, as the case may be, thinks fit, instead of proceeding to a sale of the land or share.

(*2*) Where the Court authorises the Collector to provide for the satisfaction of the decree under sub-section (*1*), the provisions of sections 69 to 71 and of any rules made in pursuance thereof shall apply so far as they are applicable."

Amendment of section 73, Act V of 1908.

12. (*1*) In sub-section (*1*) of section 73 of the said Code, for the words "the assets, after deducting the costs of realization, shall be rateably distributed among all such persons" the following shall be substituted, namely :—

"the costs of realization shall be deducted from such assets, and of the remainer one-fortieth part shall be payable to ehe person by whom the first of such applications was made, and the balance shall be rateably distributed among all the persons who have made such applications."

(*2*) In sub-section (*2*) of the same section the word "rateably" shall be omitted.

Amendment of section 102, Act V of 1908.

13. In section 102 of the said Code, after the words "five hundred rupees" the following shall be added, namely :—

"or, without the leave of the Court, in any proceeding for the determination of any question within section 47."

Substitution of new section for section 145, Act V of 1908.

14. For section 145 of the said Code the following section shall substituted, namely :—

Enforcement of liability against a surety or against property given as security.

"145. (*1*) Where any person has become liable as a surety, or where any immoveable property is made liable as security,—

(*a*) for the performance of any decree or any part thereof, or

(*b*) for the restitution of any property taken in execution of a decree, or

(*c*) for the payment of any money, or for the fulfilment of any condition imposed on any person, under an order of the Court in any suit or in any proceeding consequent thereon,

the decree or order may be executed, in the manner provided for the execution of decrees, against such person, after giving to him such notice as the Court may consider sufficient, to the extent to which he has rendered himself personally liable, or as the case may be, against the property made liable as security, to the extent of the amount secured.

(*2*) For the purposes of section 47, a person against whom a decree is being, or has been, executed under sub-section (*1*) shall be deemed to be a party to the suit or proceeding, and any order relating to the attachment and sale of any property made liable as security under that sub-section shall be deemed to be the determination of a question within that section, and the provisions of that section shall apply accordingly :

Provided that the Court may, if it thinks fit, direct the person who has applied for the execution of the decree or order to institute a suit for the enforcement of such security."

Amendment of section 152, Act V of 1908.

15. Section 152 of the said Code shall be renumbered as sub-section (*1*) of that section, and to that section as so re-numbered the following sub-section shall be added, namely :—

"(*2*) The power conferred by sub-section (*1*) upon the Court in respect of its own decrees or orders may be

exercised in respect of any decree or order sent to it for execution, and any correction made in a decree or order in exercise of this power shall be communicated forthwith to the Court by which a decree or order was passed."

Amendment of Order XX, First Schedule, Act V of 1908.

16. For rule 7 in Order XX in the First Schedule to the said Code (that Schedule being hereinafter referred to as the said Schedule) the following rule shall be substituted, namely :—

Date, scrutiny and, signature of decree.

"7. (*1*) The decree shall bear date the day on which the judgment was pronounced.

(*2*) As soon as the decree has been drawn up, the Court shall cause a notice to be exhibited upon a conspicuous part of the Court-house stating that such decree has been drawn up and saying that it may be scrutinised by the parties or their recognised agents or pleaders, and shall cause a copy of the notice to be served on the pleader, if any, or on any one of several pleaders, duly appointed to act for any party.

(*3*) Any party to the suit or the recognised agent or pleader of any such party may, within three days of the exhibition of the notice or, where a copy of the notice has been served on a pleader of such service, either sign the decree or prefer an objection to the Court that the decree has been incorrectly prepared.

(*4*) After the expiry of the period of three days referred to in sub-rule (*3*), the Judge shall, if he is satisfied that the notice has been exhibited, or exhibited and served, as required by sub-rule (*2*) and that the decree is drawn up in accordance with the judgment, sign the decree.

(*5*) Where any party or the recognised agent or pleader of any party has failed or refused to sign the decree, the fact of such failure or refusal shall be recorded by the Court on the decree."

Amendment of Order XXI, First Schedule, Act V of 1908.

17. In Order XXI in the said Schedule, the following amendments shall be made, namely :—

(*1*) After rule 2 the following rule shall be inserted, namely :—

Agreement not to execute decree.

"2A. No Court executing a decree shall recognise or give effect to any plea by a judgment-debtor that prior to the passing of the decree the decree-holder had agreed not to execute the decree either wholly or in part against him".

(*2*) Rule 6 shall be re-numbered as sub-rule (*1*) of rule 6, and to that rule the following sub-rules shall be added, namely :—

"If the Court sends the decree for execution to more Courts than one, it shall, from time to time, inform each such Court of the names of all other Courts to which the decree has been so sent, and shall send to each such Court a certificate setting forth the extent to which the satisfaction of the decree has been obtained by execution whether by itself or by any other Court to which it has been sent.

(*3*) Where the decree has been sent for execution to more Courts than one, no such Court shall cause to be sold, otherwise than as hereinafter provided in rule 43, any property which has been attached in execution of the decree save by direction of the Court which sent the decree."

(*3*) In rule 29, after the words "of such Court" the words "or of a decree which has been sent for execution to such Court" shall be inserted.

(*4*) In rule 53—

(*a*) in clause (*a*) of sub-rule (*1*), after the words "if the decrees were passed by the same Court" the words "or if the decree sought to be attached was passed by the Court to which the decree under execution has been sent for execution" shall be inserted ;

(*b*) in clause (*b*) of the same sub-rule, after the words "which passed", in both places where they occur, the words "or is executing" shall be inserted ; and

(*c*) in sub-rule (*4*), after the words "which passed" the words "or is executing" shall be inserted.

(*5*) In rule 98, for the words "at his instigation", in both places where they occur, the words "on his behalf" shall be substituted.

Amendment of order XLI, First Schedule, Act V of 1908.

18. In Order XLI in the said Schedule,—

(*i*) rule 2 shall be re-numbered as sub-rule (*1*) of rule 2, and to that rule the following sub-rule shall be added, namely :—

"(*2*) No appellant shall, except by leave of the Court, urge or be heard in support of any objection that the decree has not been drawn up in accordance with the judgment, unless a like objection has been taken by him or on his behalf in the Court which passed the decree and before the decree was signed by the Judge of that Court";

and

(*ii*) after rule 10 the following rule shall be inserted, namely :—

Security for costs in appeals by judgment-debtor against order in execution.

"10A. The Appellate Court shall, in every case of an appeal preferred by a judgment-debtor against an order determining a question within section 47 where the decree under execution is one for the payment of money only, before the respondent is called upon to appear and answer, demand from the appellant security for the due satisfaction of the decree, and, if such security is not furnished within such time as the Court orders, the Court shall reject the appeal."

STATEMENT OF OBJECTS AND REASONS.

In Chapters 29, 30 and 31 of their Report the Civil Justice Committee made a number of recommendations for the amendment of Part II and Order XXI of the First Schedule, Code of Civil Procedure, 1908, relating to the execution of decrees and orders. The Bill gives effect to those recommendations which involve amendments in Part II of the Code, and a few amendments in Order XXI. The remaining recommendations for the amendment of that Order are under separate consideration.

Clause 2 makes it clear that orders settling a sale proclamation under rule 66 of Order XXI, First Schedule to the Code, are purely administrative and subject neither to appeal nor revision.

Clauses 3 and 4 permit concurrent execution by several courts subject to the restriction imposed by the decision of the Privy Council in the Maharaja of Bobbili's case (I. L. R. 39, Madras 640). Sub-rules (2) and (3) to rule 6 of Order XXI, proposed in *clause 17*, provide necessary safeguards.

Clause 5.—New section 39A extends the principle of section 21 of the Code to execution proceedings.

Clause 6.—New section 40A makes it clear that the court which executes the decree must be a court which would have been competent to make the decree.

Clauses 7 and 13.—The intention of the *Explanation* to section 47 is made clearer, and second appeals are made subject to special leave. *Clause 18* (*ii*) provides that when a judgment-debtor appeals against an order under that section where the decree is for the payment of money only, he must give security for the decretal amount. The Committee's proposals for the restriction of first appeals from orders under that section are being separately provided for, as these cannot suitably be effected by an amendment of the Code.

Clause 8 correlates leave allowances other than subsistence grant or allowance to salary, while giving full exemption to subsistence grant or allowance.

Clause 10 extends, but not with retrospective effect, the scope of section 66 to the defendant, opponent, or objector who is not in possession of the property purchased.

Clause 11.—Revised section 72 gives Civil Courts authority similar to that now conferred by the section as it stands at present on the Collector for the satisfaction of the decree by a temporary alienation.

Clause 12 allows the creditor who has taken out execution to receive towards the satisfaction of his decree a preference to the extent of 2½ per cent. of the distributable fund in addition to his own share.

Clause 14.—Section 145 is revised so as to give the court power to realise the property or interest comprised in the security by execution in the suit or proceeding itself without a fresh suit. Power is, however, reserved to relegate the creditor to a fresh suit as a precaution to meet cases of special complication.

Clause 15 gives the court to which a decree is sent for execution concurrent power with the court which passes the decree to correct errors apparent on the face of the decree or order to be executed read with the judgment on which it is based. The executing court is required to communicate the correction to the court which passed the decree.

Clauses 16 and 18(i).—Pleaders are required to sign a decree when they are satisfied that it is in conformity with the judgment, and an appeal based on the ground that a decree has been improperly drawn up is barred except by special leave, unless an objection has been taken at the proper time in this manner in the court passing the decree.

Clause 17.—New rule 2A prohibits the entertainment by the executing court of a plea advanced by a judgment-debtor that the decree-holder had agreed that the decree should not be executed.

Sub-clauses (*3*) *and* (*4*) *and clause 9* give the court to which a decree has been transferred the powers conferred by rules 29 and 53 (*1*) of Order XXI on the court which passed the decree, and the former court is also given the same precedence under section 63 as the latter court.

Sub-clause (*5*) brings the wording of rule 98 of Order XXI into line with that of section 74 in respect of the words "at his instigation".

CALCUTTA, THE 17TH FEBRUARY 1927.

RESOLUTION—No. 596Medl.

Minister-in-charge : The Hon'ble Mr. S. Chakravarti.

Government have received reports from the Surgeon-General with the Government of Bengal describing the work done by the various hospitals of Calcutta and Howrah during the communal disturbances of 1926 and think it desirable to place on record their appreciation of the services rendered by

these hospitals to the victims of the riots. The situation created by the riots was one for which the staffs of the hospitals were naturally not at all prepared, but every one rose to the emergency, and in spite of limitations of staff and accommodation the situation was soon well under control. The brunt of the effect of the riots fell on the Medical College Hospitals, where 577 cases of men wounded in the rioting were treated during the month of April 1926, there being 82 admissions due to this cause on 2nd April alone and 108 on the following day.

The staffs of the Campbell, Mayo, Sambhunath Pandit and Carmichael Medical College Hospitals had to cope with a similar sudden influx of injury cases, while the October riots threw extra work on the Howrah General Hospital, but all showed the same energy and resource in dealing with the situation. The greatest credit is due to all concerned—Principals, Medical officers, students, nurses and menials—for the zeal with which they worked during this period and for the care and attention which they bestowed on the victims of the disturbances. Where all did well it is not easy to single out individuals for special praise. The names of the following have, however, been mentioned, and the Governor acting with his Minister-in-charge of the Medical Department wishes to convey his thanks to them as well as to all others concerned for their ungrudging labours and devotion to duty :—

Medical College Hospitals.

Major P. Banerji, I.M.S., Resident Surgeon.
Assistant Surgeon Pravash Chandra Banerjee, Emergency Officer.
Assistant Surgeon Lall Gopal Banerjee, Senior House Surgeon to the Professor of Surgery.
Assistant Surgeon Ashu Tosh Ghosh, Senior House Surgeon to the Professor of Clinical Surgery.

Special mention should also be made of the Co-operative Milk Societies Union, Limited, which never failed to supply milk to the Medical College Hospitals throughout the riots, in spite of the fact that two of its employees were injured.

By order of the Government
(Ministry of Medical Department),

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 16th February 1927.

Summary.—During the week light to moderate rainfall was almost general throughout the Presidency. Preparatory tillage for autumn crops is progressing under most favourable conditions. Harvesting of *rabi* crops is well advanced. The condition and prospects of standing crops are reported to be generally fair except in some districts where damage has been caused by heavy rain accompanied with hail. The average price of common rice for the province has risen by about 0·55 per cent. as compared with that of the previous week.

2. In exercise of the power conferred by sub-section (*1*) of section 6 of the said Act, the Government of Bengal (Ministry of Local Self-Government) are pleased to establish union boards for each of the unions hereby declared and to fix nine as the number of members of each union board.

3. In exercise of the power conferred by sub-section (*3*) of section 6 of the said Act, the Government of Bengal (Ministry of Local Self-Government) are pleased to direct that one-third of the members of each union board shall be appointed by the District Magistrate on the grounds that the electors are inexperienced and that such appointment is necessary for the due representation of minorities.

4. This cancels notifications No. 2278L.S.-G. and No. 2280L.S.-G., dated the 4th August 1920.

Minister-in-charge: The Hon'ble Hadji Mr. A. K. Abu Ahmed Khan Ghuznavi.

No. 658M.—The 22nd February 1927.—In exercise of the power conferred by section 27 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Local Self-Government) are pleased to appoint Mr. A. V. Nicolle as a Commissioner of the Howrah Municipality, *vice* Mr. J. D. Balfour.

Minister-in-charge: The Hon'ble Hadji Mr. A. K. Abu Ahmed Khan Ghuznavi.

Burdwan.

No. 660M.—The 22nd February 1927.—In exercise of the power conferred by clause (*a*) of section 59 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Local Self-Government) are pleased to approve the resolution passed by the Commissioners of the Asansol Municipality in the district of Burdwan, under section 23 of that Act, electing Dr. Nishi Kanta Choudrie to be their Chairman.

Minister-in-charge: The Hon'ble Mr. B. Chakravarti.

Faridpur.

No. 665M.—The 22nd February 1927.—The following draft order, which the Government of Bengal (Ministry of Local Self-Government) propose to make in exercise of the powers conferred by section 221 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 3rd May 1927, and any objection or suggestion which may be received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered :—

Draft order.

In exercise of the power conferred by section 221 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and upon the application of the Commissioners of the Madaripur Municipality, in the district of Faridpur, made in pursuance of a resolution passed at a meeting specially convened to consider the question, the Government of Bengal (Ministry of Local Self-Government) are pleased to extend all the provisions of Parts VII and VIII of that Act to the said municipality.

Minister-in-charge: The Hon'ble Hadji Mr. A. K. Abu Ahmed Khan Ghuznavi.

Bankura.

No. 672L.S.-G.—The 23rd February 1927.—In exercise of the powers conferred by section 5 of the Bengal Village Self-Government Act (Bengal Act V of 1919), and after consideration of the views of the Bankura District Board and Vishnupur local board, the Government of Bengal (Ministry of Local Self-Government) are pleased to direct that the thanas of the Vishnupur subdivision of Bankura district shall be divided into the following local areas and that every such local area shall be declared a union for the purposes of the Act :—

2. In exercise of the power conferred by sub-section (*1*) of section 6 of the said Act, the Government of Bengal (Ministry of Local Self-Government) are pleased to establish union boards for each of the unions hereby declared and to fix nine as the number of members of each union board.

3. In exercise of the power conferred by sub-section (*3*) of section 6 of the said Act, the Government of Bengal (Ministry of Local Self-Government) are pleased to direct that one-third of the members of each union board shall be appointed by the District Magistrate on the grounds that the electors are inexperienced and that such appointment is necessary for the due representation of minorities.

4. This cancels notification No. 2279 L.S.-G., dated the 4th August 1920.

J. G. DRUMMOND,
Secretary to the Government of Bengal.

Mymensingh.

J. G. DRUMMOND,
Secretary to the Government of Bengal.

NOTIFICATION.

Minister in charge: The Hon'ble Mr. S. Chakravarti.

No. 698 Medl.—The 22nd February 1927.—The following draft of a notification which the Government of Bengal (Ministry of Medical Department) proposes to issue under clause (*ii*) of section 69B of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and clause (*k*) of section 138 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 14th April 1927, and any objection or suggestion which may be received by the undersigned on or before that date will be duly considered :—

Draft notification.

In exercise of the powers conferred by clause (*ii*) of section 69B of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and clause (*k*) of section 138 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Government of Bengal (Ministry of Medical Department) is pleased to make the following amendment in the rules for the establishment and management of hospitals and dispensaries under the supervision of the Government of Bengal, published under Government notification No. 138T.-Medl., dated the 7th June 1915, at pages 1052-1066 of Part I of the *Calcutta Gazette* of the 9th *idem*, as subsequently modified :—

Add the following to rule 39, namely :—

Exception (*iii*).—"At dispensaries maintained by or receiving aid from a District Board or a Municipality, the employees of the District Board or Municipality concerned shall, if the local authority so directs, be entitled to a supply of medicines from the dispensary stock free of charge."

J. G. DRUMMOND,
Secretary to the Government of Bengal.

PUBLIC HEALTH.

Minister-in-charge : The Hon'ble Mr. S. Chakravarti.

No. 415 P.H.—The 28th February 1927.—In exercise of the powers conferred by section 35 of the Bengal Agricultural and Sanitary Improvement Act, 1920 (Bengal Act VI of 1920), the Government of Bengal (Ministry of Public Health) are pleased to make the following amendment in the rules published under notification No. 3173 P.H., dated the 30th September 1921 :—

Amendment.

In clause (*2*) of rule 11 of the said rules the following shall be inserted as a second paragraph viz. :—

"In deciding the proportion of the cost, the degree of benefit likely to be derived by the landlords and raiyats, respectively, shall be considered. This cannot be determined with mathematical accuracy; but the following points amongst others should be considered :—

(*a*) Will the collection of rents be rendered easier by the improvement ?

(*b*) Will the landlord derive a larger income from fees paid on transfers ?

(*c*) Will the landlords be relieved of any expenditure on account of embankments, irrigation channels or other works ?

(*d*) Will the landlord obtain a higher rate of *salami* and rent when he re-settles an abandoned holding ?

(*e*) Even if no increase of rents is likely to result, will the improvement prevent deterioration of the land and so help the landlord to maintain his income from rent ?"

2. Clause (*4a*) added to rule 11 of the said rules and published with notification No. 2366 P.H., dated the 3rd December 1925, is hereby cancelled.

J. G. DRUMMOND,
Secretary to the Government of Bengal.

(*d*) "Inspector" means the Divisional Inspector of Schools or any Inspector authorised to act on his behalf, and includes the Inspectress in cases where she exercises the powers of an Inspector.

(*e*) "municipal school" means any school which is maintained principally out of the municipal fund by the Commissioners of a Municipality.

PART II.—MUNICIPAL SCHOOLS.

2. The Commissioners of a Municipality shall not maintain any school, not already under its management, other than a middle vernacular or primary school without the sanction of the Divisional Commissioner, and they shall not maintain a middle vernacular school until they have fully discharged their duties in respect to primary education to the satisfaction of that officer.

3. The departmental curriculum shall be followed in municipal schools, but the Commissioners shall have full discretion in the adoption of optional subjects included in the curriculum. The departmental rules regarding the admission and withdrawal of pupils shall be observed in all municipal schools.

4. Every municipal school shall be open to inspection by the Divisional Commissioner, the District Magistrate, the Subdivisional Officer, the Chairman and Commissioners of the Municipality and the inspecting officers of the Department of Public Instruction.

5. Strict religious neutrality shall be maintained in all municipal schools.

6. The Municipal Commissioners shall have power to select text-books in each subject from the list of books approved by the department.

7. Fees for tuition may be levied from the pupils of every municipal school, and the Commissioners of a Municipality may exempt any pupil of a school maintained by them from the payment of such fees.

8. (1) There shall be a managing committee for every municipal high or middle school.

(2) The managing committee shall be composed of the following members :—

(*a*) the Chairman of the Municipality or a person nominated by the Chairman of the Municipality—*President (ex officio)* ;

(*b*) two Municipal Commissioners elected at a special meeting of the Commissioners of the Municipality ;

(*c*) the head master or the head mistress—*Secretary (ex officio)* ;

(*d*) an assistant teacher elected by the teaching staff ;

(*e*) two representatives of the parents and guardians of the school pupils, to be elected by the parents and guardians.

9. The members (other than the *ex officio* members) of the managing committee shall ordinarily hold office for three years and shall be eligible for re-election at the end of that period. Any member appointed during the three-year period shall ordinarily hold office till the end of that period.

10. The business of the managing committee shall be transacted in the following manner :—

(*1*) The committee shall meet at least three times a year, viz., at the commencement of the session, after the summer vacation and after the Puja vacation.

(*2*) At least one week's notice of each meeting and of the business to be transacted shall be given by the Secretary.

(*3*) Three members shall form a quorum.

(*4*) The President shall have a casting vote.

(*5*) No business other than that of which notice has been given shall ordinarily be transacted at any meeting of the committee, but if, with the consent of the majority of the members present, any other business is transacted, the members absent (if any) may re-open the subject at a subsequent meeting to be held within such period, not being less than a week, as the President may determine.

(*6*) The Secretary shall record the proceedings of the committee in a proceedings book and the record of each meeting shall be confirmed at the next subsequent meeting.

11. The Commissioners of the Municipality at a meeting shall consider the recommendations of the managing committee, who shall be mainly an advisory body and shall take such action as they think fit in accordance with these rules.

12. The managing committee shall—

(*i*) deal with all schemes of development,

(*ii*) recommend the award of free studentships,

(*iii*) consider the annual report of the school before submission to the Commissioners of the Municipality ; and

(*iv*) the members of the committee shall have power to visit the school informally so as not to interfere with the working of the school and to record their opinions in the visitors' book which shall be kept for the purpose.

13. The head teacher shall carry on the current business of the school in accordance with the rules of the Education Department and shall bring matters of importance to the notice of the managing committee

14. No pupil shall be expelled or rusticated from any municipal school except under the orders of the managing committee.

PART III.—GRANT-IN-AID SCHOOLS.

General Rules for all Schools.

15. Except with the previous approval of the Divisional Commissioner, the Commissioners of a Municipality shall not make any grants-in-aid, whether capital or recurring, to schools other than primary schools (including *tols* and *maktabs*) and middle vernacular schools.

16. No school shall be aided by the Commissioners of a Municipality unless it—

(*a*) adopts the organisation and curricula prescribed by the Education Department, any deviation therefrom requiring the sanction of the Director of Public Instruction, and

(*b*) is open to inspection by the inspecting officers of the Education Department and other officers mentioned in rule 4.

Special Rules for Primary Schools including Tols *and* Maktabs.

17. Recurring grants to primary schools including *tols* and *maktabs* shall ordinarily take the form of stipendiary grants to be paid monthly to the teachers in the first week of each month, payment being made for the preceding month. The Commissioners of a Municipality may also make small non-recurring grants for furniture and equipment.

18. The rate of stipends payable in any one year shall be determined by the Commissioners of a Municipality on consideration of a proposition statement prepared by the senior local officer of the Education Department and based on the inspection reports of the previous year.

FINANCE DEPARTMENT.

NOTIFICATIONS.

No. 985F.—The 17th February 1927.—In exercise of the power conferred by sub-rule (*1*) of rule 4 of the Civil Services (Governors' Provinces) Delegation Rules, 1926, published with the Government of India, Home Department, notification No. F.-178-9-11—24, dated the 1st April 1926, read with Rule V of the Civil Services (Governors'

Provinces) Classification Rules, published with the same notification, the Governor in Council and the Governor acting with his Ministers are pleased to make the following rules for the determination of the domicile of members of provincial and subordinate services and holders of special posts in Bengal. They shall be deemed to have come into force with effect from the 9th March 1926 :—

Rules.

1. A person can have only one domicile.

2. The domicile of origin of every person of legitimate birth is in the country in which at the time of his birth his father was domiciled, or, if he is a posthumous child, in the country in which his father was domiciled at the time of the father's death.

3. The domicile of origin of an illegitimate child is in the country in which at the time of his birth his mother was domiciled.

4. The domicile of origin prevails until a new domicile has been acquired, and a new domicile continues until the former domicile has been resumed or another has been acquired.

5. (1) A person acquires a new domicile by taking up his fixed habitation in a country which is not that of his domicile of origin.

(2) Any person may, if the law of any country so provides, and subject to any such provisions, acquire a domicile in that country by making, in accordance with the said provisions, a declaration of his desire to acquire such domicile.

Explanation 1.—A person is not to be considered as having taken up his fixed habitation in a country merely by reason of his residing there in His Majesty's Civil or Military service or in the exercise of any profession or calling.

Explanation 2.—A person does not acquire a new domicile in any country merely by reason of residing as part of the family or as a servant of any ambassador, consul or other representative of the Government of another country.

6. The domicile of a minor follows the domicile of the parent from whom he derives his domicile of origin .

Provided that the domicile of a minor does not change with that of his parent if the minor is married or holds any office or employment in the service of His Majesty or has set up with the consent of the parent in any distinct business.

7. After marriage a woman acquires the domicile of her husband if she had not the same domicile before, and her domicile during the marriage follows the domicile of her husband :

Provided that if the husband and wife are separated by the order of a competent Court, or if the husband is undergoing a sentence of transportation, the wife becomes capable of acquiring an independent domicile.

8. Save as otherwise provided above, a person cannot, during minority, acquire a new domicile.

9. An insane person cannot acquire a new domicile in any other way than by his domicile following the domicile of another person.

10. Notwithstanding anything herein contained, a person who—

(*a*) was born and has been educated exclusively in Asia and had not at the date of his appointment resided out of Asia for a total period exceeding six months, or

(*b*) had before that date claimed or been deemed to be a native of India for the purpose of his appointment to any office under the Government or of the conferment upon him by Government of any scholarship, emoluments or other privilege,

shall be deemed to have had his domicile in Asia on that date.

11. If any question arises as to the domicile of any officer at the time of his appointment the decision thereon of the Local Government shall be final.

No. 1277F., dated the 1st March 1927.—In exercise of the power conferred by sub-rule (*1*) of rule 4 of the Civil Services (Governors' Provinces) Delegation Rules, 1926, published with the Government of India, Home Department, notification No. F-178-9-ii/24, dated the 1st April 1926, the Governor in Council and the Governor acting with his Ministers are pleased to make the following rules with regard to the grant of passages to members of provincial and subordinate services and to officers holding special posts:—

RULES.

Short title, extent and commencement.

1. (*1*) These rules may be called the Bengal Passages Rules, 1927.

(*2*) They shall apply to any officer who belongs to a service, or holds substantively a permanent post, specified in Schedule I or Schedule II, and who at the date of his appointment to such service or post had his domicile elsewhere than in Asia.

(*3*) They shall be deemed to have come into force with effect from the 9th March 1926.

Definitions.

2. For the purpose of these rules—

(*1*) "child" means a legitimate child who, if a female, is unmarried and under the age of 21 or, if a male, is under the age of 12, and includes a step-child residing with and wholly dependent upon an officer;

(*2*) "officer" means an individual to whom these rules apply;

(*3*) the words "passage by the B. I. S. N. Company" shall mean, in the case of services or posts in Schedule I, a First Class A Passage by the British India Steam Navigation Company and, in the case of services or posts in Schedule II, a Second Class Passage by the British India Steam Navigation Company;

(*4*) the "cost" of a passage shall be deemed to be the cost as stated from time to time in the tables of passage rates published by the various steamship companies.

(*5*) the domicile of a person at the date of his appointment shall be determined in accordance with the rules published with the Government of Bengal notification No. 985F., dated the 17th February 1927.

Account of passage monies.

3. (*1*) A separate account shall be opened in sterling by the Accountant General, Bengal, in the case of each officer, and if such officer is married, for his wife and if he has children, for each child. These accounts shall be credited respectively with the cost of the passages to which the officer, his wife, and children are entitled under rule 4, and no transfer of any credit shall be made from one account to another. Within the amount of these credits the officer shall be entitled to receive passages by sea between a port in India and a port outside Asia for himself, his wife and his children, respectively, provided as follows:—

(*a*) The cost of a single or return passage by sea shall not in any case exceed the cost of a single or return passage, as the case may be, by the B. I. S. N. Company between Calcutta and London by the all-sea route.

(*b*) If the cost of any passage engaged is less than the cost of a passage by the B. I. S. N. Company by sea between Calcutta and London by the all-sea route, and the individual concerned performs any part of the journey between port and port by land, it shall be permissible for such individual to draw the actual cost of the railway fare, but not exceeding the difference between the cost of the passage engaged and the cost of a passage by the B. I. S. N. Company by sea between Calcutta and London by the all-sea route.

(*2*) (*a*) Payment for all-sea passages shall be made by the Accountant-General, Bengal, to the steamship companies either direct or through recognized firms of passenger agents.

(*b*) Payment on account of journeys by land shall be made by the Accountant-General, Bengal, either to the officer making the claim or to the steamship company or a recognized firm of passenger agents.

(*3*) The accounts mentioned in sub-rule (*1*) shall be debited with the cost of the passages actually engaged subject to the limit prescribed in that sub-rule, and with the sums actually drawn on account of railway journeys mentioned therein.

(*4*) When the cost of a passage by the B. I. S. N. Company by sea between Calcutta and London is increased or decreased, the balance at the credit of each account referred to in sub-rule (*1*) (excluding such portion of the balance as may represent savings in respect of passages already taken) shall be increased or decreased, as the case may be, in proportion to the increase or decrease in the cost of passages.

NOTE 1.— For the purposes of the proviso (*b*) to sub-rule (*1*) of this rule, a journey by land may be deemed to include a passage across the English Channel, and railway fare may be deemed to include the cost of such a passage.

NOTE 2.—For the purposes of this rule, Colombo shall be deemed to be a port in India.

Number of passages available.

4. (*1*) The maximum benefits to which officers appointed before attaining the age of 26 years shall be entitled under these rules, shall be passages of a total value equal to the cost of the number of passages by the B. I. S. N. Company between Calcutta and London as follows:—

(*a*) In the case of officers appointed on or after the 9th March 1926—

(*i*) for the officer himself four return passages;

(*ii*) for his wife the number of return passages shown in the following scale:—

Officers' total length of service at date of marriage.	Number of return passages.
Less than 7 years	... 4
7 years but less than 14 years ...	... 3
14 years but less than 21 years ...	... 2
21 years and over	... 1

(*iii*) for each child one single adult passage.

(*b*) In the case of officers appointed before the 9th March 1926—

(*i*) for the officer himself the number of return passages shown in the following scale:—

Officers' total length of service on the 9th March 1926.	Number of return passages.
Less than 7 years	... 4
7 years but less than 14 years ...	... 3
14 years but less than 21 years ...	... 2
21 years and over	... 1

(*ii*) for his wife the same number of return passages to which the officer himself is entitled:

Provided that in the case of an officer who has been married on or after the 9th March 1926, the scale of benefits for his wife shall be that prescribed in clause (A) (*b*); and

(*iii*) for each child one single adult passage.

(*2*) The maximum benefits to which officers appointed after attaining the age of 26 years shall be entitled, shall be passages of a total value equal to the cost of the number of passages by

the B. I. S. N. Company between Calcutta and London as follows:—

(*a*) In the case of officers appointed on or after the 9th March 1926—

(*i*) for the officer himself the number of return passages shown in the following scale:—

Officer's stage at date of appointment.	Number of return passages.
Under 31 years	4
31 years or over but under 38 years	3
38 years or over but under 45 years	2
45 years or over	1

(*ii*) for his wife the same number of return passages to which the officer himself is entitled:

Provided that in the case of an officer who has been married after the date of his appointment the scale of benefits for his wife shall be as follows:—

Officer's age at date of marriage.	Number of return passag
Under 31 years	4
31 years or over but under 38 years	3
38 years or over but under 45 years	2
45 years or over	1

(*iii*) for each child one single adult passage.

(*b*) In the case of officers appointed before the 9th March 1926—

(*i*) for the officer himself the number of return passages shown in the following scale:—

Officer's age on 9th March 1926.	Number of return passages.
Under 31 years	4
31 years or over but under 38 years	3
38 years or over but under 45 years	2
45 years or over	1

(*ii*) for his wife the same number of return passages to which the officer himself is entitled:

Provided that in the case of an officer who has been married on or after the 9th March 1926, the scale of benefits for his wife shall be that prescribed in the proviso to clause (*a*) (*ii*), and

(*iii*) for each child one single adult passage.

Passages after retirement.

5. An officer is entitled to the benefits provided by these rules in respect of any journey to or from India performed by himself or his wife, or any of his children, which commences on or after the 9th March 1926 and before the date of the officer's retirement, provided as follows:—

(*a*) the officer, his wife and any of his children shall be entitled to receive, so far as their respective credits permit, single passages from a port in India to a port outside Asia, but not exceeding the cost of a single passage by the B. I. S. N. Company between Calcutta and London by the all-sea route, for a journey commenced within six months after the officer's retirement;

(*b*) should the cost of any passage engaged be less than the cost of a passage by the B. I. S. N. Company between Calcutta and London by the all-sea route, and the individual concerned perform any part of the journey

between port and port by land, it shall be permissible to draw the actual cost of the railway fare, but not exceeding the difference between the cost of the passage engaged and the cost of a passage by the B. I. S. N. Company between Calcutta and London by the all-sea route.

NOTE 1.—For the purposes of the proviso (*b*) to this rule, a journey by land may be deemed to include a passage across the English Channel, and railway fare may be deemed to include the cost of such a passage.

NOTE 2.—For the purpose of this rule Colombo shall be deemed to be a port in India.

Passages for wife and children in case of an officer's death.

6. Notwithstanding anything contained in these rules, if an officer dies while in service, his wife and children shall be entitled to the actual cost of their passages by sea from a port in India to a port in the country of their domicile, but not exceeding in each case the cost of a single passage by the B. I. S. N. Company between Calcutta and London by the all-sea route.

Refund in certain cases.

7. If an officer has himself, or on behalf of his wife or children, incurred expenditure between the 9th March 1926 and the date of the publication of these rules in the *Calcutta Gazette*, in respect of a benefit to which he is or they are entitled under these rules, he may claim a refund of such expenditure subject to the maximum as defined in these rules. In the case of a journey performed on a return ticket the first half of which was utilised for a journey commenced before the 9th March 1926, the expenditure incurred shall be deemed to be half the cost of such return ticket.

Use of passage monies restricted to the rules.

8. No officer shall have any claim on the monies in his passage account beyond the provision of the passage benefits, if any, conferred on him by these rules, and any balance remaining at his credit after he has ceased to be eligible for any such benefits shall lapse.

Power of Local Government to add to Sch. I or Sch. II.

9. The Local Government may from time to time, by notification in the *Calcutta Gazette*, add any service or post to those included in Schedule I or Schedule II, and upon such notification the provisions of the Schedule and of the rules relating to it shall be applicable to the members of the service or the holder of the post so added.

Power of Local Government to make Supplementary Rules.

ELECTION PETITION.

TO HIS EXCELLENCY THE RIGHT HON'BLE VICTOR ALEXANDER GEORGE ROBERT BULWER-LYTTON, EARL OF LYTTON, P.C., G.C.S.I., G.C.I.E., GOVERNOR OF BENGAL.

In the matter of an election petition under Part VII of the Bengal Electoral Rules, 1926,

and

In the matter of Schedule V of the said Rules,

and

In the matter of the election held in November 1926 in the Bengal Legislative Council from the Rungpur East (non-Muhammadan) constituency,

and

In the matter of Rai Saheb Ponchanan Barman, M.B.E., M.A., B.L., Pleader, Judge's Court, Rungpur, residing at Nawabgunge, Rungpur town, in the district of Rungpur—petitioner,

versus

Babu Jatindra Nath Chakraverty, B.L., Pleader, Kurigram, Subdivision Kurigram, in the district of Rungpur—respondent.

The humble petition of Ponchanan Barman, petitioner abovenamed,

MOST RESPECTFULLY SHEWETH—

1. That your petitioner was and is qualified and his name was and is duly registered as an elector on the electoral roll of the Rungpur Municipality, Ward No. IV, for the Bengal Legislative Council elections.

2. That your petitioner was a candidate for election in the Bengal Legislative Council from the Rungpur East (non-Muhammadan) constituency in the last general election held on the 18th and 19th November 1926.

3. That the respondent abovenamed Babu Jatindra Nath Chakraverty was the only other candidate from the said constituency in the said election.

4. That the said Jatindra Nath Chakraverty was by himself and other persons on his behalf guilty of bribery before, during and after the said election.

5. That the said Jatindra Nath Chakraverty himself and his agents and other persons acting on his behalf exercised undue influence and were guilty of directly and indirectly interfering and attempting to interfere with the free exercise of the electoral right by many voters.

6. That the said Jatindra Nath Chakraverty and his agents and others working on his behalf were guilty of hiring, employing, borrowing and using for the purposes of the election vehicles usually kept for hire for the conveyance of electors and further of offering and payment of railway fares to several electors for the purpose of recovering their votes.

7. That your petitioner further states that the said Jatindra Nath Chakraverty was by himself, his agents and other persons on his behalf guilty of treating before, during and after the said elections.

8. That your petitioner further states that the said Jatindra Nath Chakraverty and his agents and others on his behalf induced the said electors to vote for the said respondent by threatening the voters with injury and by stating or indicating that otherwise they would become objects of divine displeasure.

9. That the said Jatindra Nath Chakraverty and his agents and other persons on his behalf published statements of facts in relation to the personal character and conduct of your petitioner with regard to—

(*i*) the salt taxation, increased value of post cards and postages, the stopping of music before mosque by Hindus on ceremonial occasions ;

(*ii*) as well as about the report in the Committee for the amendment of the Bengal Tenancy Act appointed in 1921, which are all false and false to the knowledge of the said Jatindra Nath Chakraverty and his agents and workers and were also malicious, and your petitioner verily believes that the said publications were made with a view to prejudice the prospects of your petitioner in the said election.

10. That the said Jatindra Nath Chakraverty published and issued to the electors a leaflet in the form of an appeal addressed to the voters of Kurigram and Gaibanda over the respondent's own name, in which he usually and untruly accused your petitioner as negligent and unmindful to the interests of the said voters under the cover of information received from others, though in fact it was widely known that your petitioner always looked after the interest of his constituency which was composed mainly of tenants and that your petitioner fought for the Baharband Jotedars in the said Amendment Committee, and the Sub-Committee. The said leaflet is annexed hereto.

11. That the respondent is a retained pleader of Baharband Zemindari and he is pledged to the Congress Swaraj Party and some of his leaflets were published in his interest by Prionath Bhattacharjee, belonging to the Congress Party.

12. That Aghorenath Chaudhury, servant of the respondent, was the publisher of most of the leaflets and manifestos on behalf of the respondent.

13. That the leaflet published on behalf of the respondent by the said Aghorenath Chaudhury purporting to comprise an extract from a paper called the "Amta-Sakti", dated the 12th Kartic (1333 B. S.), contains untrue allegations regarding your petitioner's character and conduct, inasmuch as there were many divisions in the Bengal Council of 1921 and 1922, and in many of them your petitioner took part, in some instances for and in some against Government, and in 1922 there was no proposal for a new Tenancy Act or amendment of the existing Act as the matter has been before the Committee so appointed as stated above, and the statements of character and conduct ascribed to your petitioner therein are not true but malicious. The leaflet is annexed hereto.

14. That the polling officers at Bhurangamari and Lalmanirhat improperly marked against the respondent's name when some illiterate voters stated that they would vote for your petitioner.

15. That your petitioner has since come to know that the polling officer at Lalmonirhat was a relation of the respondent.

16. That one Amulya Chandra Sen Gupta, naib of Sonatuli in charge of the Gayabari pargana of the Maharaja of Cossimbazar, impressed on the leading jotedars and others by his presence and also by letters and speech that he had been commanded by the Manager of the said Maharaja to urge upon them to vote for the respondent and thereby did not allow the voters to exercise their electional rights freely.

17. That the respondent, his agents and others on his behalf prevented the voters who signified their inclination to vote for your petitioner from all facilities in the matter of recording their votes and thereby interfered with their free exercise of electional right.

18. That the return of election expenses filed by the said Jatindra Nath Chakraverty is not in accordance with the rules and regulations regarding the same, and he did not state the details and sources of receipts as prescribed and he did not include the expenses for all the publications, advertisements, posters, placards made on his behalf and the account is incorrect and incomplete.

19. That the said return does not show how the expenses were incurred, and the alleged travelling expenses do not indicate for what journeys and on what dates and through whom they were spent.

20. That your petitioner begs leave to submit hereunder particulars of some of the instances of the corrupt practices mentioned above and craves leave to supplement the same hereafter if necessary or he be so advised.

21. That your petitioner deposits herewith the sum of Rs. 1,000 as security for costs.

In the facts and circumstances stated above your petitioner prays that the said election of the respondent be declared void and direct payment of all costs to your petitioner, and your petitioner as in duty bound shall ever pray.

Verification.

List of particulars under rule 33 (2) of the Election Rules, 1926.

The statements contained in this petition in paragraphs 1, 2, 3 and 21 are true to my knowledge, those in paragraphs 4, 5, 6, 7, 8, 9, 10, 11, 12, 13 14, 15, 16, 17 and 20 are true to my information and belief and those of paragraphs 18 and 19 are true to my belief. I sign this verification at Calcutta on this the 17th day of January 1927 at 4 P.M.

(Sd.) PONCHANAN BARMAN.

The 28th March 1927 has been fixed for hearing and the 3rd March has been fixed for filing written statement if any and list of witnesses.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

New Delhi, the 17th February, 1927.

No. 434-25-G.-2—In exercise of the powers conferred by sub-section (*5*) of section 72D read with section 129A of the Government of India Act, the Governor-General in Council, with the sanction of the Secretary of State in Council, is pleased to direct that the following further amendments shall be made in the Bengal Legislative Council Rules, namely :—

In rule 33 of the said rules :—

(*i*) In sub-rule (*1*) for the words "each financial year" the words "the first session of each Council" shall be substituted, and after the words "shall be constituted" the words "for the duration of the Council" shall be inserted.

(*ii*) After sub-rule (*2*) the following sub-rules shall be inserted, namely :—

"(3) Casual vacancies in the committee shall be filled as soon as possible after they occur, by election or nomination in the manner prescribed by sub-rule (*2*) according as the member who has vacated his seat was an elected or nominated member and any person elected or nominated to fill such a vacancy shall hold office for so long as the person in whose place he is elected or nominated would, under the provisions of this rule, have held office.

"(4) Of the members elected at the time of the constitution of the committee not less than one-third, who shall be selected by lot, shall retire on the expiry of one year from the date of their election, and of the remaining members not less than one-half, who shall also be selected by lot, shall retire on the expiry on the second year from that date. The vacancies thus created in each year shall be filled as they arise by elections held in the manner prescribed by sub-rule (*2*) and the members so retiring shall be eligible for re-election."

(*iii*) Sub-rule (*3*) shall be re-numbered as sub-rule (*5*).

16. In section 56 of the said Act, for the word "which" the words "if payable to order and it" shall be substituted.

Amendment of section 88, Act XXVI of 1881.

17. In section 88 of the said Act, after the word "acceptor" the words "of a bill of exchange" shall be inserted, and after the words "negotiable instrument" the words "payable to order" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to amend the Negotiable Instruments Act, 1881, so as to provide that negotiable instruments including cheques and bills of exchange, which are expressed on the face of them as drawn to bearer, shall not, in any circumstances, lose their character as bearer instruments on account of their having been indorsed. The necessity for the amendment has arisen out of a ruling by the Bombay High Court that under section 50 of the Negotiable Instruments Act, 1881, and the explanation thereto, a bearer bill can be legally changed to an order bill by endorsement. This makes it incumbent upon banks and business houses to examine all endorsements upon bearer instruments, as the character of an instrument, which is payable to bearer in the first instance, can be effectively altered by any subsequent endorsement, and thus throws considerable extra work and responsibility on banks and commercial houses without any compensatory advantage to their constituents or to the general public.

Under section 13, Explanation (ii) of the Negotiable Instruments Act, a bill indorsed in blank is payable to bearer, but under section 49 of the same Act the holder by writing a direction above the indorser's signature may convert the indorsement in blank into an indorsement in full. These provisions under which an order bill which has become bearer may be re-converted into an order bill, will be retained.

Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

[AS INTRODUCED IN THE LEGISLATIVE ASSEMBLY.]

A Bill further to amend the Indian Registration Act, 1908.

WHEREAS it is expedient further to amend the Indian Registration Act, 1908, for certain purposes; it is hereby enacted as follows:— XVI of 1908.

Short title.

1. This Act may be called the Indian Registration (Amendment) Act, 192

Substitution of new section for section 40, Act XVI of 1908.

2. For section 40 of the Indian Registration Act, 1908 (hereinafter referred to as the said Act), the following section shall be substituted, namely :— XVI of 1908.

Persons entitled to present wills and authorities to adopt.

"40. (*1*) The testator or the donor of any authority to adopt may present the will or the authority to any Registrar or Sub-Registrar for registration.

(*2*) A will or an authority to adopt presented for registration by the testator or donor may be registered in the same manner as any other document."

Substitution of new section for section 41, Act XVI of 1908.

3. For section 41 of the said Act the following section shall be substituted, namely :—

Registration of wills and authorities to adopt.

"41. (*1*) Any person claiming as executor or otherwise, and the donee of any authority to adopt or the adoptive son may, after the death of the testator or donor, apply to the Registrar or the Sub-Registrar for registration of the will or the authority.

(*2*) If the execution of the will or the authority is admitted, it shall be registered if the registering officer is satisfied—

(*i*) that the will or authority was executed by the testator or donor, as the case may be;

(*ii*) that the testator or the donor is dead; and

(*iii*) that the person presenting the will or the authority is entitled to present the same.

(*3*) If the execution of the will or authority by the testator or donor is denied, the Registrar or Sub-Registrar shall make an order of refusal and endorse the words "Registration refused" on the document presented for registration.

(*4*) When a Registrar or Sub-Registrar refused to order a will or authority to be registered, any person claiming under such a document, or his representative, assign or agent, may, within thirty days after the date of the order of refusal, institute in the Civil Court, within the local limits of whose original jurisdiction is situate the office in which the document is sought to be registered, a suit for a decree directing the will or authority to adopt to be registered in such office if it is duly presented for registration within thirty days after the passing of such a decree.

(*5*) The provisions contained in sub-sections (*2*) and (*3*) of section 75 shall *mutatis mutandis* apply to the will or the authority to adopt presented for registration in accordance with any such decree and notwithstanding anything contained in this Act the document shall be receivable in evidence in such suit."

Amendment of sections 42, 43, 44, 45 and 46, Act XVI of 1908.

4. In sections 42, 43, 44, 45 and 46 of the said Act, after the word "Registrar", wherever it occurs, the words "or Sub-Registrar" shall be inserted.

Amendment of section 68, Act XVI of 1908.

5. To section 68 of the said Act the following sub-sections shall be added as sub-sections (*3*), (*4*) and (*5*), namely :—

"(*3*) on the application of any of the parties and after notice to the parties and after hearing such of them as desire to be heard or of his own motion without such notice the Registrar may at any stage—

(*a*) withdraw any inquiry under section 34 and under section 41 pending before any Sub-Registrar in the district and dispose of the same or transfer the same for trial or disposal to any other Sub-Registrar in the district or

(*b*) retransfer the same for trial or disposal to the Sub-Registrar from whom it was withdrawn.

When any inquiry has been transferred or withdrawn under clause (*a*), the Registrar may either re-try or proceed from the point at which it was transferred or withdrawn.

(*4*) The Inspector-General of Registration may, subject to the provisions of sub-section (*3*), transfer an inquiry pending before a Registrar to another Registrar.

The provisions of section 75 (*2*) shall apply to inquiries transferred under sub-sections (*3*) and (*4*)."

Amendment of section 77, Act XVI of 1908.

6. To section 77 of the said Act the following sub-section shall be added as sub-section (*3*), namely :—

"(*3*) Sections 71 to 77 shall not apply to wills and authorities to adopt tendered for registration under sections 40 and 41."

Amendment of section 87, Act XVI of 1908.

7. Section 87 of the said Act shall be renumbered section 87 (*1*), and the following sub-section shall be added to the section, namely :—

"(*2*) A document otherwise duly presented and registered under this Act shall not be deemed invalid except on the ground that the whole or some portion of the property to which the document relates has not been shown to exist within the district or sub-district where such document has been presented for registration."

STATEMENT OF OBJECTS AND REASONS.

Under section 28 of the Indian Registration Act documents referred to therein have to be presented for registration in the office of the Sub-Registrar within whose sub-district the whole or some portion of the property to which such document relates is situate. In a case that came up for decision in 1914 the Privy Council held that a parcel of land included in a mortgage deed for the purpose of registering the same in the registration district of Calcutta was not in existence and that it was in fact a fictitious entry. It was therefore held that the registration of the deed was invalid (I. L. R. 41 Calcutta 972). On account of some of the observations made by the Privy Council in this case various pleas for invalidating the registration of documents have been taken in the Courts of law and the principle of the decision of the Privy Council in 41 Calcutta 972 has been unduly extended. (1) Where the property which gave jurisdiction to the Sub-Registrar was in existence but the mortgagor had no title to it and the mortgagee had no knowledge of this fact and there was no collusion between the mortgagor and mortgagee, it was held that the registration of the document was not invalid (I. L. R. 41 Allahabad, page 22). (2) Where the property existed but did not belong to the executant and where it was found that neither the vendor nor the vendee intended that the property so included should be affected by the deed, it was held that the deed was not validly registered (I. L. R. 43 Madras 436, and I. L. R. 48 Calcutta 509). (3) Where the mortgagee knew that the property which gave jurisdiction to the Sub-Registrar did not belong to the executant it was held that such knowledge would invalidate the registration of the document [A. R. Allahabad series 231 (1922)]. (4) Where the property which formed the subject-matter

of a document was situated partly in Benares and partly elsewhere and it transpired that the transferor had no title to the property situated in Benares where the document was registered, it was held that the registration was valid as the transferor was acting in a perfectly *bona fide* manner (4 Patna L. J. 432). Various other distinctions to which it is unnecessary to refer at length have been drawn in the decided cases. A fruitful source of uncertainty in regard to titles has thus been introduced by the decisions of the Privy Council and of the High Courts in India which requires the intervention of the Legislature. Before the Privy Council decision in I. L. R. 41 Calcutta 972 the inclusion in a document of a few cents of land for purposes of registration was a common practice in some parts of the country and the decisions above mentioned are a direct inducement to litigants to set up these pleas. It is therefore proposed in the Bill that except in the case where the property included in the document for conferring jurisdiction to the Sub-Registrar is not in existence, a document duly registered should not be declared invalid.

2. The present procedure in regard to inquiries relating to wills and authorities to adopt it is too cumbrous and dilatory. Under the provisions of the Registration Act, 1908, inquiries into the genuineness or otherwise of wills and authorities to adopt can be made by a Sub-Registrar or a Registrar. If a will is presented for registration to a Sub-Registrar and if its genuineness is denied, he has to take all the evidence tendered by those who support as well as by those who contest the will. If the Sub-Registrar comes to the conclusion that the will is not genuine, and refuses to register the document, an appeal lies to the Registrar under section 73 of the Act. The Registrar is empowered under sections 74, 75 and 76 to summon the witnesses and hold an inquiry *de novo* or to come to a decision on the evidence recorded by the Sub-Registrar. If the Registrar also refuses to order the registration of the document, the party concerned can institute a civil suit, where again the whole of the evidence comes under review. A good deal of time and money is now wasted in inquiries before the Sub-Registrar and the Registrar in regard to questions relating to the execution of wills and the litigating parties and witnesses are harassed by being dragged to Courts on three different occasions regarding the same transaction. The inquiry before the Sub-Registrar in regard to this class of transactions is not of the same thoroughgoing character as a trial before a Civil Court where the rules of evidence are carefully observed by a trained judicial officer. The tendency of the litigants has been not to accept the decisions of the Sub-Registrar and the Registrar but to take the matter to a Civil Court for final decision.

In these circumstances it is proposed in the present Bill that where the will or the authority to adopt is tendered for registration after the death of the testator or the donor, the Registrar or the Sub-Registrar should refuse the registration of the documents if their genuineness is denied by any party interested therein and that the registering officer should await the decision of a Civil Court and should take action under sections 74 and 75 in accordance with the result of the suit.

3. Opportunity has also been taken to amend the sections of the Act relating to the deposit of wills. A testator is now obliged to go all the way to the district headquarters to deposit a will with the Registrar. The present arrangement by which wills can be deposited only with a single officer in each district is obviously inconvenient, and the provisions of the Act regarding the deposit of wills have not been much availed of. It is therefore proposed in the Bill to empower Sub-Registrars also to receive deposits of sealed packets containing wills. There has been a general improvement in the quality of the officers of the Registration Department and there is no reason now why this power should not be extended to Sub-Registrars. In any event under the provisions of the Bill the testator will have the option to deposit a will with the Registrar or with the nearest Sub-Registrar.

4. There is no provision in the principal Act for the withdrawal or transfer of an inquiry from a registration officer when a suitable case for transfer or withdrawal is made out. The registration of the various kinds of documents involve very serious consequences and may cause sometimes considerable pecuniary loss or gain to individuals. Allegations of prejudice, corruption and partiality are sometimes made against individual officers of the department and requests for transfer of inquiries from the file of some of these officers have been made to the controlling officers. But there is no provision in the Act empowering the district Registrar to transfer an inquiry from the file of one Sub-Registrar to that of another. There is no provision in the Indian Registration Act analogous to section 24 of the Code of Civil Procedure in regard to transfer of suits from one Court to another. The present Bill removes this defect and gives authority to the Registrar to transfer or withdraw any inquiry or to transfer the same from one Sub-Registrar to and another in the district and the same power is given to the Inspector-General in respect of proceedings pending before the Registrar.

5. In sub-section (*2*) of section 5A of the said Act, for the words "the Local Government", wherever they occur, the words "the District Court" shall be substituted.

Amendment of section 6, Act I of 1894.

6. (*1*) In the proviso to sub-section (*1*) of section 6 of the said Act, after the word "unless" the letter and brackets "(*a*)" shall be inserted, and after the words "by a local authority" the following shall be added namely :—

"(*b*) the compensation is to be paid by Government and the property to be acquired is in extent more than two acres."

(*2*) To the same sub-section the following further proviso shall be added, namely :—

" And provided also that no such declaration shall be made unless the purpose for which the land may be needed to be acquired has been approved as a public purpose by a specific resolution of the Legislative Council of the Province in which the land may be situated."

(3) To sub-section (2) of the said section 6 the following shall be added at the end namely:—

"And when any land is to be acquired for a public purpose, the declaration shall state the time within which the acquisition shall be completed and also the time within which the work, for which the land is to be acquired, shall be executed."

Amendment of section 9, Act I of 1894.

7. In sub-section (2) of section 9 of the said Act, for the word "publication" the word "service" shall be substituted.

Amendment of section 11, Act I of 1894.

8. In section 11 of the said Act, for the words "and shall make an award" the following shall be substituted, namely:—

"and if he and all the persons interested, who have attended in pursuance of the notice mentioned in section 9, agree as to the amount of compensation to be allowed or the apportionment of the compensation, the Collector shall accordingly make an award."

Amendment of section 12, Act I of 1894.

9. After sub-section (2) of section 12 of the said Act the following sub-section shall be added, namely:—

"(3) In case the Collector and any of the persons interested, who have attended in pursuance of the notice mentioned in section 9, fail to agree as to the amount of compensation to be allowed or the apportionment of the compensation, the Collector shall proceed to ascertain and determine the amount of compensation and its apportionment in the manner stated hereinafter in Part III."

Amendment of section 15, Act I of 1894.

10. In section 15 of the said Act after the word "Collector" the words "or the Arbitration Board" shall be inserted.

Substitution of new section for section 16, Act I of 1894.

11. For section 16 of the said Act the following section shall be substituted, namely:—

Power to take possession.

"16. (1) When the award delivered by the Arbitration Board is unanimous, the Collector may take possession of the land which shall thereupon vest absolutely in the Government free from all encumbrances.

Provided that such possession shall not be taken unless the amount of the award has been paid to the owner or owners of the land or deposited in the District Court or the Imperial Bank to his or their credit:

Provided also that when the property to be acquired is a house or a dwelling tenement and the award gives to the person to be evicted another house or dwelling accommodation as a substitute, no such possession shall be taken, unless the person to be evicted is actually put in possession of such other house or dwelling accommodation.

(2) In every case in which the compulsory acquisition of land or house-property results in the eviction of more than thirty persons, the award under section 11 or delivered by the Board of Arbitrators as laid down in Part III shall make provision for the housing of evicted persons suitable to their position in life or for securing to them approximately the same convenience and comfort as was available in the house or houses from which they were evicted."

Amendment of the Heading to Part III, Act I of 1894

12. In Part III of the said Act in the heading, for the word "Court" the words "Arbitration Board," shall be substituted.

Substitution of new section for section 18, Act I of 1894.

13. For section 18 of the said Act the following section shall be substituted, namely :—

Reference to Arbitration Board.

"18. If in the inquiry before the Collector under section 11 difference of opinion or dispute arises with respect to any damage or compensation or market-value of land to be acquired under this Act, the person dissatisfied with the offer of the Collector may, by an application to the Collector, express his willingness to get the amount settled by arbitration, and the Collector shall thereupon refer the matter for determination to a Board of five Arbitrators, of whom two shall be appointed by the person whose property is declared to be acquired, two by the party for whom the property may be in the course of acquisition, and one, who shall be the Sir-Panch, shall be elected by the four members of the Panchayat already appointed as above.

The Collector shall then call upon the parties by a written notice to be served upon them to name their respective arbitrators within a fixed period, but which shall not be less than fifteen clear days from the date of the service of the notice.

If on the date so fixed the names of the arbitrators are declared, the Collector shall, by a written notice, inform the arbitrators about their appointment and shall also call upon them within a fixed period to elect a Sir-Panch, and being informed about the election of the Sir-Panch the Collector shall intimate to the Sir-Panch about his appointment as such.

If the parties fail to declare the names of their respective arbitrators, or if the four arbitrators fail to elect the Sir-Panch within the prescribed period, the Collector may himself make the appointments ; so also if any member of the Board fails to appear or refuses to act, the Collector shall have the power to appoint any competent person to fill his place."

Substitution of new section for section 19, Act I of 1894

14. For section 19 of the said Act the following section shall be substituted, namely :—

Collector's statement to the Board.

"19. (*1*) In making the reference to the Board of Arbitrators, constituted as in the last section, the Collector shall state for the information of the Board in writing under his hand :

(*a*) the situation and extent of the land with particulars of any trees, building or standing crops thereon ;

(*b*) the names of persons whom he has reason to think to be interested in such land ;

(*c*) the amount awarded for damages and paid or tendered under sections 5 and 17, or either of them, and the amount of compensation offered by the Collector under section 11 ; and

(*d*) If the objection be to the amount of the compensation, the grounds on which the amount of compensation was determined.

(2) To the said statement shall be attached a Schedule giving the particulars of the notices served upon, and of the statements in writing made or delivered by, the parties interested, respectively.

(3) The Collector shall fix the date on or before which the Arbitration Board should return the papers, together with its award, and the Collector may extend the time at the request of the Board."

Substitution of new section for section 20, Act I of 1894.

15. For section 20 of the said Act the following section shall be substituted, namely :—

Service of notice.

"20. The Board shall thereupon cause a notice, specifying the place where and the date on which the Board will proceed to decide the dispute, and directing the parties to appear, with their respective evidence, if any, before the Board, to be served upon the following, namely,—

(*a*) the person or persons whose property is declared to be acquired ;

(*b*) the party for whom the property is in the course of acquisition ; and

(*c*) all persons who are to the knowledge of the Board interested in the property except such (if any) of them as have consented without protest to receive payment of the compensation offered by the Collector or Land Acquisition officer."

Substitution of new section for section 22, Act I of 1894.

16. For section 22 of the said Act the following section shall be substituted, namely :—

Proceedings to be in open Court.

"22. Every such proceeding before the Board shall take place in open Court, and all persons entitled to practise in any Civil Court in the Province shall be entitled to appear, plead and act (as the case may be) in such proceedings.

The Board shall also have the power to summon and enforce the attendance of witnesses and to compel the production of documents by the same means and, as far as may be, in the same manner as is provided in the case of a Civil Court under the Code of Civil Procedure, 1908." V of 1908

Amendment of section 23, Act I of 1894.

17. In section 23 of the said Act,—

(*a*) for the word "Court" in sub-sections (*1*) and (*2*) the words "the Court or the Board" shall be substituted ; and

(*b*) to sub-section (*1*) the following clauses shall be added, namely :—

"*Seventhly*, the damage resulting from the use or beneficial purpose to which the owner of the land or any person interested in it might have applied the same in the course of events within a reasonable period ;

Eighthly, the value of the land acquired due to its special position in the general configuration of the surroundings or the special adaptability of the land for any potential use or improvement whether by itself or jointly with the land from which it is severed, and also whether such use or improvement could be made by the proprietor of the land in his own right or with the help of the powers of a local authority or Local Government ;

Ninthly, the damage resulting from the loss of profits or any business and good-will in the business materially dependent upon the land acquired ;

Tenthly, the loss on account of suspension of business until other suitable premises are obtained ;

Eleventhly, the cost of removal of the goods or furniture due to eviction ;

Twelfthly, the value of fixtures on the land if taken and the loss on them if not taken."

Amendment of section 24, Act I of 1894.

18. In section 24 of the said Act, for the word "Court" the words "the Court or the Board" shall be substituted.

Substitution of new section for section 25, Act I of 1894.

19. For section 25 of the said Act the following section shall be substituted, namely :—

Amount of award

"25. The amount awarded by the Board shall not exceed the amount claimed or be less than the amount offered by the Collector under section 11."

Substitution of new section for section 26, Act I of 1894.

20. For section 26 of the said Act the following section shall be substituted, namely :—

Form of award.

"26. On the close of the inquiry the Arbitrators or a majority of them shall deliver a full and complete award in respect of the matter referred to them and shall therein specify (as the nature of the case may require) the amount awarded under the *first* clause of sub-section (*1*) of section 23 and also the amounts, if any, respectively awarded under each of the other clauses of the same sub-section, the persons entitled to the same, and the proportion in which they are so entitled, together with the grounds of awarding each of the said amounts. It shall be in writing signed by the Arbitrators or a majority of them, as the case may be.

If the award is not unanimous, the Arbitrators who differ from the majority may record their dissenting opinions with reasons, if any. The dissenting minutes shall also form part of the record.

Such award shall be delivered over to the Collector who shall certify the same over his signature and it shall then become final.

Such an award shall be conclusive evidence of the true area and value of the land, and the apportionment of the compensation among the persons interested.

In case of failure by the Board of Arbitrators to deliver any award within the period described or extended from time to time by the Collector, the Collector shall have the power to make an award which shall be binding on all the parties as if such award were made by the Board of Arbitrators itself.

Every such award shall be a decree and the statement of the grounds of every such award a judgment within the meaning of section 2, clause (*2*) and section 2, clause (*9*) respectively, of the Civil Procedure Code, 1908. V of 1908

After the award has been certified by the Collector, he shall communicate the same to the parties by a written notice."

Substitution of new section for section 27, Act I of 1894.

21. For section 27 of the said Act the following section shall be substituted, namely :—

Costs.

"27. Every award shall state the amount of costs incurred in the proceedings under this part and by what persons and in what proportions they are to be paid.

When the offer of the Collector or Land Acquisition officer is not upheld the costs shall ordinarily be paid by the Collector, unless the Board shall be of opinion that the claim of the other party was so extravagant or that the party was so negligent in putting his case before the Collector that some deduction from his costs should be made or that he should pay a part of the Collector's costs.

Rules in the matter of the fees of the Arbitrators and the levying of process and *ôhatta* as also the service of summons, etc., shall be made by the highest judicial authority of each Province."

Amendment of section 28, Act I of 1894.

22. In section 28 of the said Act, for the word "Court" occurring for the first and second time the words "Board of Arbitrators" shall be substituted.

Amendment of section 31, Act I of 1894.

23. In sub-section (*2*) of section 31 of the said Act, the words "to which a reference under section 18 would be submitted" shall be omitted.

Amendment of section 39, Act I of 1894.

24. In section 39 of the said Act, for the words "Local Government" the words "local Legislature" shall be substituted.

Omission of section 40, Act I of 1894.

25. The whole of section 40 of the said Act shall be omitted.

Amendment of section 41, Act I of 1894.

26. In section 41 of the said Act,—

(*a*) for the words "Local Government" the words "local Legislature" shall be substituted;

(*b*) the words "or on the report of the officer making an inquiry under section 40" shall be omitted; and

(*c*) after clause (*5*) the following clause shall be added, namely:—

"(*6*) such other conditions as the local Legislature may lay down in that behalf."

Amendment of section 43, Act I of 1894.

27. To section 43 of the said Act the following proviso shall be added, namely:—

"Provided that no Local Government or the Government of India shall enter into or bind itself by an agreement with any railway company or other company to provide land for the company except with the approval of the local or the Indian Legislature, as the case may be."

Insertion of new sections 48A, 48B, and 48C in Act I of 1894.

28. After section 48 of the said Act the following sections shall be inserted, namely:—

Disposal of land by Government, Corporation, Company or Society

"48A. When any land is acquired for Government or a Corporation or a Company or Society and afterwards the whole or any portion of such land is found to be not required on account of the abandonment or whole or partial failure of the object for which it was acquired, or any other cause, the Government or the said Corporation, Company or Society shall resell or lease the land to the person from whom the same was originally acquired, or his representative in interest, or, in case of his refusal, to any adjoining owner, for a price or rent or upon terms agreed to between the Government or the said Corporation, Company or Society on the one hand, and the person so entitled to pre-emption on the other, or decided by an Arbitration Board in the manner stated in Part III.

Disposal of surplus portion of land.

48B. When any land is acquired for Government or Corporation or Company or Society and afterwards the whole of such land is not needed for the purpose for which it was acquired the surplus portion of the acquired land shall be resold or leased by Government or such Corporation, Company or Society to the person from whom the same was originally acquired, or his representative in interest, or in case of his refusal to any adjoining owner, for a price or rent or upon terms agreed to between the Government or the said Corporation, Company, or Society on the one hand, and the person entitled to pre-emption on the other, or decided by an Arbitration Board in the manner stated in Part III.

Determination of surplus land.

48C. In every case of a dispute as to whether a piece of land compulsorily acquired is surplus or not within the meaning of the above section, it shall be presumed that the land was surplus if it is proved that it was devoted permanently to some object which was not a purpose of the undertaking for which the land was acquired."

Amendment of section 49, Act I of 1894.

29. For sub-section (*1*) of section 49 of the said Act the following sub-section shall be substituted, namely :—

Acquisition of part of land, house or building.

"49. (*1*) Where by reason of only a portion of a land, a house or a manufactory being compulsorily acquired any other portion of the land contiguously situated and belonging to the same owner is likely to be injuriously affected in a material degree, the owner shall have the right to call upon the party acquiring the land to acquire also the land so injuriously affected :

Provided that the District Court, on an application by the owner, shall have the power to determine the proper measure of such additional acquisition."

Amendment of section 50, Act I of 1894.

30. In sub-section (*2*) of section 50 of the said Act, after the word "Court" the words "or the Board of Arbitrators" shall be inserted.

Substitution of new section for section 54, Act I of 1894.

31. For section 54 of the said Act the following section shall be substituted, namely :—

Appeal.

"54. An appeal against the decision of the Board of Arbitrators shall lie to the District Court, provided that no such appeal shall lie in case the decision of the Arbitrators is unanimous.

An appeal against the order of the District Court shall lie to the High Court."

STATEMENT OF OBJECTS AND REASONS.

The Bill is intended to minimise the inequity and consequent discontent which marks the operation of the Land Acquisition Act. The first and the chief ground of discontent is of course the compulsory nature of acquisition. This, however, can hardly be avoided. Cases will occur where land, howsoever useful to and cherished by private owners, will have to be acquired for uses and purposes which may have a decidedly public and beneficent aspect, and for that reason a superior claim over private need or sentiment. But much of the objection to compulsory acquisition can be tempered by (1) the establishment of a *bonâ fide* public purpose making the acquisition morally inevitable, and (2) the payment of a really adequate compensation, in one or more ways, to the person deprived of the land acquired. As regards the first, the Bill proposes to give the inquiry under Part III the character of a really public inquiry and that also a judicial inquiry ; so that even persons not directly connected with the land itself may still have a chance to question or challenge the alleged public usefulness of the work or scheme in whose interest the acquisition may be proposed.

As regards compensation, public opinion is severely adverse to the arbitrary powers vested in Land Acquisition officers by section 11. It is rightly believed that these officers, being paid servants of Government, are naturally inclined to minimise the amount of compensation. The efficiency of the officers is supposed to vary in inverse proportion to the amounts granted by the awards. The awards are no doubt open to be challenged in (to appeals) Districts Courts. But District Judges, besides being paid officers of Government, are in most cases ignorant of local conditions which are really decisive in the proper assessment of compensation for the lands to be acquired. Then again, it is always an unequal fight between Land Acquisition officers, backed by the legal and financial resources of Government, and private owners, who stumble over a number of technicalities, even preliminary to the appeal, and who ae a rule find the appeals a costly affair. Success in these appeals cannot be gained without a material sacrifice of the amount of compensation granted, and failure means ruin in the case of poor individuals.

The best method of fixing the amount of compensation is believed to be by a Panchayat or arbitration. An equal number of representatives of either party choosing, if necessary, a Sir-Panch, who gives the casting or decisive vote, are bound in their deliberation to take into consideration every factor favourable or unfavourable to either party to the dispute ; and to focus, in their decision, the net result of these considerations. There is no reason why the method of arbitration should prejudice the interests of Government or the party in whose interest the acquisition is proposed rather than those of the owner of the land acquired.

The greatest advantage of the method of arbitration, however, remains to be told. And it is that formal submission to arbitration involves a legal estoppel of all parties submitting to it, when the award is unanimous and peremptorily and automatically stops all wasteful litigation. The justice or injustice which the parties get is got at the hands of their own elected representatives, and that removes all ethical as well as legal justification for complaint or discontent.

Some of the provisions, introduced by the Bill, are taken in the main from the provisions which actually formed part of the Land Acquisition Acts of 1870, and were omitted from the Act of 1894 without sufficient cause being shown therefor. In fact the omission is very suspicious, as it obviously favours the interest of Government or capitalists and Companies and Societies who move Government to acquire the land for their use. Official acquisition of land is in many cases the last resort of the unfair-minded land-grabber.

Provisions similar in spirit to those sought to be reintroduced by this Bill are to be found in some other legal enactments also ; particularly the laws of England.

The power reserved to the Land Acquisition officer at the different stages of the land acquisition proceedings to deliver a binding award in case of failure of arbitration for one cause or another, is sufficient precaution against undue delay or inconclusive proceedings of Arbitrators.

The Bill, without impairing the usefulness or the efficiency of the Act in any material particular, only helps to make its operation less unpopular because more equitable.

RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF DISTRICT BOARDS IN BENGAL DURING 1925-26.

GOVERNMENT OF BENGAL.

Local Self-Government Department.

CALCUTTA, THE 23RD FEBRUARY 1927.

RESOLUTION—No. 683 L. S.-G.

READ—

The reports of the Commissioners of Divisions on the working of District Boards in Bengal during the year 1925-26.

District Boards.—The total number of members during the year remained the same as in the previous year, *viz.*, 676, and the percentage of elected members was 58·1. The number of meetings held was 429, of which 10, as against one in

the previous year, proved abortive for want of a quorum. With the exception of Tippera, Darjeeling and Hooghly, all the District Boards met at least once a month and, on the whole, the work of the meetings was done expeditiously. It is, however, reported that in Midnapore meetings were held in an unbusiness-like manner from 5 P.M. to 10 P.M., which made it difficult for official members to stay until the end of the meetings; and the following remarks of Mr. Cassells, Magistrate of the 24-Parganas, may be quoted :—

"Much discussion often centres round matters which appear to be of little importance, and personal predilections often bulk too largely to the detriment of a consistent and well-thought-out policy. Until members agree to frame programmes of work in the various spheres of the Board's activities, to work out and discuss such programmes in committees, to follow the lines once laid down and to refrain from upsetting such arrangements with haphazard suggestion made at intervals, work cannot be done with the desired efficiency and despatch."

2. **Local Boards.**—As in the previous year the number of Local Boards was 82, which were presided over by 76 non-official and 6 official Chairmen. They held 893 meetings, against 889 in the previous year; 22 proved abortive for want of a quorum. Local Boards do not on the whole serve any useful purpose in the hierarchy of rural self-governing bodies. This is not so much the fault of the members themselves as due to the fact that little use has been made of section 101, Local Self-Government Act, so that few of these Boards have important duties and responsibilities delegated to them, and the income which they handle is extremely small.

The future of Local Boards is under the consideration of Government; where the whole of a particular area is covered by Union Boards, it seems desirable to abolish the Local Board in its present form and to replace it by bodies which deal with a smaller tract of country than a subdivision, *i.e.*, a circle or thana, if any authority intermediate between a District Board and Union Boards is considered necessary.

3. **Village Self-Government.**—A noteworthy feature of the year was the creation of many new Union Boards, especially in the Mymensingh, Nadia, and Chittagong districts. The total number of the Boards which worked during the year was 2,217, against nearly 1,500 in the previous year.

In some places the extension of the Union Board system had to be postponed on account of local opposition. Union Boards are still associated in many peoples' minds with the idea of increased taxation, and care has to be taken to explain the provisions of the Village Self-Government Act before it is brought into force in a given area. Circle Officers, accordingly, continued their propaganda work, many of them with much tact and patience. At the same time revision of the size and number of unions and of the personnel of panchayats was carried on with a view to producing conditions favourable to the establishment of Union Boards.

When this preparatory work is over, the best course normally is to set up Boards throughout the whole area of a district or subdivision, instead of sporadically. It has, however, been reported that in certain places where a few Union Boards only have been established, in the first instance these have acted as pioneers and have helped to create popular opinion in favour of village self-government.

The Union Boards realised by way of union rate and rents of chaukidari chakran lands a total sum of Rs. 30 lakhs, of which Rs. 25 lakhs were spent on establishment and collection charges, leaving a balance of Rs. 5 lakhs only for communications, medical aid, education, water-supply and sanitation, compared with Rs. 3 lakhs in 1924-25.

The increase is due to the greater number of Union Boards that were working, rather than to any increased readiness to submit to self-taxation.

The bulk of the villagers have yet to learn that purely local needs must in the main be met from local resources. It is for District Boards to drive home this axiom by a wise grant-in-aid policy, whereby those who help themselves most will get the greatest amount of assistance from outside. Subject to these remarks, Union Boards in general did useful work within the limits of their income, and the ground was made ready for further development. Specific mention has been made of the Panchra Union Board in the district of Burdwan which cut a feeder drain for supplying good drinking water to the people and thereby helped the villagers very much to increase

the yield of their crops; of the Dashghara Union Board in Hooghly which sank as many as 9 tube wells; of the Dhula-Simla Union in Howrah which re-excavated the khal of that place at a cost of Rs. 3,000; and of the Sitakund Union Board in Chittagong which introduced road lighting and a conservancy system on a moderate scale. Generally speaking, the chaukidars and dafadars were more regularly paid; groups of Union Boards in some places combined to assist dispensaries and many Boards contributed to antimalarial work. Service of processes by dafadars and chaukidars was satisfactory. The Union Benches and Union Courts are reported to have done good work, and there are indications of their growing popularity.

Party feeling and petty animosities among Union Board members detract much from the success of these institutions, but the spirit of self-help is alive and working, and it is hoped that it will gradually overcome these evil tendencies. What retards progress more than anything else is the fear of unpopularity among the members. This can only disappear in proportion as the civic sense grows and the rights of the community are more clearly recognised.

The attitude of District and Local Boards towards Union Boards was generally sympathetic, but not always enlightened. For the encouragement and development of village self-government, it is desirable that minor duties and works should be transferred to Union Boards as largely as possible under section 33, Village Self-Government Act, and that a judicious grant-in-aid policy should be followed whereby help is given according to deserts as well as needs.

4. **Finance of District Boards.**—The receipts amounted to Rs. 135·3 lakhs, against Rs. 133 lakhs in 1924-25, the increase being mainly due to larger receipts under "Education", "Civil Works" "Miscellaneous" and "Railways". Receipts under "Medical" declined. The disbursements rose from Rs. 131 lakhs to Rs. 137 lakhs. The increase was chiefly due to increased expenditure under "Medical", "Miscellaneous", "Education" and "Civil Works" The closing balance totalled Rs. 37·1 lakhs (of which Rs. 21·7 lakhs were in cash), against Rs. 37·6 lakhs in 1924-25.

5. **Taxation.**—The average incidence of cess throughout the Presidency was, as in the previous year, 2 annas 9 pies a head per annum, varying in different districts from 1 anna 7 pies to 8 annas 11 pies.

6. **Education.**—The expenditure rose by Rs. 57,000 to Rs. 30·5 lakhs of which Government contributed Rs. 18 lakhs, while contribution from "Other sources", "School fees" and "Miscellaneous receipts" amounted to Rs. ·4 lakhs, ·4 lakhs and Rs. 35 lakhs respectively. District Boards from their own funds contributed Rs. 11·25 lakhs, against Rs. 12·4 lakhs contributed by them in 1924-25. The number of upper and lower primary schools maintained and aided by District Boards rose from 41,490 to 41,998, of which 31,493 were boys' schools and 10,505 were girls' schools. The number of girls' schools and the number of pupils attending them increased by 765 and 17,857 respectively. Union Boards continued to maintain the free primary schools started by them in previous years on the lines suggested by Mr. Biss. New schools of this type were started during the year at Sat-Bankura Union in Midnapore and at Narainpur in the 24-Parganas. The District Board of Faridpur undertook to introduce a progressive scheme for free primary schools in Gopalganj, Ghagore, and Kabirajpur Union Board areas and the 24-Parganas District Board sanctioned the establishment of 22 similar schools. An experiment was made in Narendra Union in Midnapore with primary education on Mr. Biss's lines with four schools, while the Khulna District Board sanctioned the introduction of primary education on these lines in the Aichganti Union. The District Board of Hooghly resolved to entrust the supervision of aided primary schools to the Union Boards concerned.

There were new Santhal Education Boards in Bankura and Midnapore, with the District Magistrates as their Presidents, for the education of Santhals. In Birbhum and Hooghly there were, respectively, 105 and 31 night schools for the education of labouring classes, with 2,065 and 561 on their rolls. Mr. Cook, the Divisional Commissioner, writes as follows about these schools:—

"In my opinion, more encouragement should be given by the Department to

night schools. The night school is a noticeable feature of most non-official efforts to spread education, and the Department would do well to recognise this fact as, at any rate, indication of what the honest and earnest among social workers think ".

The Minister will call the attention of his hon'ble colleague in charge of the portfolio of Education to these remarks. Night schools, supported or aided by District Boards, are not mentioned as existing in any other district except Darjeeling.

Technical and industrial education continued to receive special attention. The peripatetic weaving school at Suri was provicialised and a new peripatetic centre at Sultanpur in the same district was also sanctioned for the instruction of aboriginal tribes like the Santhals. The 24-Parganas District Board sanctioned a scheme for the establishment of a junior technical school in the district at an approximate capital cost of Rs. 50,000 and an annual grant of Rs. 14,000, but subsequently agreed to amalgamate it with the Divisional Commissioner's scheme for an industrial and agricultural school at Jadabpur near Calcutta. The proposed technical school at Krishnagar referred to in the last year's resolution was not started, pending the acquisition of a suitable site for the school.

7. **Medical Relief and Public Health.**—The expenditure under these heads aggregated Rs. 20 lakhs, against Rs. 18 lakhs of the previous year. The increase is noticeable in most of the districts and was most marked in the 24-Parganas. Twenty-two new dispensaries were opened during the year, and the total number of dispensaries maintained and aided were 485 and 319 respectively. Medical relief was, as usual, provided primarily through these institutions and also through dispensaries subsidised by District Boards and a small number of dispensaries following systems of treatment other than allopathic. Arrangements were also made to provide medical relief during epidemics by engaging temporary itinerent doctors who distributed medicines free, treated cases, disinfected wells and took measures to prevent the spread of cholera, small-pox and other infectious diseases. Dispensaries were also maintained by some Union Boards. Health and anti-malarial societies were formed in several districts. They took measures for the prevention of diseases, in some instances a group of societies bounded themselves together to maintain a medical practitioner, some societies distributed quinine and other medicines free to indigent patients. These bodies are working on the right lines and deserve all possible encouragement and help. Without such local co-operative effort it is impossible to deal effectively with epidemic diseases.

Special arrangements were made by District Boards for the treatment and the prevention of kala-azar. As in the previous years, all the District Board dispensaries were made centres of treatment, with requisite medicines and instruments. Most of the doctors in charge of these dispensaries were previously trained in the latest methods of diagnosis and treatment. The District Boards also opened a number of out-centres. Besides these, a large number of centres was started by private enterprise, many of which were managed by anti-malarial societies. Excellent work was done at these centres. The Minister for Local Self-Government is glad to observe that most of the District Boards have taken up schemes for fighting kala-azar enthusiastically and, in particular, he congratulates the District Board of Noakhali, where the disease is said to have received a setback on account of the earnest effort the Board has made to root out the evil from the district. The efforts made by the 24-Parganas District Board in this direction also deserve special mention. The scheme adopted by this Board to which reference was made in last year's resolution is said to have brought relief to many sufferers, and as the organisation goes on improving is expected to bring about a material reduction in the death and sickness rate of the district.

Small-pox in an epidemic form broke out in several districts, and the District Boards took prompt measures to check the spread of the disease.

Cholera raged violently in some places and the District Boards concerned deputed epidemic doctors to the affected areas with medicines and disinfectants, and took all possible measures to cope with these outbreaks. While approving of the energy with which District

Boards in general dealt with such emergencies, the Minister feels constrained to observe that all Boards did not follow a consistent policy in respect of the permanent dispensaries which they maintain or assist. Such institutions should be spread evenly over a district, so that no one in need of medical aid will have far to travel in order to obtain it. In compliance with a resolution passed by the Legislative Council, Government offer special grants to District Boards to help them in establishing dispensaries at all thana headquarters. Many new dispensaries have been opened in response to this offer but the distribution of medical aid still appears to be uneven. It is reported that in Mymensingh, for instance, 13 thanas are still without dispensaries at their headquarters.

Liberally minded persons sometimes offer baits in the shape of lump donations to induce District Boards to establish new dispensaries in places which may be comparatively near to existing institutions. If these contributions are accepted, District Boards have to find the recurring cost of upkeep and this can only be done by curtailing expenditure on other necessary objects, such as the opening of dispensaries where they are most needed. There is a danger, too, that funds required for the proper maintenance of existing dispensaries may be cut down, in order to provide for the new institutions. Mr. Cook, Commissioner of the Burdwan Division, has remarked in this connection :—

" In the Midnapore district there were a number of donations for the establishment of dispensaries, the maintenance of which will fall practically entirely on the District Board, with the result that its income is being seriously tied up. It is time the Boards adopted the policy now followed by Government in regard to medical schools, *viz.*, to provide the cost of establishmtnt, *i.e.*, initial cost, leaving the responsibility for maintenance to the local bodies."

Such donations should ordinarily not be accepted, unless an endowment fund sufficient for upkeep of the proposed dispensaries can be created, the initial cost being met by the District Board, if necessary from a loan or from balances.

8. **Veterinary.**—The charges under this head fell from Rs. 1,81,000 to Rs. 1,65,000, the decrease being shared by most of the District Boards, notably by the Rangpur, Burdwan, Jalpaiguri and Nadia District Boards. In Bankura, where there was an abnormal increase in the number of rinderpest cases, the expenditure fell below that of the previous year. The expenditure rose appreciably in Noakhali and Dinajpur. Cattle disease broke out in many districts and, though effective provision for inoculation could not be made, the majority of the District Boards concerned took preventive measures as far as their funds permitted, sometimes with the help of the Union Boards in whose areas the disease broke out. The Veterinary Assistants maintained by District Boards attended these outbreaks promptly and in most cases succeeded in preventing the spread of the disease by inoculating cattle. They also made regular tours and did their best to popularise the Department by educating the people in the matter of treatment and prevention of cattle disease. It is satisfactory to note that the public are gradually appreciating the utility of the preventive treatment.

9. **Civil Works.**—The total expenditure under this head, which includes the sums spent on water-supply and drainage, rose by Rs. 43,000 to Rs. 63·1 lakhs. The principal items of expenditure under this head are " Buildings ", " Communications ", " Water-supply " and " Establishment ". Under " Buildings " and " Establishment " the expenditure increased by Rs. 62,000 and Rs. 28,000, but it fell by Rs. 30,000 and Rs. 80,000 under the other two heads. The outlay on original works under " Communications " showed a decline of Rs. 96,652, while the cost of repairs rose by Rs. 66,625. This shows that in the year under review the District Boards paid more attention to the maintenance of existing communications than to new construction. This is certainly the wisest policy to adopt, in view of the hopeless inadequacy of the income at present at the disposal of District Boards and the many other calls on their resources. From all over Bengal comes the cry that roads are deteriorating in consequence of the increase of motor and, especially, omnibus traffic, and that District Boards cannot afford the money required to keep them in proper order. Last year's Resolution contained a reference to a Bill for authorising local

bodies to levy a reasonable fee on motor traffic, which was then under consideration of Government. It has since been decided not to proceed with this measure, but to substitute for it a Bill authorising Government to levy a tax on motor vehicles, the income derived therefrom being expended in the form of grants to local bodies to assist them in maintaining or improving communications. The yield of the tax is likely to be small, and unless some other means of increasing the resources at the disposal of District Boards can be found, no general improvement of mufassal roads can be expected.

It may be added that Mr. W. A. Marr, Commissioner of the Rajshahi Division, supports, subject to the imposition of safeguards, the opinion of Maharaja Jagadis Nath Roy, the Chairman of the Dinajpur District Board, that a tax should be imposed on carts. The following remarks of Khan Bahadur Maulvi Wasimuddin Ahmed, B.L., Chairman, Pabna District Board, are also worth quoting:—

"Owing to paucity of funds and there being less clamour for good roads in the interior, this Board could not undertake to improve roads in the backward areas where good roads are needed for trade facilities. Wayfarers, specially the cartmen, suffer much inconvenience and loss, though they would be too glad to pay tolls for improved roads and bridges. They have often to pay far more to private individuals for a little help, yet they suffer for want of good roads."

The percentage of lapses over the budget allotment was the highest in the Burdwan district, *viz*, 23·2, against 11·8 in the previous year. They were partly due to the non-settlement of contractor's claims within the year and to the refusal of the contractors to do further work, and partly to the delay in obtaining sanction to revised rates from the Superintending Engineer and in acquiring land for certain inspection-bungalows in the Asansol subdivision. There were also large lapses in Faridpur (18·3) and Pabna (16·2). The lapses in the 24-Parganas declined from 24·0 to 10·5 and those in the Darjeeling and Birbhum districts from 22·4 and 19·8 to 8·1 and 11·4 respectively. As in the preceding year, no part of the allotment lapsed in Malda.

10. **Water-supply.**—The expenditure under this head declined from Rs. 9·9 lakhs to Rs. 9·1 lakhs, the decline being the net result of decreases in 14 districts and increases in 12. Several District Boards, of which Midnapore, Hooghly and Howrah deserve special mention, spent on water-supply more than what they received as augmentation grant, while the District Boards of Chittagong and Darjeeling spent merely a fourth part and the Noakhali District Board a seventh part only of the grants received by them. The Jalpaiguri and Burdwan District Boards spent less than one-half of their expenditure during the previous year, and in the latter district the expenditure was Rs. 38,000 less, even including the contributions made by the District Board towards the improvement of water-supply. The expenditure was also appreciably less in the 24-Parganas and Noakhali districts. On the other hand, it rose by over 50 per cent. in the Hooghly and Tippera districts, and there was a considerable rise in the outlay in the Midnapore and Dinajpur districts. Compared with Public Works Cess receipts, the expenditure in Howrah, Midnapore and Hooghly represented, respectively 55·0, 42·8 and 40·3 per cent. of these receipts, while that in Jalpaiguri was only 24·9 per cent., against 51·6 per cent. of the previous year. The expenditure in Midnapore amounted to Rs. 1,40,695 and was in excess of the already large expenditure incurred in the previous year. This is explained by the fact that the Local Boards at Sadar, Ghatal and Jhargram overspent their respective allotments. This irregularity is especially to be deprecated, in view of the report received that the Local Boards did not get their money's worth and that some of the money went astray. Mr. R. N. Reid, the District Magistrate observes: "This seems to show a great want of supervision on the part of the District Board and, apparently, an unscrupulous misuse by the Local Boards in question of the opportunity thus afforded to them". The Minister agrees with this observation. There was a great demand for tube-wells in the Hooghly and Howrah districts. In the former, 80 new tube-wells were sunk, and in the latter some deep-seated wells were constructed on the recommendation of Union Boards. In the 24-Parganas 168 tube-wells, 12 ring wells and 4 masonry wells were sunk, and the excavation of 8 tanks was completed and many tube-wells were under construction. The District Board also sanctioned a loan of

Rs. 3,000 to a private person for the excavation of a tank at Sarupkati in thana Hasnabad, on condition that the tank would be allowed to be used by the public for drinking purposes. The Khulna District Board, besides excavating and sinking tanks and masonry and ring wells, gave out loans amounting to Rs. 3,800 to 8 private persons for re-excavation of their old tanks. In Dacca the construction of 24 wells and the excavation of 2 tanks were completed and 62 wells and 4 tanks were undertaken. In Mymensingh much was done during the year to improve the water-supply of the district and 154 tube-wells were sunk. The District Board also took up 228 masonry wells, 154 tube-wells, 126 ferro-concrete wells, 14 tanks, 1 tiled well, 3 ring wells and 4 wooden wells and advanced Rs. 5,900 as loans to private individuals for excavation and re-excavation of tanks. The Rajshahi District Board sank 50 masonry wells, 30 ring wells and 1 tube-well and ganted loans for re-excavation of tanks. Forty-seven tube-wells and 14 masonry wells were completed in Bogra during the year.

With respect to tube-wells the Minister has been impressed by the following remarks of Mr. Twynam, Magistrate of Mymensingh :—

" In this connection, I would strongly urge that an approved pattern of tube-well be adopted by the Local Self-Government Department after exhaustive tests, and that simplicity and strength should be qualities demanded. It is comparatively unimportant whether a tube-well costs Rs. 700 or Rs. 800, but it is of very great importance that it should be nearly as unbreakable as the parish pump in England. I believe that the several companies concerned would readily come up to the mark if Government laid down certain standards. I would also recommend that :—

(*a*) no tube-well should be considered complete without a stock of spare parts, and

(*b*) the Local Self-Government Department should issue a pamphlet in Bengali, explaining the mechanism of a tube-well and how to effect repairs.

There can be no question that the tube-well is the most appropriate and hygienic source of water-supply in the mufassal. It labours under one disadvantage only—it is constantly going out of order, in many cases its period of usefulness is not over 6 months. It is surely possible to devise some means of preventing this disadvantage. The Mymensingh District Board's action, in appointing a *mistri* to attend to repairs, is a good beginning, but it does not go far enough. Many *mistris* will be required and much time will be wasted if reliance must be placed on their activities only."

These suggestions will be considered by the Public Health Department. It may be remarked in this connection that the 24-Parganas District Board maintained a staff consisting of one tube-well inspector, one mechanic and five *mistris* to look after the tube-wells, about 500 in number, scattered all over the district. The Minister considers that while normally the bulk of the cost of new sources of water-supply should be found by the individuals benefited, the employment by the District Board of an itinerant staff for the repair of tube-wells—instead of leaving every small community to make its own arrangements—makes for economy, and is a legitimate charge on the district fund.

As regards the general question, the Minister feels very strongly that the vital problem of rural water-supply in Bengal will never be solved along the present lines. So long ago as 1919 Dr. Bentley pointed out that District Boards can never expect to provide every group of dwellings in the areas under their charges with a satisfactory source of water-supply. Long before they could do so their entire incomes would be swallowed up in the recurring cost of upkeep of tanks and wells.

The strain has been already felt and District Boards were in 1925-26 unable to equal the effort which they had made in this direction in 1924-25. The only feasible course is to face the fact that the provision of water-supply in villages is a matter for the villagers themselves, and that the greater part of the cost at least must be found by Union Boards or other village organizations in such a manner that no recurring commitment is undertaken by the District Board. This means in practice that the portion of a District Board's income which is earmarked for water-supply should be spent in the form of grants-in-aid to Union Boards or voluntary associations to supplement the funds which they raise themselves, so that the district fund is not saddled with the expense of maintenance.

By mobilizing local resources and encouraging local effort with pecuniary help, District Board should be able to bring into being a far larger number of sources of good drinking water than can be provided and properly maintained on the present lines.

11. **Closing Balance.**—The year closed with an actual balance of Rs. 21·7 lakhs, against Rs. 22·5 lakhs of the previous year. There were heavy balances in the Burdwan (Rs. 3,97,188) and the 24-Parganas (Rs. 3,69,529) districts. The large balance in Burdwan is attributed to the excess income under "Cess receipts" received late in the year, to larger receipts from Government on account of education and the large amount remaining unspent under "Civil Works". The heavy balance at the credit of the 24-Parganas District Board represented the unspent balances amounting to Rs. 1,32,000 under the heads "Education" and "Medical", excess receipts on budget provision amounting to Rs. 1,33,736, and the refund by Government of Rs. 73,952 in connection with the Nowie-Sunthi and Jaboona projects. The Mymensingh District Board succeeded in reducing its balance from Rs. 2,27,323 to Rs. 1,76,613, but the latter is still an unduly large amount. The Midnapore (Rs. 8,583), Jessore (Rs. 2,656) and Hooghly (Rs. 2,145) District Boards, on the other hand, closed the year with unduly low balances. Regarding the first named District Board, the Magistrate, Mr. Reid, remarks :—

"This (the low balance left by the Midnapore District Board) discloses a regrettable laxity on the part of the Board in dealing with other people's money. The Board not only spent the whole of their own income, but appropriated a large sum out of deposits lying with the Board".

12. **General Remarks.**—The administration of District Boards by non-official Chairmen continued on the whole to be satisfactory; Midnapore, where there was reckless overspending all round and recurring expenditure undertaken unjustifiably, was an exception. As in the previous year, most of the Chairmen and Vice-Chairmen did their best to discharge the responsibilities imposed on them even at the sacrifice of their private interests.

District Boards on the whole made genuine efforts to improve rural conditions so far as the means at their disposal allowed. The attempts which were made to stamp out kalazar call for special commendation. The reduction in the expenditure on water-supply, on veterinary and on primary education is, however, significant as indicating that District Boards in General can only make serious endeavours to tackle one particular problem by reducing expenditure under other heads.

What is wanted is some change of system empowering these bodies to obtain, by local taxation with the help of Government grants, funds which will enable them to cope adequately with the problems that confront them.

Rai Biswambhar Rai Bahadur, M.B.E., Chairman of the Nadia District Board, has well described the present position in the following words :—

"With the available resources at our disposal, it has been our anxious consideration to make it as humanitarian and businesslike as possible, and in this respect all the members participated wholeheartedly.....

"With the general awakening of people and consequent demands passed by them—not unreasonable though—the functions of the District Board have been greatly expanded without, however, a corresponding adequate expansion of resources. Necessarily, the activities of this Board have been mainly directed to those Departments which are very necessary for the very existence of the people.

* * * *

"Again, the manifold activities of health and sanitation in combating kala-azar and malaria and controlling the wide-spread epidemics of cholera and small-pox show how the energies and resources of the District Board are almost exhausted on such works of defence leave very little to be done for constructive work.....".

Some progress can be expected as a result of the activities of Union Boards whose powers to realize by taxation what they require to meet local needs—in sharp contradiction to the powers possessed by the Local Government and by District Boards—are practically unrestricted. Members of Union Boards, however, operating in a comparatively small area, are peculiarly sensitive to public opinion which, in practice, places a limit on the

amount that they can realize from their neighbours for public purposes; moreover, large schemes of improvement cannot be financed from the Union rate, but require expenditure from the district fund. Hence, if there is to be any real advance, steps must be taken to augment the resources at the disposal of District Boards, either by raising the statutory limit at present imposed on the rate of road and public works cess or by substituting some form of local taxation which will apply to non-agriculturists as well as to those who earn their living by the land and will take the property and circumstances of individuals rather than the annual value of lands as the basis of assessment.

When the present incidence of cess is on an average less than 3 annas a year per head of population, it can hardly be contended that an increase in local taxation would be burdensome.

The Minister desires to express his appreciation of the good work done by the following gentlemen and to thank them for their services :—

Chairmen of District Boards.

Raja Moni Loll Singh Roy, C.I.E., Burdwan.

Raja Satya Niranjan Chakravarty, Birbhum.

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Spring Oilseed Crops of Bengal, 1926-27.

(NOTE.—On an average of the five years ending 1924-25, the area under linseed in Bengal has represented some 3·6 per cent. and that under rape and mustard 12·4 per cent. of the total area under these crops in British India).

Character of the season.—As indicated in the first forecast the weather at the outset was generally favourable. Subsequent drought was not too favourable especially in the West Bengal districts but rainfall in the end of December and middle of January, though detrimental to some early sown crops, then maturing, was beneficial on the whole. Damage by excessive rainfall is reported from Murshidabad, Hooghly, Dacca, Faridpur and Bakarganj and also by insect pests from Noakhali. On the whole a fair crop is expected.

Area sown.—Oilseeds are chiefly grown in the Rajshahi, Dacca and Presidency Divisions. In the other two Divisions the cultivation is small. The total area under these crops (excepting sesamum for which separate forecasts are issued) is returned at 928,700 acres this year as against 898,100 and 900,100 acres, respectively, in the corresponding and final forecasts of last year.

Outturn.—From the District Officers' estimates the provincial outturn of the different oilseed crops works out at 76 per cent. of the normal as against 76 and 55 per cent., respectively, in the corresponding and final forecasts of last year.

ROBERT S. FINLOW,
Director of Agriculture, Bengal.

DACCA, *the 25th February 1927.*

APPENDIX.

Second Forecast of the Spring Oilseed Crops of Bengal, 1926-27.

District.	Names of spring oilseed crops.	Estimated normal area under spring oilseeds.	Estimated area under spring oilseeds.		Estimated outturn as a percentage of the normal yield per unit of area.		Date by which the harvesting generally commenced this year and whether that date was early, normal or late.	Remarks by District Officers.
			Last year (1925-26).	This year (1926-27).	Last year.	This year.		
		Acres.	Acres.	Acres.				
24-Parganas...	Linseed	1,000	600	400	92	75	December to January. Normal.	The decrease in area is due to want of timely rain. The weather was fairly favourable. Owing to want of timely rain the outturn is anticipated to fall below the normal.
	Rape and mustard ...	1,000	800	600	92			
	Other oilseeds (excepting *til*).	(*a*) 1,000*	100	(*a*) 400	67

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Wheat Crop of Bengal, 1926-27.

[NOTE.—On an average of the five years ending 1924-25, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage the total wheat acreage in (*a*) British India and (*b*) In the territory now reported on has, in the five years ending 1924-25, averaged (*a*) 40·7 and (*b*) 14·6 per cent., respectively.]

Character of the Season.—The rainfall from September to the early part of October was adequate for the preparatory tillage and the sowings, in consequence commenced at the normal time. The dry weather that followed was favourable at first but being prolonged up till the middle of December interfered with the growth in some districts. Rainfall in December and the middle of January has been beneficial on the whole though rather too heavy in places. The season, on the whole, promises to be a fairly favourable one for the crop.

Acreage.—According to the estimates of the District Officers the total area sown amounts to 129,500 acres as against 130,600 and 130,500 acres, reported, respectively, in the corresponding and final forecasts of last year.

Outturn.—The average provincial outturn as worked out from district estimates, is 80 per cent. of the normal as against 78 and 69 per cent., respectively, in the corresponding and final forecasts of last year.

ROBERT S. FINLOW,
Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 28rd February 1927.

Summary.—During the week light and scattered showers fell over the greater part of the Presidency. Preparatory tillage for jute and other autumn crops is progressing under most favourable condition and sowings have commenced in some Eastern Bengal districts. Reaping of spring oilseed crops is much advanced and that of other crops continues. The outlook of standing crops is generally fair except in some districts where the recent rain has caused some damage. The average price of common rice for the province has slightly fallen as compared with that of the previous week.

PART I.

Orders and Notifications by the Governor of Bengal, the Government of Bengal, the High Court, Government Treasury, etc.

ORDERS BY HIS EXCELLENCY THE GOVERNOR OF BENGAL.

NOTIFICATION.

No. 3251A.—The 1st March 1927.—Whereas the validity of the election of Babu Charu Chandra Sinha by the Howrah Municipal (non-Muhammadan) constituency as a member of the Bengal Legislative Council has been brought in question by an election petition duly presented by Babu Khagendra Nath Ganguli, under the provisions of Part VII of the Bengal Electoral Rules; and

Whereas in accordance with the provisions of rule 45 of the said Electoral Rules, the Commissioners appointed for the trial of the said petition have duly submitted their report to the Governor; now, therefore, in pursuance of sub-rule (*3*) of rule 45 of the Bengal Electoral Rules and in accordance with the report of the said Commissioners, the Governor is pleased hereby—

(1) to declare that the nomination papers of the petitioner Babu Khagendra Nath Ganguli were improperly rejected by the Returning Officer, that Babu Charu Chandra Sinha has not been duly elected as a member of the Bengal Legislative Council for the Howrah Municipal (non-Muhammadan) constituency, and that the nomination paper of the petitioner should be accepted and the election allowed to proceed according to law;

(2) to direct that the said respondent Babu Charu Chandra Sinha shall pay to the petitioner Babu Khagendra Nath Ganguli the sum of Rs. 51 as costs, and

(3) to publish the said report.

W. D. R. PRENTICE,

Chief Secretary to the Government of Bengal (offg.).

In the Court of the Commissioners appointed under rule 36 (2) (a) of the Bengal Electoral Rules by Government notification No. 24300A., dated the 10th December 1926.

In the matter of Babu Khagendra Nath Ganguli, petitioner,

versus

Babu Charu Chandra Sinha, respondent.

For the petitioner—Mr. S. C. Bose, Counsel, and others.

For the respondent—Mr. N. Sircar, Counsel, and others.

Report.

Babu Khagendra Nath Ganguli was a candidate for election to the Bengal Legislative Council from the Howrah Municipal non-Muhammadan constituency. Babu Charu Chandra Sinha was his only rival candidate. Babu Khagendra Nath filed four nomination papers subscribed by him and four sets of different proposers and seconders. The Returning Officer, on the objection of the respondent, Babu Charu Chandra Sinha, rejected the nomination papers upon scrutiny. From the reasons given by the Returning Officer for rejecting the nomination papers it appears that the Returning Officer did not have any doubt as regards the identity or eligibility of the petitioner ; but it is clear that the only ground on which he rejected the nomination papers was that they did not specify the sex division of the electoral roll in which the names of the petitioner and his several proposers and seconders were included. For this omission the Returning Officer was of the opinion that the nomination papers did not contain a complete description of the subdivision as required by the rules. Against the orders of the Returning Officer Babu Khagendra Nath has filed this petition and he prays that the said orders may be declared wrong and unsustainable, that his nomination should be accepted, that the respondent's election should be declared void, and that a fresh election should be held from the constituency. He also asks for the costs of the proceedings.

The respondent filed a written statement which raised the following issues for determination :—

(1) Does the "subdivision" referred to in Schedule III refer to subdivision into electoral areas ? or does it refer to subdivision according to sex as well ? Do the nomination papers give a description of the subdivision as required by the rules ?

(2) Were the nomination papers of the petitioner properly rejected on the grounds mentioned in the order of the Returning Officer dated the 8th October 1926 ?

(3) Was the electoral roll of the Howrah Municipal non-Muhammadan constituency for the Bengal Legislative Council, in so far as it contained the heading " male electors ", prepared in accordance wiih the regulations made and forms prescribed by the Local Government ? If not, what is the effect thereof ?

(4) Is the respondent entitled to raise the points urged by him in paragraph 6 of the written statement ? If so, are the nomination papers of the petitioner liable to be rejected on any of those grounds ?

(5) To what relief, if any, is the petitioner entitled ?

The fourth issue was not pressed, so we are called upon to answer the questions in the other issues framed.

The first question is whether the word "subdivision" in the foot-note of Schedule III of the Electoral Rules refers to subdivision into wards or different areas, or to such subdivision as well as subdivision into male and female voters. The foot-note under the Schedule appears, for the first time, in 1923. At that time, so far as we can see, there was only one subdivision, namely, into different areas or wards, for at that time female were disqualified from being registered as voters. So there cannot be any doubt that in 1923 "subdivision" referred to territorial subdivision and not to sex subdivision. In 1925, August, sex disqualification was removed by Legislature. On 8th February 1926 we find the local Government by its letters Nos. 1124-28 A., directed that a roll of women voters should be prepared separately and in the form prescribed as for male voters, except that in column No. 3 the name of the husband primarily (or the name of the father in the case of unmarried women) should be written instead of the name of the father as in all cases of male voters. Thus in 1926 there came to be in each municipal area one electoral roll for males and another for females, and each such roll came to be sub-divided into as many separate rolls according to area as there are wards in it ; in other words, in 1926 the electoral roll of each municipality came to be sub-divided according to more than one principle of division.

On 8th February 1926 the local Government under rule 9 (*4*) issued letters Nos. 1124-28A., with copies of instructions for the President Panchayets and Chairmen of Rural Municipalities, and with prescribed forms of roll—Exhibit A in the case. The Government also issued letters Nos. 1947-49 A., forwarding copies of instructions for the guidance of the Chairmen of Urban Municipalities, in the preparation of the rolls, observing therein that the general principles underlying were the same as in letters Nos. 1124-28 A., noted above. To letters Nos. 1947-49 A., were appended printed slips of heading "*which were to be pasted on the head of each copy of the electoral rolls.*" The heading on the slips meant for the list of female voters runs thus, "Non-Muhammadan Electorate (female electors)"; while the heading on the slips meant for the list of male voters runs thus, "Non-Muhammadan Electorate". It will be seen in the latter case no such words as "male electors" were added as in the case of female voters. From the electoral roll of the Howrah Municipal non-Muhammadan constituency published we find that the Chairman of the Howrah Municipality not only put "female voters" or "female electors" in the case of female rolls as directed, but in the case of the male lists he also inserted "male electors", "male voters" or words to such effect. This, in our opinion, is not enjoined by the Government in the instructions issued to the Chairmen of the Urban Municipalities, and this is not required by and not to be found in the printed forms appended to the instructions issued by the Government. The petitioner and his proposers and seconders subscribed their names, gave the number of the ward, as well as their serial number correctly and completely; what they did not do, it was objected by the respondent, and the Returning Officer upheld the objection, was they did not mention the words "male electors" after their roll numbers in the nomination papers. According to the Government instructions and the printed headings circulated, upon the appended form of the heading of the electorate meant for male electors requiring no qualification, *e.g.*, "male electors", the description given by the candidate, the proposers and the seconders would be adequate. According to the instructions and the form, in our opinion, the absence of any qualifying words would mean and means "male electors". Thus if the Chairman of the Howrah Municipality had followed the instructions issued by the Government and *pasted the slips prescribed at the head of each copy of the roll*, the nomination papers, as they are, would be complete and unexceptionable. It is only because the words "male electors" are printed in the heading of the male lists of the municipality in question that the Returning Officer held the nomination papers were defective. That is why the question was discussed whether the Chairman of the municipality had any legal, that is to say, statutory authority to make the addition, though the Government instructions did not direct the addition and the specimen forms did not prescribe the same. Apparently the Chairman had no statutory authority, as according to the rules he is to prepare the roll according to the instructions and forms sent to him by the local Government. It is contended for the respondent that the petitioner not having objected to the addition of the words "male electors" under rule 9 (*6*) he is estopped from questioning it now. Rule 9 (*6*) read with Regulation XIX shews that an objection contemplated under the rule is different from an objection of this nature. Besides, there can be no question of estoppel in a case like this where statutory requirements are disobeyed with full knowledge by the officers entrusted with the discharge of public duties. The addition of the words "male voters" "male electors" or "males" being not covered by the instructions and the form, is of no consequence. Accordingly in our judgment the nomination papers in question when they did not expressly quote the words "female electors" or "female voters" must be taken to refer to subdivision and numbers in the male lists and is, therefore, complete and correct according to the instructions issued by the Government and forms prescribed. Had it been the case that the candidate was proposed and seconded by female voters and in giving the description of their subdivision wards and serial numbers were given, but the words "female electors" were omitted then, with some show of reason, it could be contended that the nomination papers did not give a complete description of the subdivision according to prescribed rules and were defective.

The object of requiring that the name of the subdivision withinwhich electors are numbered should be given is that the identity and eligibility of the candidate, proposer and seconder could be discovered in case of objection. It is pointed out in this case that in the case of several nominations the serial numbers of the proposers and seconders are higher than the number of female voters in the corresponding ward or territorial subdivision. Thus in Ward No. V there are only 221 female voters in the list, whereas the proposers and seconders in the nomination papers marked 12 and 13 are 375, 347, 359 and 367. Thus there could be no doubt that the numbers referred to those in the male list. It was argued by the respondent that whether the establishment of identity, etc., is the object of the rule or not is not the point. There may be and are other reasons for the rule, and the rule being there the Returning Officer cannot go beyond the nomination paper. A number of rulings (English and Indian) were cited before us. We feel considerable hesitation in applying the rulings of English Courts to Indian cases; one reason for such hesitation being that a Returning Officer in England is not competent to investigate into the eligibility of the candidate. He only decides on the validity of an objection made to a nomination paper. But under the rules framed under the Government of India Act a Returning Officer has powers to decide both on the validity of the nomination papers as also to the identity and eligibility of the candidate. The proceedings before the latter officer, therefore, are less summary than those before the former. So, in our opinion, there are reasons why the English Election Courts have been so

strict. Besides, we find in England certain defects have been made curable and certain defects incurable. There being such hard and fast distinction in the majority of cases cited we find that the learned Judges upheld the objections "with considerable reluctance but with no hesitation". In India we do not find any settled law on the point. In one of the latest cases, the report of which is published in Part I of the *Bihar and Orissa Gazette* of the 19th of January last, a point of view has been adopted which is in accordance with ours. Certainly in other Indian cases, as for example, in the West Berar case, the Raipur case reported in Hammond, Volume II, pages 232-234, a different standpoint has been taken; but it will be seen in the majority of the decided Indian cases the Courts always considered whether the defect was of a "substantial character." Thus what is a fatal defect is largely a question of fact in India and not strictly a point of law.

To sum up, our conclusions are, the word "subdivision" in the foot-note of Schedule III at present refers to area subdivision as well as to sex subdivision; that the nomination papers in question simply giving roll numbers and the ward numbers not only indicated subdivision as to area but, as they stand, they indicate subdivision as to sex as required by the rules—thus for the above reasons the nomination papers in question did completely state the subdivisions as required by the foot-note under the rules; that in as much as they were not defective these nomination papers were not properly rejected. Further the electoral roll published of the municipality in question was, in our opinion, not prepared according to the rules—that is to say, instructions issued by the Government, but that the addition of the words "male electors," "male voters" or "males" in the male roll is a mere surplusage and of no consequence.

The result there is that, in our opinion, the petitioner is entitled to succeed and that it should be declared that his nomination papers were improperly rejected by the Returning Officer, that the respondent has not been duly elected, and that the nomination papers of the petitioner should be accepted and the election allowed to proceed according to law.

We assess the costs of this hearing at Rs. 51 and recommend that the respondent do pay the same to the petitioner.

NOTICE.

IN THE COURT OF THE COMMISSIONERS APPOINTED BY GOVERNMENT UNDER SECTION 36 (*2*) (*a*) OF THE BENGAL ELECTORAL RULES AT BARISAL.

Election Case No. 1 of 1927.

To

(1) Maulvi Abdul Gofran, M.L.C., Public Prosecutor, Noakhali,
(2) Mr. Obaidulla, B.Sc., Noakhali town—Respondents.

Please take notice that an election petition has been filed by Haji Abdur Raschid Khan against the election of Maulvi Abdul Gofran in the Bengal Legislative Council for setting aside the aforesaid election and that 10th March 1927 has been fixed for the return of that notice. Lists of witnesses and documents, if any, to be filed on that day. The question of taking additional security under rule 36 (*2*) (*b*) will be considered on that day.

Given under my hand this 1st day of March 1927.

BIJAY GOPAL CHATTERJI, *President.*

ELECTION PETITION.

TO HIS EXCELLENCY THE RIGHT HON'BLE VICTOR ALEXANDER GEORGE ROBERT BULWER-LYTTON, EARL OF LYTTON, P.C., G.C.I.E., GOVERNOR OF BENGAL.

In the matter of an election petition under Part VII of the Bengal Electoral Rules,

and

In the matter of an election to the Bengal Legislative Council from the Noakhali West (Muhammadan) constituency,

and

In the matter of Haji Abdur Raschid Khan (of Noakhali town, district Noakhali, at present residing at 30, Mahendra Chandra Garden Road, post office Ghughudanga, district 24-Parganas, Bengal)—Petitioner,

versus

1. Maulvi Abdul Gofran, M.L.C., Public Prosecutor, Noakhali (Returned candidate),
2. Mr. Obaidulla, B.Sc. (of Noakhali town, district Noakhali)—Respondents.

The humble petition of Haji Abdur Raschid Khan, the petitioner abovenamed,

MOST RESPECTFULLY SHEWETH—

1. That your petitioner was a duly nominated candidate at the last General Election for the Bengal Legislative Council from the Noakhali West (Muhammadan) constituency and the two respondents abovenamed, Maulvi Abdul Gofran and Mr. Obaidulla, were the two other candidates at the said election who were put in nomination.

2. That the said election was held on the 20th day of November 1926, and the respondent No. 1, Maulvi Abdul Gofran, was declared duly elected by the Returning Officer, the District Magistrate of Noakhali.

3. That the result of the said election was published in the *Calcutta Gazette* on the 2nd day of December 1926.

4. That the voting at the said election as declared by the Returning Officer was as follows :—

Maulvi Abdul Gofran	...	...	...	2,938 votes.
Haji Abdur Raschid Khan	...	...	...	1,801 ,,
Mr. Obaidulla	...	...	...	309 ,,
Rejected	...	...	...	59 ,,

5. That the said returned candidate, respondent No. 1, filed his return of election expenses on the 5th day of January 1927.

6. That your petitioner also filed his return of election expenses on the same date.

7. That your petitioner charges that the said election of respondent No. 1 was and is fit to be declared void on the ground—

(*a*) that the election was procured and induced and the result of the election materially affected by corrupt practices, and

(*b*) the result of the election was also materially affected by the improper acceptance of the nomination of the said respondent No. 1, by the improper reception and refusal of votes and by non-compliance with the provisions of the Government of India Act and the rules and regulations made thereunder.

8. That your petitioner states that the said respondent No. 1 by himself or by his agents and other persons acting on his behalf or and with his knowledge or connivance was guilty of bribery, treating, undue influence, personation, publication of false statements, illegal hiring and use of public conveyances, illegal payments and other corrupt and illegal practices in contravention of the electoral laws, rules and regulations, before, during and after the said election.

9. That your petitioner begs to annex hereto a list setting forth particulars of corrupt practices and craves that the same may be treated as part of this petition and reserves his rights to submit further instances and particulars of such corrupt practices later on.

10. That your petitioner states that the signature of the seconder Abdul Jabbar in the nomination paper of the said respondent No. 1 was not genuine, and the said nomination paper was not completed or signed or and subscribed in accordance with the rules.

11. That your petitioner further states that at several polling centres such as Ramganj and Ramgati, no secrecy whatever was observed in the recording of the votes and the votes so recorded should consequently be rejected.

12. That your petitioner further charges than the said respondent No. 1 filed a false return of election expenses, on the ground among others that it does not include various items of expenditure incurred by the said respondent No. 1 in connection with or in furtherance of the election, as, for example :—

(*i*) payments made to Imdad Ali Chowdhury, Quazi Azizar Rahman, Fazlar Rahman, editor, Fazlar Rahman, pleader, Abdul Bari, poet, Mujibar Rahaman, Abdul Majid, Zainal Abedin, Naderuzzaman, Sekandar Mean, Mohamed Gazi, Mukhtear, Mohamed Fazlullah, and several others,

(*ii*) costs of posters, leaflets and circulars issued by the respondent No. 1 or with his knowledge or connivance,

(*iii*) costs of public meetings held at various places and on various dates in support of the respondent No. 1 candidature,

(*iv*) costs of public conveyances hired for the purpose of bringing voters to and from polling centres,

(*v*) costs of treating voters in almost all the polling centres.

13. That your petitioner begs to deposit the sum of Rs. 1,000 as security for the costs of the petition under rule 35 of the Bengal Electoral Rules.

14. That your petitioner has otherwise complied with the requirements of the Electoral Rules and claims to be entitled to present this petition.

Your petitioner accordingly prays that Your Excellency may be graciously pleased to appoint Commissioners for the trial of this petition and after such enquiry as may be

necessary and on the report of the said Commissioners Your Excellency may be pleased to set aside the aforesaid election, to order a fresh election, to disqualify the said respondent No. 1 under the Electoral Rules for being guilty of corrupt practices and to allow your petitioner the costs of and incidental to this petition or to pass such other or further orders as to Your Excellency may seem fit and proper.

And your petitioner as in duty bound shall ever pray.

Verification.

I, Haji Abdur Raschid Khan, petitioner abovenamed, say that the contents of paragraphs 1, 2, 3, 4, 13 and 14 are true to my knowledge and the contents of paragraphs 5, 6, 7, 8, 9, 10, 11 and 12 are true to information received which I believe to be true and I sign this verification at my office at 5, Corporation Place, on the 18th day of January 1927.

(Sd.) ABDUR RASCHID KHAN,

Petitioner.

List of corrupt practices referred to in paragraph 9 of the petition.

The petitioner herein relies on the following among other corrupt practices committed by the respondent No. 1, or and by his agents and other persons acting on his behalf or with his knowledge and connivance :—

(*a*) Payment of a substantial sum of money to one Mohamed Fazlullah, with a view to get him to withdraw his candidature in favour of the respondent No. 1.

(*b*) Payment of a sum of Rs. 500 to Khadem-ul-Islam with a view to influence voters in favour of respondent No. 1, through the agency of the said society.

(*c*) Payment of Rs. 150 and promise of further payment to Kazi Badiuzzaman and several others, with a view to dissuade them from working on the petitioner's behalf.

(*d*) Providing food, drink and other entertainments to and for and otherwise "treating" voters at different polling centres on the polling day, with a view to influence their votes in favour of the respondent No. 1, and against the petitioner.

(*e*) Newspaper propaganda against the petitioner carried on through the columns of two weekly papers published in Noakhali called the "Tanzim" and the "Noakhali Hitaishi" consisting of publication of false statements respecting the personal conduct and character of the petitioner calculated to prejudice the prospect of petitioner's election, as well as exhortation to voters not to vote for your petitioner on pain of divine displeasure or spiritual censure (the petitioner refers in particular to the issue of Tanzim, dated 1st, 8th and 15th of November 1926, containing, among other things, a notice with the head-line "Maulana Sahebar Adish" in which Maulana Mohamed Hamid Ibne Ali Jaunpuri purported to enjoin on his disciples to vote only for respondent No. 1). The petitioner refers also to a similar notice in the "Noakhali Hitaishi."

(*f*) Publication of various leaflets and circulars containing false statements regarding the petitioner, known or believed by the respondent No. 1 to be false and calculated to prejudice the prospect of the petitioner's election. The petitioner refers in particular to the leaflets annexed hereto :—

1. A leaflet published by the respondent No. 1 himself, headed "Amar (Abdul Gofran) Birodhi Mitha Obhijoger pratibad-o-uttar.

2. A leaflet published by Abdul Salam and printed at Town Press, Noakhali, headed "Islam Moha Bipanna."

3. A leaflet published by Khaden Akramal Huq and printed at Raj Kumar Press, Noakhali, headed "Imandar Musalman Shabdhan."

4. A leaflet in manuscript signed Khaden and headed "Musalman Imandar Votergon Shamipe bineato nibedan."

5. A yellow leaflet signed Samaj.

6. Poster (without the name of the printer and publisher) commencing Khan Saheb Hindur Bhoye Goru Korbani Korenna.

The petitioner states that the respondent No. 1 was guilty of attempting to interfere with the free exercise of electoral rights by the voters, by undue influence through the publication of the above leaflets.

(*g*) Circulation of similar false statements against the petitioner with a view to prejudice his election and to cause undue influence on voters by means of speeches delivered by respondent No. 1 himself and his agents and supporters, such as Maulana Musa, Qari Azizar Rahman, Fazlar Rahman, pleader, Sikandar Mean, pleader, Fazlar Rahman, editor, Abdul Bari, poet, Abdus Salam, Fazlulla and others, at various public meetings held at Chow-mohani, Boserhat, Kabirhat, Mirdarhat, Khalifarhat, Kukurdia, Bhowaniganj, Lakhipur, Raipur, Chandraganj, Protabganj, Haidarganj, Chaprasirhat and other places.

(*h*) Publication of various posters, leaflets and circulars having reference to the election without the name and address of the printers and publishers thereof.

(*i*) Payments made by the respondent No. 1 and by his agents and supporters on account of the conveyance of electors to and from the polling centres.

(*j*) Hiring, employment and using for the purpose of conveying voters to and from polling centres, of conveyances usually kept for letting on hire on the day of the polling.

(*k*) Attempting to influence voters with the aid of several Government officers employed in the Police, Registration, Education and Revenue Departments, as well as of officers of the Noakhali Central Co-operative Bank, of which respondent No. 1 is a Secretary, and also officers of Noakhali Municipality, with which the respondent No. 1 is connected.

(*l*) Exhortations by the preachers, persons and other people mentioned in paragraph (*g*) of particulars of the election that if votes would be given in favour of the petitioner God will be displeased with them.

(*m*) That the leaflets, posters, circulars mentioned above are attached herewith—in all 12 papers.

Verification.

I, Haji Abdur Raschid Khan, petitioner abovenamed, do hereby declare that the contents of the particulars stated in paragraph (*a*) to (*l*) are true to information received which I believe to be true, and that the contents of paragraph (*m*) are true to my knowledge, and I sign this verification, at my office at 5, Corporation Place, on the 18th day of January 1927.

Advertisement of Sale.

[*See* PARAGRAPH 145.]

NOTICE is hereby given that the undermentioned lot of land, no longer required by Government, situated along the Eastern Bengal Railway, in the district of Nadia, will be put up to sale at 12 o'clock, on the 20th April 1927, at Bheramara Dâk Bungalow.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free (or subject to an annual assessment which will be subject to revision at the next general settlement of the temporarily-settled estates of the district) to the highest bidders.

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

[AS INTRODUCED IN THE LEGISLATIVE ASSEMBLY.]

A Bill further to amend the Indian Succession Act, 1925.

WHEREAS it is expedient further to amend the Indian Succession Act, 1925 ; It is hereby enacted as follows :—

Short title.

1. This Act may be called the Indian Succession (Amendment) Act, 192 XXXIX of 1925.

Amendment of section 372, Act XXXIX of 1925.

2. After sub-section (*2*) of section 372 of the Indian Succession Act, 1925, the following sub-section shall be added, namely :— XXXIX of 1925.

"(*3*) Application for such a certificate may be made in respect of any debt or debts due to the deceased creditor or in respect of portions thereof. But nothing herein contained shall be deemed to allow separate or successive applications being made in respect of portions of the same debt, whether by the same or a different heir."

STATEMENT OF OBJECTS AND REASONS.

There is serious conflict between the different High Courts as to whether certificate can be applied for or granted in respect of a portion of a debt. The Allahabad High Court holds that this can not be done (*Ghafur Khan* vs. *Kalandari Begum*, 33 All., page 327) while the Calcutta High Court holds the contrary of a more equitable view (*Annapurna Dasee* vs. *Nalini Mohan Das*, 42 Cal., page 10). An important question of far-reaching effects is involved and it is necessary that it may be set at rest. Justice Karamat Hussain has in *Ghafur Khan's* case referred to the difficulty likely to be caused by the Allahabad High Court view on pages 333-4. It is well known that dowers are very often fixed at enormous amounts which can never be recovered. Suppose the dower fixed is 11 lacs, as in the case of *Muhammad Ali* vs. *Puttan Bibi* (19 All., page 129). The woman dies leaving her husband, father and mother as heirs. The husband himself is entitled to half. Her assets may be worth only one lac or some less. Is it a fact that the husband should prevent the father and the mother from realising what they can, by urging that they should first pay succession certificate duty on 11 lacs? Similar difficulties may arise in case of other debts where part only may be recoverable owing to the scanty assets of the debtors. The Calcutta view seems more reasonable and this Bill is meant to give effect to that view.

RESOLUTION ON THE SANITARY ARRANGEMENTS IN CONNECTION WITH THE PROPOSED RAMPORE-BOALIA-NACHAUL RAILWAY.

GOVERNMENT OF BENGAL.

LOCAL SELF-GOVERNMENT DEPARTMENT.

Public Health.

CALCUTTA, THE 4TH MARCH 1927.

RESOLUTION—No. 489P.H.

Minister-in-charge : The Hon'ble Mr. B. Chakravarti.

THE Government of Bengal (Ministry of Public Health) are pleased to appoint a Committee consisting of the following members to consider what

measures will be necessary to safeguard the health and sanitation of the route of the proposed Rampore-Boalia-Nachaul Railway in the Rajshahi district :—

(1) The Director of Public Health, Bengal ...	*President.*
(2) The Chief Medical Officer, Eastern Bengal Railway	*Members.*
(3) The Deputy Chief Engineer, Construction, of the Eastern Bengal Railway	
(4) The Superintending Engineer, South-Western Circle	
(5) The Assistant Director of Public Health, Malaria Research, Bengal	
(6) The District Magistrate, Rajshahi ...	

2. The Committee will investigate the following points and submit their opinion to Government in due course :—

(*a*) The general health conditions of the country, through which the line travels particularly as regards malaria.

(*b*) The medical staff that will be required in order to supervise the medical and preventive arrangements for the construction of the line.

(*c*) What hospital accommodation will be necessary.

(*d*) What localities are to be excluded in selecting places for the location of labour camps and what provisions of water-supply should be made for the labour forces.

(*e*) The extent of interference with the natural drainage which might be caused by the railway embankments and suggestion for remedial measures.

(*f*) The influence of borrow pits on malaria in the district and the possibility of any village in the neighbourhood becoming a centre for the spread of any disease and any suggestion as to preventive measures.

By order of the Government of Bengal,

(Ministry of Public Health),

J. G. DRUMMOND,

Secretary to the Government of Bengal.

RESOLUTION ON THE REPORT ON INLAND EMIGRATION UNDER THE ASSAM LABOUR AND EMIGRATION ACT, 1901 (VI) OF 1901), FOR THE YEAR ENDING THE 30TH JUNE 1926.

GOVERNMENT OF BENGAL.

REVENUE DEPARTMENT.

Emigration.

CALCUTTA, THE 1ST MARCH 1927.

RESOLUTION—No. 3233.

READ—

The Reports on Inland Emigration under the Assam Labour and Emigration Act, 1901 (VI of 1901), for the year ending the 30th June 1926, submitted by the Superintendent of Emigration, Calcutta, and the District and Assistant Superintendents of Emigration.

The year 1925-26 was an uneventful one in the matter of emigration, and there was a further falling off in the number of emigrants despatched to the labour districts.

2. Recruiting operations in Bengal were conducted as usual in the districts of Bankura, Birbhum, Burdwan and Midnapore. The number of garden sardars employed during the year was 512 as against 215 in the preceding year. All worked under the supervision of licensed local agents. The number of local agents' licenses was 27 as against 18 issued in the previous year. The total number of emigrants recruited in Bengal was 816 as against 406 in the preceding year. The largest number of recruits was from Midnapore, viz., 650. The total number of recruits from Bengal and other provinces embarking at Goalundo was 9,426 as compared with 12,625 in the preceding year.

3. The rest house for emigrants at Goalundo maintained by the Tea Districts Labour Association was duly inspected and found to be satisfactory.

4. Arrangements for river transport were satisfactory. There was no death amongst the emigrants at the halting stations at Asansol, Kharagpur and Naihati. Of the 9,442 emigrants who arrived at Goalundo from the recruiting districts in and outside the Presidency of Bengal, eight deserted, six were released and three died. There was no case of death or desertion amongst the emigrants during their journeys by steamer from Goalundo or by railway from Chandpur to their final destination.

5. In connection with the transport of labour to Assam receipts amounted to Rs. 650 as against Rs. 1,796 in the preceding year, while the expenditure fell from Rs. 13,595-6-2 to Rs. 12,352-5.

6. Lieutenant-Colonel A. Denham White, I.M.S., held the office of the Superintendent of Emigration, Calcutta, throughout the year. The thanks of the Governor in Council are due to him and to the local officers for their assistance in the administration of the Act.

By order of the Governor in Council,

F. A. SACHSE,

Secretary to the Government of Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 2nd March 1927.

Summary.—During the week light and scattered showers fell over the greater part of the Presidency. Preparatory tillage for jute and other autumn crops continues favourably and sowings have commenced in some East and North Bengal districts. Harvesting of oilseed crops is approaching completion and that of other spring crops is proceeding. The condition and prospects of standing crops are generally fair. The average price of common rice for the province has risen by about 0·96 per cent. as compared with that of the previous week.

PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of State on the 11th February, 1927 :—

COUNCIL OF STATE BILL NO. 4 OF 1927.

A Bill to consolidate and amend the law relating to the provision, maintenance and control of lighthouses by the Government in British India.

WHEREAS it is expedient to consolidate and amend the law relating to the provision, maintenance and control of lighthouses by the Government in British India ; it is hereby enacted as follows :—

PRELIMINARY.

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Lighthouse Act, 192 .

(*2*) It extends to the whole of British India.

(*3*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "Customs-collector" means a Customs-collector appointed under the Sea Customs Act, 1878, and includes any person appointed by the Governor General in Council to discharge the functions of a Customs-collector under this Act; VIII of 1878.

(*b*) "district" means an area defined as a district for the purposes of this Act under section 3;

(*c*) "general lighthouse" means any lighthouse which the Governor General in Council may, by notification in the Gazette of India, declare to be a general lighthouse for the purposes of this Act;

(*d*) "lighthouse" includes any light-vessel, fog-signal, buoy, beacon, or any mark, sign or apparatus exhibited or used for the guidance of ships;

(*e*) "local lighthouse" means any lighthouse which is not a general lighthouse;

(*f*) "local lighthouse authority" means a Local Government, local authority or other person having the superintendence and management of a local lighthouse;

(*g*) "owner" includes any part-owner, charterer, or mortgagee in possession and any agent to whom a ship is consigned;

(*h*) "the Merchant Shipping Acts" means the Merchant Shipping Acts, 1894—1925;

(*i*) "port" means any port, as defined in the Indian Ports Act, 1908, to which that Act extends; and XV of 1908.

(*j*) words and expressions used in this Act and not otherwise defined have the same meanings respectively as in the Indian Merchant Shipping Act, 1923. XXI of 1923.

Appointment of officers.

3. The Governor General in Council may, by notification in the Gazette of India,—

(*a*) define areas to be districts for the purposes of this Act;

(*b*) appoint a person to be the Superintendent of Lighthouses in each district;

(*c*) appoint a person to be the Chief Inspector of Lighthouses in British India; and

(*d*) appoint persons in each district to be District Inspectors of Lighthouses.

Advisory Committees.

4. (*1*) The Governor General in Council shall appoint a Central Advisory Committee for the purpose of advising him in regard to—

(*a*) the erection or position of lighthouses or of any works appertaining thereto;

(*b*) additions to, or the alteration or removal of, lighthouses;

(*c*) the variation of the character of any lighthouse or of the mode of use thereof;

(*d*) the cost of any proposals relating to lighthouses; or

(*e*) the making or alteration of any rules or rates of dues under this Act.

(*2*) The Governor General in Council may, if he thinks fit, appoint an Advisory Committee for any district for the purpose of advising in regard to any of the matters specified in sub-section (*1*) in so far as the interests of the district are affected thereby.

(3) Advisory Committees shall consist of persons representing interests affected by this Act or having special knowledge of the subject-matter thereof, and the Central Advisory Committee shall include at least one member of each District Advisory Committee elected by that Committee.

GENERAL LIGHTHOUSES.

Management of general lighthouses by the Governor General in Council and delegation of management.

5. (1) The superintendence and management of all general lighthouses are vested in the Governor General in Council.

(2) The Governor General in Council may require any local lighthouse authority to undertake the superintendence and management of any general lighthouse situated in or adjacent to the local limits within which the authority exercises its powers, and shall pay to the authority such sums to defray the cost of superintendence and management as he may determine.

LOCAL LIGHTHOUSES.

Power to inspect local lighthouses.

6. (1) The Chief Inspector of Lighthouses may, at any time, and any Superintendent or District Inspector of Lighthouses may, if authorised in this behalf by a general or special order in writing of the Governor General in Council, enter upon and inspect any local lighthouse and make such inquiries in respect thereof or of the management thereof as he thinks fit.

(2) Every person having the charge of, or concerned in the management of, any lighthouse shall be bound to furnish to any officer authorised by or under sub-section (1) to inspect the lighthouse all such information regarding the same as the officer may require.

(3) Every local lighthouse authority shall furnish to the Governor General in Council all such returns and other information in respect of the lighthouses under its supervision and management, or of any of them, as he may require.

Control of local lighthouses by the Governor General in Council.

7. (1) If, after an inspection under section 6 or such other inquiry as he thinks fit, the Governor General in Council is satisfied that a direction under this sub-section is necessary or expedient for the safety, or otherwise in the interests, of shipping, he may direct any local lighthouse authority—

(a) to remove or discontinue or to refrain from moving or discontinuing any lighthouse under its superintendence and management or to make or refrain from making any variation in the character or mode of use of any such lighthouse, or

(b) to erect, place or maintain, or to refrain from erecting, placing or maintaining, any lighthouse within the local limits within which the local lighthouse authority exercises its powers.

(2) A local lighthouse authority shall not erect, place, remove or discontinue any lighthouse or vary the character or mode of use of any lighthouse, unless it has given to the Governor General in Council at least one month's notice in writing of its intention so to do:

Provided that, in cases of emergency, a local lighthouse authority may take such action as it deems necessary and shall give immediate notice of the same to the Governor General in Council and, so far as is possible, to all shipping approaching or in the vicinity of the lighthouse.

(*3*) If a local lighthouse authority—

(*a*) fails to comply with any direction made under sub-section (*1*), or

(*b*) fails to exercise or perform, or exercises or performs in an improper, inefficient or unsuitable manner, any power or duty relating to the superintendence or management of lighthouses conferred or imposed upon it by or under any law for the time being in force, or

(*c*) fails to make adequate financial provision for the performance of any such duty,

the Governor General in Council may, by order in writing, require the local lighthouse authority to comply with the direction, or to make arrangements to his satisfaction for the proper exercise of the power or performance of the duty, or to make financial provision to his satisfaction for the performance of the duty, as the case may be, within such period as he may specify.

(*4*) If the local lighthouse authority fails to comply with an order made under sub-section (*3*) within the specified period or within such further time as the Governor General in Council may allow, the Governor General in Council may exercise the power or perform the duty or make the requisite financial provision, as the case may be, and the local lighthouse authority shall be liable to repay to the Governor General in Council any expenditure incurred by him in so doing.

Management of local lighthouses by the Governor General in Council.

8. The Governor General in Council may, at the request of a local lighthouse authority, undertake the superintendence and management of any local lighthouse on its behalf, and the local lighthouse authority shall pay to the Governor General in Council such sums to defray the cost of superintendence and management as may be agreed.

LIGHT-DUES.

Levy and collection of light-dues.

9. For the purpose of providing or maintaining or of providing and maintaining lighthouses, whether within or beyond the limits of British India, for the benefit of ships voyaging to or from British India or between ports in British India, the Governor General in Council shall, subject to the provisions of this Act, cause light-dues to be levied and collected in respect of every ship arriving at or departing from any port in British India.

Rates of light-dues leviable.

10. (*1*) The Governor General in Council may, by notification in the Gazette of India, prescribe rates, not exceeding two annas per ton, at which light-dues shall be payable, and may prescribe different rates for different classes of ships, or for ships of the same class when in use for different purposes or in different circumstances.

(*2*) Light-dues payable in respect of a ship shall be paid by the owner or master of the ship on its arrival at, and before its departure from, any port in British India :

Provided that, if light-dues have been paid in accordance with the provisions of this Act in respect of any ship, no further dues shall become payable in respect of that ship for a period of thirty days from the date on which the dues so paid became payable.

Receipts for light-dues.

11. Light-dues shall be paid to the Customs-collector who shall grant to the person paying the same a receipt in writing specifying—

(*a*) the port at which the dues have been paid ;

(*b*) the amount of the payment ;

(*c*) the date on which the dues became payable ; and

(*d*) the name, tonnage and other proper description of the ship in respect of which the payment is made.

Ascertainment of tonnage.

12. (*1*) For the purpose of the levy of light-dues, a ship's tonnage shall be reckoned as under the Merchant Shipping Acts for dues payable on a ship's tonnage, with the addition required under section 85 of the Merchant Shipping Act, 1894, with respect to deck cargo. 57 & 58 Vict., C. 60.

(*2*) In order to ascertain the tonnage of any ship for the purpose of levying light-dues, the Customs-collector may—

(*a*) if the ship is registered under any law for the time being in force in British India or under the law of any foreign country in respect of which an Order in Council has been made under section 84 of the Merchant Shipping Act, 1894, that ships of that country shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers (any such ship being hereafter in this section referred to as a registered ship), require the owner or master or other person having possession of the ship's register or other papers denoting her tonnage to produce the same for inspection and, if such owner, master or other person refuses or neglects to produce the register or papers, as the case may be, or otherwise to satisfy the Customs-collector as to the tonnage of the ship, cause the ship to be measured and the tonnage to be ascertained; or 57 & 58 Vict., C. 60.

(*b*) if the ship is not a registered ship and the owner or master fails to satisfy the Customs-collector as to the true tonnage thereof according to the mode of measurement prescribed by the law for the time being in force for regulating the measurement of registered ships, cause the ship to be measured and the tonnage thereof to be ascertained according to such mode.

(*3*) If any person refuses or neglects to produce any register or other papers or otherwise to satisfy the Customs-collector as to the true tonnage of any ship when required to do so under this section, such person shall be liable to pay the expenses of the measurement of the ship and of the ascertainment of the tonnage, and, if the ship is a registered ship, shall further be punishable with fine which may extend to one thousand rupees.

Recovery of light-dues, expenses and costs.

13. (*1*) If the owner or master of any ship refuses or neglects to pay to the Customs-collector on demand the amount of any light-dues or expenses payable under this Act in respect of the ship, the Customs-collector may seize the ship and the tackle, apparel and furniture belonging thereto, or any part thereof, and detain the same until the amount of the dues or expenses, together with the costs of the seizure and detention, is paid.

(*2*) If any part of such dues, expenses or costs remains unpaid after the expiry of five days following the date of the seizure, the Customs-collector may cause the ship or other thing seized to be sold, and with the proceeds of the sale may satisfy the dues, expenses or costs remaining unpaid, together with the costs of the sale, and shall repay the surplus, if any, to the person by whom the same were payable.

Refusal of port-clearance.

14. The officer whose duty it is to grant a port-clearance for any ship shall not grant the port-clearance until the amount of all light-dues, expenses and costs payable in respect of the ship under this Act and of any fines imposed thereunder has been paid, or until security for the payment thereof has been given to his satisfaction.

Determination of disputes as to liability for payment.

15. If any dispute arises as to whether light-dues, expenses or costs are payable in respect of any ship under this Act or as to the amount of such dues, expenses or costs, the dispute shall, on application made in this behalf by either of the disputing parties, be heard and determined by a Presidency Magistrate or Magistrate of the first class having jurisdiction at the place where the dispute arises, and the decision of such Magistrate shall be final.

Light-dues payable at one port recoverable at another.

16. (*1*) If the master of any ship in respect of which any light-dues are payable at any port causes the ship to leave such port without having paid the same, the Customs-collector at that port may by writing require the Customs-collector at any other port in British India to which the ship may proceed or in which she may be to recover the dues remaining unpaid.

(*2*) Any Customs-collector to whom such a requisition is directed shall proceed to levy such sum as if it were payable under this Act at the port at which he is the Customs-collector, and a certificate by the Customs-collector at the port at which the light-dues first became payable, stating the amount payable, shall be sufficient proof in any proceeding under section 13 or section 15 that such amount is payable.

Penalty for evading payment of light-dues.

17. (*1*) If the owner or master of a ship evades or attempts to evade the payment of any light-dues, expenses or costs payable in respect of the ship under this Act, he shall, on conviction by a Presidency Magistrate or Magistrate of the first class having jurisdiction in any port to which the vessel may proceed or in which she may be found, be punishable with fine which may extend to five times the amount of the sum payable.

(*2*) In any proceeding before a Magistrate in a prosecution under sub-section (*1*), any such certificate as is mentioned in sub-section (*2*) of section 16, stating that the owner or master has evaded such payment, shall be sufficient proof of the evasion, unless the owner or master shows to the satisfaction of the Magistrate that the departure of the vessel without payment of the sum was caused by stress of weather, or that there was lawful or reasonable ground for such departure.

Exemption from payment of light-dues.

18. The following ships shall be exempted from the payment of light-dues under this Act, namely :—

(*a*) any ship belonging to His Majesty or the Government or to a foreign Prince or State and not carrying cargo or passengers for freight or fares ; and

(*b*) any ship of a tonnage of less than thirty tons ;

and the Governor General in Council may, by notification in the Gazette of India, exempt any other ships or classes of ships or ships performing specified voyages from such payment, either wholly or to such extent only as may be specified in the notification.

Refund of excess payments.

19. Where light-dues have been paid in respect of any ship in excess of the amount payable under this Act, no claim to refund of such excess payment shall be admissible, unless it is made within three months from the date of each payment.

ACCOUNTS.

Accounts, etc.

20. (*1*) The Governor General in Council shall cause to be maintained a separate account of all amounts received by way of light-dues, expenses, costs and fines under this Act and of all expenditure incurred for the purposes of this Act, and shall cause such account to be laid before the Central Advisory Committee, as soon as possible, after the close of each financial year.

(*2*) The Governor General in Council shall cause to be laid before the Central Advisory Committee before the close of each financial year a statement of the estimated receipts under, and expenditure for the purposes of, this Act during the forthcoming year.

RULES.

Powers to make rules.

21. (*1*) The Governor General in Council may make rules consistent with this Act to carry into effect the purposes thereof.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may provide for all or on any of the following matters, namely :—

(*a*) the powers and duties of the Chief Inspector of Lighthouses and of Superintendents and District Inspectors of Lighthouses ;

(*b*) the procedure and conduct of business of Advisory Committees constituted under this Act ;

(*c*) the rate of travelling and subsistence allowance payable to members of Advisory Committees ; and

(*d*) the period in respect of which and the form in which the separate account referred to in sub-section (*1*) of section 20 shall be kept and the forms in which that account and the statement referred to in sub-section (*2*) of that section shall respectively be presented to the Central Advisory Committee.

REPEALS.

Repeals

22. The enactments mentioned in the Schedule are hereby repealed to the extent specified in the fourth column thereof.

THE SCHEDULE.

(*See section 22.*)

ENACTMENTS REPEALED.

Year.	No	Short title.	Extent of repeal.
1879	IX	The Burma Coast-lights Act, 1879.	The whole.
1904 ...	IX	The Madras Coast-lights Act, 1904.	Do.
1915 ...	II	The Sind Coast-lights Act, 1915	Do

STATEMENT OF OBJECTS AND REASONS.

1. Under the Devolution Rules, "lighthouses (including their approaches), beacons-lightships and buoys" are a central subject, but are now administered by Local Governments as agents of the Government of India under the rules made under section 45A of the Government of India Act. Statutory powers are also vested in Local Governments by the Burma, Madras and Sind Coast-lights Acts. The object of the present Bill is to vest in the Governor General in Council the statutory powers necessary for the discharge of his responsibilities in order that this subject may, in future, be directly administered by the Central Government.

2. Under the present system of administration there are considerable difference from province to province, not only in the method of administration, but also in finance. Light-dues are levied in some provinces, but not in others, and, where levied, they vary in the method of calculation, as well as in amount. In Madras, there is a separate Coast-lights fund, to which light-dues are credited and from which all expenditure on coast-lights is met. The Burma light-dues, on the other hand, are credited to Central revenues, and expenditure is met from grants voted by the Legislative Assembly. In Sind, again, light-dues are also credited to Central revenues, and expenditure is met from grants voted

by the Legislative Assembly. On the other hand, all lighthouses in the Bombay Presidency proper, except the lights of Bombay Port and its approaches, are financed from the Bombay Minor Ports funds, to which passing trade contributes nothing. The whole cost of the Perim lights and part of the cost of the Aden lights are borne by Central revenues, and the Orissa lights are a charge partly on Central and partly on Provincial revenues.

3. The general principles of the Bill are based on Part XI of the Merchant Shipping Act, 1894, and the Merchant Shipping (Mercantile Marine Fund) Act, 1898, and parts of the existing Coast-lights Acts are also incorporated. "Light house" is defined so as to include "any light vessel, fog-signal, buoy, beacon, or any mark, sign or apparatus exhibited or used for the guidance of ships". This definition covers wireless beacons, wireless fog-signals and other direction giving apparatus used for the guidance of ships. All lighthouses will be classified as either—

(*a*) coast or general lighthouses, or

(*b*) port or local lighthouses.

The superintendence and management of all general lighthouses will be vested in the Governor General in Council. Local lighthouses will be administered by a local lighthouse authority, which will usually be a port authority. Certain powers of inspection and control over local lighthouses are reserved to the Governor General in Council, as being the general lighthouse authority. Provision is also made for the management of general lighthouses by a local authority, or of local lighthouses by the Governor General in Council, by arrangement and on payment. This would be a matter of convenience and economy.

4. For the purposes of lighthouse administration, it is proposed that the coasts of India should be divided into districts, based on the major ports. The Port Officer of the major port would be the Superintendent of Lighthouses in the district, and would be in executive control of the general lighthouse administration. For technical supervision, the Bill provides for the appointment of a Chief Inspector of Lighthouses in British India, and also for the appointment of District Inspectors, who would be engineers, with practical experience of lighthouse engineering

5. It is intended that lighthouse expenditure should no longer be a charge on general revenues, but should be covered by dues levied on shipping. The Bill, therefore, provides for the maintenance of a separate account of lighthouse receipts and expenditure, and it is intended that this account should be maintained on commercial lines, showing that expenditure is covered by dues, and that receipts from dues are spent on lighthouse services. The Bill also provides for the appointment of a Central Advisory Committee, which will consist of persons representing the interests affected or having special knowledge of the subject. The Central Advisory Committee will correspond in constitution and functions to the Advisory Committee on New Lighthouse Works in the United Kingdom. The annual accounts and budget will be placed before them, and they will be asked to advise on new works, the position and character of existing lighthouses, the rates of light-dues, rules, and on the lighthouse system generally. District Advisory Committees to advise on local questions may also be appointed, if desirable.

6. The cost of local lighthouses will ordinarily be met, as at present, from port dues levied under the Indian Ports Act, 1908. But clause 9 of the Bill permits receipts from light-dues to be used "for the purpose of providing or maintaining lighthouses.....for the benefit of ships voyaging to or from British India or between ports in British India". And grants from the light-dues may be given for the provision or maintenance of local lighthouses which are also used as marks by passing trade.

7. The Bill extends to the whole of British India, which is the limit of the legislative power of the Indian Legislature. But in addition to lighthouses in British India, the Government of India already administer lighthouses in the Persian Gulf and in the southern part of the Red Sea. And it is possible that they may also be asked to administer the colonial lights at Minicoy and in Ceylon, which are now managed direct by the Board of Trade. It is possible also that some arrangement may be made in respect of lighthouses in Indian States similar to the arrangement which already exists in Madras. In that event, it may be desired to bring all such lighthouses into a single administration with a common account of revenue and expenditure. In order, therefore, to cover a possible extension on these lines, clause 9 of the Bill has been drafted so as to permit the expenditure of light-dues levied in British India on lighthouses "whether within or beyond the limits of British India," provided always that such lighthouses are "for the benefit of ships voyaging to or from British India, or between ports in British India."

8. Clause 10 of the Bill provides that every ship arriving at or departing from a port in British India shall pay a light-due, not exceeding two annas per net register ton, subject to a periodical limit of thirty days. Different rates may be prescribed for different classes of ships. Clause 18, following the existing Acts, exempts altogether ships of less than thirty tons. It also empowers the Governor General in Council by notification to exempt any ships or classes of ships or ships performing specified voyages from payment of dues either wholly or in part.

9. The powers taken in clauses 6 and 7 of the Bill for the inspection and control of local light-houses follow generally the powers of general light house authorities in sections 652 and 653 of the Merchant Shipping Act, 1894. In the United Kingdom, however, a local lighthouse authority cannot erect or remove any lighthouse, buoy or beacon or vary its character without the previous sanction of the general lighthouse authority. But the control of the general lighthouse authorities in the United Kingdom is much closer than is possible or desirable in a country of great distances like India. The Bill, therefore, only requires that one month's previous notice of any change should be given to the Governor General in Council, and also empowers the local lighthouse authority to take immediate action, without previous notice, in cases of emergency.

Statutory power to inspect a local lighthouse is vested only in the Chief Inspector of Lighthouses. No Superintendent or District Inspector may inspect without the order in writing of the Governor General in Council.

The Bill further provides that a direction by the Governor General in Council under clause 7 shall only be made after inspection or such other inquiry as he thinks fit, when he is satisfied that it is necessary for the safety, or otherwise in the interests, of shipping.

10. The rest of the Bill requires no detailed explanation.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 25th January, 1927 :—

LEGISLATIVE ASSEMBLY BILL NO. 6 OF 1927.

A Bill to amend the Indian Securities Act, 1920, for certain purposes.

WHEREAS it is expedient to amend the Indian Securities Act, 1920, for certain purposes hereinafter appearing ; It is hereby enacted as follows :— X of 1920.

Short title.

1. This Act may be called the Indian Securities (Amendment) Act, 192 .

Amendment of section 10, Act X of 1920.

2. (*1*) In sub-section (*1*) of section 10 of the Indian Securities Act, 1920 (hereinafter referred to as the said Act), after the word "lost" in both places where it occurs the word "stolen" shall be inserted, and after the word "loss" in both places where it occurs the word "theft" shall be inserted ; and in sub-section (*2*) of the same section after the word "loss" the word "theft" shall be inserted. X of 1920.

(*2*) To the same section after sub-section (*3*) the following sub-sections shall be added, namely :—

"(*4*) If at any time before the Government becomes discharged under the provisions of this Act from liability in respect of any security the whole of which is alleged to have been lost, stolen or destroyed, such security is found, any order passed in respect thereof under this section shall be cancelled.

(*5*) Notwithstanding anything contained in the Indian Succession Act, 1925, a succession certificate granted under Part X of that Act shall not confer upon the holder thereof any right in respect of a Government security which the Government would not have been bound to recognise in favour of the person in respect of whose estate the certificate has been granted." XXXIX of 1925.

Substitution of new section for section 18, Act X of 1920.

3. For section 18 of the said Act the following section shall be substituted, namely :—

Discharge in other cases.

"18. Save as otherwise provided in this Act, the Government shall be discharged from all liability in respect of a Government security after the lapse of six years—

(*a*) from the date on which the amount due on the security became payable, or

(*b*) in the case of a security in lieu of which a duplicate security has been issued under section 10, from the date of the publication under sub-section (*3*) of that section of the list in which the security is first mentioned, or

(*c*) in the case of a security in lieu of which a renewed security has been issued under section 12 or section 13, or a new security or securities has or have been issued upon conversion, consolidation or subdivision under section 15, from the date of the issue thereof."

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to limit the liability of Government in respect of discharged loans and to prevent recourse to the Indian Succession Act, 1925, to evade the safeguards attached by the Indian Securities Act, 1920, to the issue of duplicate Notes.

The elaborate safeguards prescribed in section 10 of the Indian Securities Act for the protection of Government and other claimants, before a duplicate of a lost security can be issued, can be circumvented by a claimant on a lost Government security which stands in the name of a deceased person, if he obtains a certificate under the Indian Succession Act that he is the owner of the particular security. As the law now stands, Government will in such case be compelled without further inquiry to honour the certificate and to issue a duplicate of the lost security. Section 10 is also incomplete at present as it does not deal with cases where securities have been stolen. Again, under section 18 of the Act, Government remains liable to pay the principal as well as the interest on a discharged loan up to the date of the demand and it is optional with the owner of a Promissory Note to defer the demand as long as he pleases without entitling Government to plead limitation. The Bill proposes to remedy these defects by an amendment of the above sections of the Act.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 25th January, 1927 :—

LEGISLATIVE ASSEMBLY BILL NO. 7 OF 1927.

A Bill further to amend the Code of Civil Procedure, 1908, for certain purposes.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for certain purposes hereinafter appearing ; It is hereby enacted as follows :— V of 1908.

Short title.

1. This Act may be called the Code of Civil Procedure (Amendment) Act, 192 .

Substitution of new section for s. 115 of Act V of 1908.

2. For section 115 of the Code of Civil Procedure, 1908, the following section shall be substituted, namely :— V of 1908.

Revision.

"115. (*1*) The High Court may call for the record of any suit or proceeding in which a decree or order from which no appeal lies has been made by a Court subordinate to such High Court, and

(*a*) in the case of any such decree, if the subordinate Court appears—

(*i*) to have exercised a jurisdiction not vested in it by law, or

(*ii*) to have failed to exercise a jurisdiction so vested, or

(*iii*) to have acted in the exercise of its jurisdiction illegally or with material irregularity, or

(*b*) in the case of any such order, if the subordinate Court appears to have exercised or to have decided to exercise a jurisdiction not vested in it by law,

may make such order as the High Court thinks fit.

Explanation.—For the purposes of this sub-section—

(*a*) an erroneous exercise of discretion in a matter of procedure shall not be deemed to be an illegal act or a material irregularity, and

(*b*) a finding or decision by a subordinate Court that it has jurisdiction shall be deemed to be an order within the meaning of clause (*b*).

(*2*) Nothing in this Code, and nothing in the Letters Patent of any High Court, shall be deemed to confer upon any High Court any power to revise any decree or order which such Court is not empowered to revise under this section."

STATEMENT OF OBJECTS AND REASONS.

In Chapter 28 of their Report the Civil Justice Committee recommend—

(*1*) that the law should be amended so as to make it clear that the revisional powers of a High Court do not extend beyond the limits of section 115 of the Code of Civil Procedure, save and except in cases where special statutory provision is made to the contrary ;

(*2*) that section 115 itself should be amended with the following objects in view :—

(*i*) so as to restrict the exercise of revisionary power in the case of interlocutory orders to cases in which a subordinate Court appears to have exercised or decided to exercise a jurisdiction not vested in it by law ;

(*ii*) so as to eliminate the use of the word "case" as used in the existing section ; and

(*iii*) so as to make more clear the real intention of the section.

As regards the first recommendation, the Indian Legislature is incompetent to enact a completely effective provision of the nature contemplated, as it involves an amendment of section 107 of the Government of India Act, which can only be done by Parliamentary legislation. It was, however, suggested that a provision might be enacted by the Indian Legislature to the effect that the powers of superintendence mentioned in the Letters Patent of the High Courts should not be interpreted as conferring powers of revision wider than those conferred by section 115 of the Code of Civil Procedure. The Committee's recommendations as thus modified have received considerable support from the Local Governments and High Courts who were consulted, and the Bill gives effect to them. Sub-section (*1*) of new section 115 follows the redraft prepared by the Committee, contained in paragraph 21 of Chapter 28 of their Report.

Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 25th January, 1927 :—

LEGISLATIVE ASSEMBLY BILL NO. 8 OF 1927.

A Bill further to amend the Indian Limitation Act, 1908, for certain purposes.

Whereas it is expedient further to amend the Indian Limitation Act, 1908, for certain purposes hereinafter appearing ; It is hereby enacted as follows :— IX of 1908.

Short title and commencement.

1. (*1*) This Act may be called the Indian Limitation (Amendment) Act, 192 .

(*2*) It shall come into force on the 1st day of January, 1928.

Amendment of section 20, Act IX of 1908.

2. For the proviso to sub-section (*1*) of section 20 of the Indian Limitation Act, 1908 (hereinafter referred to as the said Act), the following shall be substituted, namely :— IX of 1908.

"Provided that, save in the case of a payment of interest made before the 1st day of January, 1928, an acknowledgment of the payment appears in the handwriting of, or in a writing signed by, the person making the payment."

Amendment of section 21, Act IX of 1908.

3. To section 21 of the said Act the following sub-section shall be added, namely :—

"(*3*) for the purposes of the said sections—

(*a*) an acknowledgment signed, or a payment made, in respect of any liability, by, or by the duly authorised agent of any widow or other limited owner of property who is governed by the Hindu law, shall be a valid acknowledgment or payment, as the case may be, as against a reversioner succeeding to such liability ; and

(*b*) where a liability has been incurred by, or on behalf of, a Hindu undivided family as such, an acknowledgment or payment made by, or by the duly authorised agent of, the manager of the family for the time being shall be deemed to have been made on behalf of the whole family."

Amendment of First Schedule to Act IX of 1908.

4. (*1*) In article No. 132 in the First Division of the First Schedule to the said Act, for the *Explanation* in the first column the following *Explanation* shall be substituted, namely :—

"*Explanation.*—For the purposes of this article—

(*a*) the allowance and fees respectively called *malikana* and *haqqs*, and

(*b*) the value of any agricultural or other produce the right to receive which is secured by a charge upon immoveable property,

shall be deemed to be money charged upon immoveable property."

(*2*) In article No. 166, in the Third Division of the same Schedule, to the entry in the first column the following shall be added, namely :—

"including any such application by a judgment-debtor."

STATEMENT OF OBJECTS AND REASONS.

In Chapter 41 of their Report the Civil Justice Committee made recommendations for a number of amendments in the Indian Limitation Act, 1908, and the Local Governments and High Courts were consulted in the matter. The consensus of opinion is in favour of the following recommendations :—

(1) that the proviso to sub-section (*1*) of section 20 should be amended so as to make the payment of interest also subject to the condition that the fact of payment should appear in the handwriting of the person making the same ;

(2) that limited owners under the Hindu law, and the *Karta* or manager of a joint Hindu family should be enabled to make acknowledgments and payments under sections 19 and 20 ;

(3) that article 132 should be amended so as to make it clear that a suit to recover the value of paddy and such like produce charged on immovable property comes within this article ;

(4) that article 166 should be amended so as to make it clear that it applies to a petition by a judgment-debtor under section 47 of the Code of Civil Procedure, 1908.

A Bill giving effect to these proposals was introduced in the Council of State on the 19th August 1926, and was passed by that Chamber on the 24th *idem*. When the Bill came up for consideration before the Legislative Assembly on the 31st August certain objections were raised to its second clause, and Government decided to postpone further consideration till the 1927 Session. The points raised in the debates have now been examined, and a fresh Bill has been drafted. In the present Bill a commencement clause has been inserted, and the wording of the latter part of the proviso to sub-section (*1*) of section 20 has been brought into conformity with the decisions of High Courts in regard to the expression " the fact of the payment appears in the handwriting of the person making the same."

2. The Committee's recommendation for the amendment of article 5 of the First Schedule to the Act was effected by Act XXX of 1925, and those for the amendment of articles 133 and 134 are under separate consideration. The remaining recommendations, viz., those in paragraphs 3, 4, 8, 9, 10, 11, 12 and 13, are not being pursued.

The following Bill was introduced in the Legislative Assembly on the 26th January, 1927 :—

LEGISLATIVE ASSEMBLY BILL NO. 10 OF 1927.

A Bill further to amend the Code of Civil Procedure, 1908, for a certain purpose.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for the purpose hereinafter appearing ; It is hereby enacted as follows :— V of 1908.

Short title.

1. This Act may be called the Code of Civil Procedure (Second Appeals) Act, 192 .

Amendment of Order XLII in the First Schedule to Act V of 1908.

2. In Order XLII in the First Schedule to the Code of Civil Procedure, 1908— V of 1908.

(*a*) in rule 1, before the words "The rules" the words "Subject to the provisions of this Order" shall be inserted ; and

(*b*) after rule 1 the following rule shall be added, namely :—

Security for costs in certain second appeals.

"2. Where the decree from which a second appeal is preferred affirms the decision of the Court by which the original decree was passed, the High Court shall, unless it dismisses the appeal under the procedure prescribed in rule 11 of Order XLI, require the appellant to deposit, in cash or Government securities, security to such amount as the Court thinks fit for the costs of the appeal and shall not call upon the respondent to appear and answer the appeal until such security has been furnished, and, if such security is not furnished within such time as the Court orders, the Court shall reject the appeal :

Provided that the High Court may dispense with such security in any case in which it is of opinion that the decision from which the appeal is preferred is on the face of it contrary to law or some usage having the force of law."

STATEMENT OF OBJECTS AND REASONS.

In order to protect the interests of a respondent in a second appeal in the matter of recouping his costs, the Civil Justice Committee recommended that in every second appeal to the High Court the appellant should deposit in Court by way of security for the respondent's costs, in cash or in Government promissory notes, a definite sum being the amount of any costs awarded against him in the lower Courts *plus* the amount at which the respondent, if successful, could tax his pleader's fee under the High Court rules. The opinions of Local Governments and High Courts and of the authorities consulted by them vary from complete acceptance of the Committee's recommendation to complete rejection, but a considerable body of opinion is in favour of restricting the proposal to second appeals from concurrent judgments only, subject to the following conditions :—

(1) that the High Court should have power to dispense with security for costs when the judgment appealed from is on the face of it erroneous in law, or when a subsequent decision of the High Court or of the Privy Council has modified or altered the law ;

(2) that security should be required only on admission of the appeal under Order XLI of the Code of Civil Procedure ;

(3) that security should be limited to costs of the second appeal in the High Court ; and

(4) that security should be furnished only in cash or Government securities.

These restrictions appear to be desirable, and it is considered that the proposal in its restricted form will ensure sufficient protection to a respondent in a second appeal. The Bill gives effect to the proposal.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 1st February 1927 :—

LEGISLATIVE ASSEMBLY BILL NO. 16 OF 1927.

A Bill further to amend the Code of Civil Procedure, 1908.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908; It is hereby enacted as follows :— V of 1908.

Short title.

1. This Act may be called the Code of Civil Procedure (Amendment) Act, 192 .

Amendment of section 80, Act V of 1908.

2. To section 80 of the Code of Civil Procedure, 1908, the following *Exceptions* shall be added, namely :— V of 1908.

"*Exception I.*—Where in the opinion of the Court, irreparable injury might be caused to the plaintiff, if the notice required by the section is insisted upon as a preliminary to the entertainment of the suit, the Court may entertain the suit without such preliminary notice.

Exception II.—Where in any suit the Court directs the Secretary of State for India in Council or a public officer to be added as a party to the suit under Order I, rule 10, the provisions of this section shall not apply, and it shall be sufficient to allow two months' time for the appearance of the Secretary of State for India in Council or such public officer.

STATEMENT OF OBJECTS AND REASONS.

NOTE ON EXCEPTION I.

Under section 80 of the Code of Civil Procedure, and the corresponding section 424 of the old Code, a distinction has been drawn between suits against the Secretary of State for India in Council, and a suit against a public officer, in respect of any act purporting to be done by such public officer in his official capacity. In the former case the provisions of the section regarding notice were held to be imparative in all classes of suits, whereas in the latter case distinction was drawn, so as to make the notice imperative in certain kinds of suits, for example, suits founded upon tort, and notice was held to be unnecessary in certain other kinds of suits for example, suits founded on contracts or suits, for the purpose of obtaining an injunction. But in 39 M. L. J. 152, their Lordships of the Madras High Court hold that no such distinction can be drawn and that in all cases, whether against the Secretary of State or against a public officer, notice is necessary in all kinds of suits. In holding such a view his Lordship Sadasiva Iyer, J. suggested that the Legislature may be moved to frame an *Exception* to section 80, C. P. C. This Bill is intended to set at rest the conflictng decisions of the various High Courts and is in pursuance of his Lordship's suggestions.

NOTE ON EXCEPTION II.

It often happens that a plaintiff brings a suit in the *bonâ fide* belief that he can get his remedy against the private individual whom he has included as a defendant, and the defendant in such a suit raises the plea that the Secretary of State or a public officer is a necessary party to the suit. In such suits, if the Court orders under Order I, rule 10, that the Secretary of State or the public officer must be brought on record, the plaintiff is bound to amend the plaint by bringing the Secretary of State or public officer on the record. In such cases when the Secretary of State or the public officer is brought on record he raises the technical plea that section 80 is a bar to the maintainability of the suit itself. Thus it works a great hardship on the plaintiff. The object of section 80 is sufficiently served by allowing two months' time in the summons itself for the appearance of the Secretary of State or the public officer.

The following Bill was introduced in the Legislative Assembly on the 1st February, 1927 :—

LEGISLATIVE ASSEMBLY BILL NO. 20 OF 1927.

A Bill further to amend the Indian Merchandise Marks Act, 1889.

WHEREAS it is expedient further to amend the Indian Merchandise Marks Act, 1889, for the purpose hereinafter appearing ; it is enacted as follows :— IV of 1889.

Short title and commencement.

1. (*1*) This Act may be called the Indian Merchandise Marks (Amendment) Act, 1927.

(*2*) It shall come into force on the first day of January, 1928.

Insertion of new section 12A in Act IV of 1889.

2. After section 12 of the Indian Merchandise Marks Act, 1889, the following section shall be inserted, namely :— IV of 1889.

Indication of local origin of imported goods.

"12A. (*1*) The Governor General in Council may, by notification in the Gazette of India, prescribe the kind, description or class of goods brought into British India to which a trade description giving the place or country in which they were made or produced shall be applied.

(*2*) The Governor General in Council may, after previous publication, make regulations, either general or special, prescribing—

(*a*) the form in which the trade description shall be applied ;

(*b*) the manner in which the trade description shall be applied, whether by a mark to be placed upon the goods, or in some other manner ; and

(*c*) the time or occasion when the trade description shall be applied, and, in particular, whether the trade description shall be applied on importation only, or also on sale of the goods, either by wholesale or retail, in British India.

(*3*) If a person who is required under this section to apply a trade description to any goods fails to do so or contravenes any regulation made under sub-section (*2*), he shall be punished in the same manner as if he had been guilty of applying a false trade description to goods."

STATEMENT OF OBJECTS AND REASONS.

There is no provision in the existing law in India which can compel the application of a trade description to imported goods. The result is that articles made in foreign countries, without any indication as to their local origin, are sometimes palmed off as Indian manufactures. It is a well known fact that a kind of piece-goods especially manufactured abroad is sometimes sold in India as hand-woven *Khaddar*. Again cheap hosiery, particularly cotton undershirts, are imported from Japan without any trade description and sold in this country as local manufacture. In such cases, the local origin of goods should be indicated so as to prevent fraud on the consumers, and to protect some of the struggling industries of India from unfair competition. It is proposed in this Bill to arm the Governor-General in Council with power to specify any imported goods in respect of which the importer, or the wholesale or retail dealer, shall be called upon to affix a trade description giving the place of origin thereof. It may be mentioned that the provisions are mainly adapted from the recommendations of a Departmental Committee of the British Government regarding legislative action in the United Kingdom in the interest of certain Empire or British goods.

The following Bill was introduced in the Legislative Assembly on the 7th February 1927 :—

LEGISLATIVE ASSEMBLY BILL NO. 25 OF 1927.

A Bill further to amend the Presidency-towns Insolvency Act, 1909, and the Provincial Insolvency Act, 1920, for certain purposes.

WHEREAS it is expedient further to amend the Presidency-towns Insolvency Act, 1909, and the Provincial Insolvency Act, 1920, for certain purposes hereinafter appearing ; It is hereby enacted as follows :— III of 1909. V of 1920.

Short title.

1. This Act may be called the Insolvency (Amendment) Act, 192 .

Amendment of section 14, Act III of 1909.

2. Section 14 of the Presidency-towns Insolvency Act, 1909, shall be re-numbered as sub-section (*1*) of section 14, and to that section the following sub-section shall be added, namely :— III of 1909.

"(*2*) A debtor in respect of whom an order of adjudication, whether made under this Act or under the Provincial Insolvency Act, 1920, has been annulled owing to his failure to apply or to presecute an application for his discharge shall not be entitled to present an insolvency petition without the leave of the Court by which the order of adjudication was annulled. Such Court shall not grant leave unless it is satisfied either that the debtor was prevented by any reasonable cause from presenting or prosecuting his application, as the case may be, or that the petition is founded on facts substantially different from those contained in the petition on which the order of adjudication was made. ' V of 1920.

Amendment of section 21, Act III of 1909.

3. In sub-section (*1*) of section 21 of the same Act, after the words "annul the adjudication" the following words shall be added, namely :—

"and the Court may, of its own motion or on application made by the official assignee or any creditor, annul any adjudication made on the petition of a debtor who was, by reason of the provisions of sub-section (*2*) of section 14, not entitled to present such petition."

Amedment of section 10, Act V of 1920.

4. In sub-section (*2*) of section 10 of the Provincial Insolvency Act, 1920, for the words "made under this Act" the words "whether made under the Presidency-towns Insolvency Act, 1909, or under this Act" shall be substituted. V of 1920. III of 1909

Amendment of section 35, Act V of 1920.

5. In section 35 of the same Act, after the words "annual the adjudication" the following words shall be added, namely :—

"and the Court may, of its own motion or on application made by the receiver or any creditor, annul any adjudication made on the petition of a debtor who was, by reason of the provisions of sub-section (*2*) of section 10, not entitled to present such petition."

STATEMENT OF OBJECTS AND REASONS.

It has been brought to the notice of the Government of India that the absence of a provision in the Presidency-towns Insolvency Act, 1909 (III of 1909), on the lines of section 10 (*2*) of the Provincial Insolvency Act, 1920 (V of 1920), leads to a large number of infructuous applications for adjudication after annulment of insolvency. The Bill is designed to bar such applications under the Presidency-towns Insolvency Act without the leave of the Court, whether the previous proceedings were under Act III of 1909 or Act V of 1920. When an insolvent obtains an adjudication on an application presented without leave of the Court, the Bill provides for its annulment by the Court on its own motion or at the instance of the Official Assignee or any creditor.

The Bill further seeks to bring the provisions of the Provincial Insolvency Act into line with the amendments proposed to be made in the Presidency-towns Insolvency Act.

The following Bill was introduced in the Legislative Assembly on the 1st February, 1927:—

LEGISLATIVE ASSEMBLY BILL NO. 15 OF 1927.

A Bill further to amend the Indian Penal Code.

WHEREAS it is expedient further to amend the Indian Penal Code; It is hereby enacted as follows :— XLV of 1860.

Short title and commencement.

1. (*1*) This Act may be called the Indian Penal Code (Amendment) Act, 192

(*2*) It shall come into force immediately.

Amendment of section 141, Act XLV of 1860.

2. In section 141 of the Indian Penal Code— XLV of 1860.

(*i*) for clause "*Third*" the following clause shall be substituted, namely :—

"*Third.*—To commit any offence punishable under Chapters XVI and XVII";

(*ii*) in clause "*Fourth*", for the words "to enforce any right or supposed right" the words "to enforce or defend any right to which a person is not entitled" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The Bill is intended to remove the redundancy and ambiguity in two clauses of section 141 of the Indian Penal Code and to set at rest the sharp conflict of decisions between the various High Courts consequent thereupon. In the ensuing Notes on Clauses, reasons are given in support of the amendment.

The 10th December, 1926. H. S. GOUR.

NOTES ON CLAUSES.

Clause 3 (*1*).—This clause declares an assembly to be unlawful if its common object is "to commit any mischief or criminal trespass, or other offence". Do the words "or other offence" mean *ejusdem generis*? If so, an assembly to commit murder, theft and other offences against the person and property punishable in Chapters XVI and XVII would be excluded. But this was certainly not the intention. On the other hand, if the words "or other offence" include an offence not only punishable under the Penal Code, but also under the special or local law, with imprisonment for at least six months (*see* s. 40), then the sense is obviously too wide. I have elsewhere traced the history of this clause which I have amended in the Bill to mean what the Legislature had really intended. (1 Penal Law, 3rd Ed., p. 758, para. 1274.)

Clause 3 (*2*).—This is an important clause and its inapt concluding wording has given rise to a crop of cases. It declares an assembly unlawful if its common object is "to enforce any right or supposed right". The meaning of these words is not clear. In the first place, "any right" includes "a supposed right". Suppose, however, that the two are intended to contrast a real from an imaginary right, then does it prevent the enforcement of a real right by the use of force? If so, the clause contravenes the general exceptions enacted in sections 96—106 which presumably qualify it. The two parts of the Code are really contradictory and it has led to a sharp conflict in the decided cases, reference to which will make this note too long. I have, however, commented on it at greater length elsewhere (1 Penal Law, 3rd Ed., pp. 759—764, paragraphs 1275—1284), and my reasons there given must be my justification for drafting this Bill. I do not consider the retention of "supposed right" happy. For, when a person has no right at all, his supposition is a mere pretext and it has no existence in the eye of the law. The clause was really intended to imply that a person shall not enforce or defend his right to which he is not legally entitled by the use of force. On the other hand, if he has a legal right, its enforcement is legal and safeguarded by the general exceptions (sections 96—106). This is intended to be clarified in the clause as altered in the Bill.

A Bill further to amend the Provident Funds Act, 1925, for a certain purpose.

WHEREAS it is expedient further to amend the Provident Funds Act, 1925, for the purpose hereinafter appearing ; It is hereby enacted as follows :— XIX of 1925.

Short title.

1. This Act may be called the Provident Funds (Amendment) Act, 1927.

Amendment of section 2, Act XIX of 1925.

2. In clause (*d*) of section 2 of the Provident Funds Act, 1925, for the words "for teachers in educational institutions" the following words shall be substituted, namely :— XIX of 1925.

> "of persons employed in educational institutions or employed by bodies existing solely for educational purposes."

STATEMENT OF OBJECTS AND REASONS.

Teachers in non-pensionable services are eligible to join a provident fund constituted for their benefit by the authority of the Government. The object of the Bill is to extend the same privilege of making provision for old age to all classes of educational employees, holding non-pensionable posts, whether serving as teachers, or otherwise, in educational institutions or employed under educational administrative bodies.

The following Bill was introduced in the Legislative Assembly on the 31st January, 1927 :—

LEGISLATIVE ASSEMBLY BILL NO. 12 OF 1927.

A Bill further to amend the Indian Limitation Act, 1908, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Limitation Act, 1908, for the purpose hereinafter appearing; It is hereby enacted as follows :— IX of 1908.

Short title and commencement.

1. (*1*) This Act may be called the Indian Limitation (Amendment) Act, 192

(*2*) It shall come into force on the 1st day of January, 1928.

Amendment of article 182, Schedule I, Act IX of 1908.

2. In the Third Division of the First Schedule to the Indian Limitation Act, 1908, in Article No. 182, in clause 5 of the entry in the third column, for the word "applying" the words "the final orders passed on an application made" shall be substituted. IX of 1908.

STATEMENT OF OBJECTS AND REASONS.

In paragraph 4 of Chapter 30 of their Report the Civil Justice Committee recommend that section 48 of the Code of Civil Procedure, 1908, and Article 182 of the First Schedule to the Indian Limitation Act, 1908, should be amended so as to reduce the limit of time for execution in the case of money decrees from 12 to 6 years, and to raise the period of limitation from 3 to 6 years, but to permit a decree-holder even after the expiry of 6 years to apply for execution if he can show that the judgment-debtor has come into some property or that he has recently discovered that the judgment-debtor has property. If, however, it is decided to retain Article 182 in its present form, the Committee recommend that it should be amended so as to provide that the period of 3 years should begin not from the date of the last application for execution, but from the date of the last order on such a previous application. The first proposal is not considered to be satisfactory, and the Bill gives effect to the alternative proposal.

The following Bill was introduced in the Legislative Assembly on the 1st February, 1927 :—

LEGISLATIVE ASSEMBLY BILL NO. 22 OF 1927.

A Bill to repeal and amend certain provisions of the Indian Criminal Law Amendment Act, 1908, and the Code of Criminal Procedure, 1898.

WHEREAS it is expedient to amend certain provisions of the Indian Criminal Law Amendment Act, 1908, and of section 491 of the Code of Criminal Procedure, 1898 ; It is hereby enacted as follows :— XIV of 1908. V of 1898.

Short title.

1. This Act may be called the Criminal law Repealing and Amending Act, 192

Amendment of section 15, Act XIV of 1908.

2. Sub-clause (*b*) of clause (*2*) of section 15 of the Indian Criminal Law Amendment Act, 1908 (hereinafter referred to as the said Act), is hereby repealed. XIV of 1908.

Insertion of new section 16A in Act XIV of 1908.

3. After section 16 of the said Act the following section shall be inserted, namely :—

Appeal to the High Court.

"16A. Any person deeming himself aggrieved by an order of the Governor General in Council declaring such association to be unlawful, and any person convicted under the provisions of section 17 may appeal to the High Court on the ground that the declaration should never have been made."

Amendment of section 491, Act V of 1898.

4. In sub-section (*3*) of section 491 of the Code of Criminal Procedure, 1898, after the words "Nothing in this section applies to persons " the following shall be inserted, namely :— V of 1898.

" other than British subjects ".

STATEMENT OF OBJECTS AND REASONS.

(1) By Resolution No. 533-Political, dated the 21st March 1921, a Committee was appointed to examine certain repressive laws. The Committee issued its report in the course of which it recommended their repeal but counselled for the nonce the retention of Part II of the Indian Criminal Law Amendment Act, 1908, adding that it may be possible for the Government to undertake the necessary legislation for their repeal during the Delhi Session of 1922. (*See* paragraph 26, sub-para. 2, of the Report.) As the Government did not undertake the necessary legislation, I introduced a Bill for the Repeal of Part II of the Indian Criminal Law Amendment Act. It was passed on the 23rd September, 1924, by 71 to 40 votes, the Government opposing it. The Bill was next sent to the Council of State for their concurrence, but that body has rejected it. It is proposed, for the present, to introduce this revised measure in the hope that it might be acceptable to Government.

(2) The provisions of section 491 of the Code of Criminal Procedure are in the nature of Habeas Corpus controlled in England by the Habeas Corpus Act of 1679, the operation of which can only be temporarily suspended by the Legislature on the ground of urgent political necessity. (*See* 10 Halsbury's Laws of England, s. 98, p. 44.) The Habeas Corpus Act merely re-enacts the 29th section of the Magna Charta which provides that no person shall be taken or imprisoned unless by lawful judgment of his Peers or the law of the land. "The King", said Chief Justice Markam, "cannot arrest a man upon suspicion of felony or treason, as any of his subjects may ; because if he should wrong a man by such arrest, he can have no remedy against him." [*See* Hallam's Constitutional History of England, Ch. VII, p. 274 (Ward Lock & Co.).] In England, the Habeas Corpus Act is a bulwark of the people's liberties. Its corresponding provisions in this country should give at least the British subjects in India a similar protection.

The following Bill was introduced in the Legislative Assembly on the 1st February, 1927 :—

LEGISLATIVE ASSEMBLY BILL NO. 19 OF 1927.

A Bill to regulate and improve the Law Reports.

WHEREAS it is expedient to diminish the multitude and expenses of the Law Reports published in India and to improve their quality and to regulate their publications; It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Law Reports Act, 192

(*2*) It extends to the whole of British India.

(*3*) It shall come into force on the.....

Definition.

2. "Authorised reports" means and includes reports of law cases published by, or under the authority of, the Government of India, or any Provincial Government, or the Court deciding the cases reported, or a Bar Council.

Authority given to only authorised reports.

3. No Court shall allow to be cited, or itself refer to, the report of any case decided after the coming into force of this Act other than a report published in the authorised reports.

Authority of judicial decisions.

4. Nothing herein contained shall be construed to give to any judicial decision any further or other authority than it would have had if this Act had not been passed.

Repeal.

5. The Indian Law Reports Act, 1875, is hereby repealed. XVIII of 1875.

STATEMENT OF OBJECTS AND REASONS.

The ever increasing number of Law Reports in India stands in need of check and proper regulation. All sorts of law journals and reports, good, bad and indifferent, are issued from different places. Mostly the same rulings are sooner or later published in different publications. Sometimes rulings which have ceased to be operative by the force of a subsequent ruling or change of law are published to swell the volume of reports, or to bring them up to the stipulated number of pages. With the same object numerous pages dealing with mere facts which have no bearing on the legal aspect of the case are also published. Sometimes rulings published in one journal are published in another after several months, thus causing confusion and embarrassment. The number and volume of Law Reports is becoming simply scandalous and requires check and regulation.

CALCUTTA, THE 8TH MARCH 1927.

RESOLUTION—No. 1283 F.B.

The Civil Pensions (Commutation) Rules made by the Secretary of State for India in Council, in exercise of the powers conferred by sub-sections (*2*) and (*3*) of section 96B of the Government of India Act, are published herewith for general information as annexure A to this Resolution.

2. These rules supersede the rules in appendix 10 of the Civil Service Regulations.

3. The Local Government are the sanctioning authority for applications for commutation of pension of those officers who at the time of retirement were under their administrative control.

NOTE :—A pensioner should be considered to be under the administrative control of the Government on which the payment of his pension forms a charge and not the Government which originally sanctioned his pension. Where, however, an application for commutation is made simultaneously with the application for pension, the Government under which the applicant is employed will be the Government competent to sanction the commutation.

4. In so far as such Government servants are concerned, the Local Government have—

(1) delegated their powers to the High Commissioner under rule 2 subject to the condition mentioned in (2) below where applicable

(2) decided to allow commutation up to a maximum of one-half of the pension of those officers to whom rule 4 applies and to impose under that rule for such officers the following condition :—

that the residue of the pension which will be left after commutation will be sufficient to maintain the pensioner in accordance with his station in life in retirement.

(3) prescribed with reference to rule 6 the following rules regarding medical certificates :—

(*a*) Before the commutation of a pension is sanctioned, the pensioner shall produce a certificate as to his expectation of life signed by a medical officer of not lower standing than a Civil Surgeon, District Medical Officer or Presidency Surgeon. The sanctioning authority may, at its discretion, require the production of a second medical certificate or direct the pensioner to appear before a Medical Board.

(*b*) The certifying medical authority shall subject the pensioner to a strict medical examination, requiring him to state his exact age and to give such information as to his health and habits as is usually supplied by persons proposing to assure their lives in assurance companies, and shall report in the following terms :—

"$\frac{\text{I}}{\text{We}}$ have carefully examined and $\frac{\text{am}}{\text{are}}$ of opinion that he $\frac{\text{is}}{\text{is not}}$ in good bodily health and $\frac{\text{has}}{\text{has not}}$ the prospect of an average duration of life".

In the case of impaired lives, the following shall be added :—

"As A B is suffering from_____ his age, for the purpose of commutation, should be taken to be_____ years".

(*c*) In the case of an applicant who has been or is about to be granted an invalid pension, the grounds of invaliding or the statement of the medical case shall be communicated to the certifying medical authority before the certificate is signed.

5. In accordance with rule 7, the Governor General in Council has been pleased to prescribe the table contained in annexure B to this Resolution in the case of pensioners whose applications are addressed to the Local Government.

6. The applicant shall himself pay the medical officer's fee for examination except when a second medical opinion is required or the applicant is directed to appear before a Medical Board, in which cases the examination will be made free of charge by medical officers at the request of the Local Government.

7. The incidence of the commutation payment will in all cases follow that of the pension, and the commuted amount must be made payable at the treasury at which the pension is being or is to be drawn. If a pensioner who has obtained commutation of a portion of his pension moves thereafter to another province, a note must be made on the Pension Payment Order as to the amount of pension which has been commuted.

8. All sanctions to the commutation of a pension which is voted are subject to the usual rule that the expenditure can be met from sanctioned budget grants.

9. Applications must be in Form A appended to this Resolution and may be made simultaneously with the application for pension.

10. Commutation, when sanctioned, shall take effect from a date, to be named in the order, which will ordinarily be about one month later than the date of the order; and all calculations shall be made with reference to that date. Payment of the commuted portion of the pension will cease from the date specified and the sum payable on commutation will be paid on that date or as soon afterwards as possible.

Note :—In special cases the Local Government may sanction the commutation with effect from an earlier date than that mentioned in this paragraph not preceding the date of the sanction, all calculations being made with reference to such earlier date.

11. In the case of a pensioner who is re-employed in Government service or in the service of a Local Fund and who commutes a portion of his pension before or after such re-employment, his pension, for the purposes of the rules in Chapter XXI of the Civil Service Regulations, shall be taken at the full amount which he might have drawn if he had not commuted a portion of it.

Ordered that the Resolution be communicated to the Accountant-General, Bengal, and to the several departments, including Accounts Department of this Government; the Secretary to the Board of Revenue, Bengal; Director of Public Instruction, Bengal; Surgeon-General with the Government of Bengal; Inspector-General of Police, Bengal; Inspector-General of Prisons, Bengal; Superintending Engineers; Commissioners of Divisions; District Officers; District and Sessions Judges; Conservator of Forests, Bengal; Commissioner of Excise and Salt, Bengal; Director of Agriculture, Bengal; Director of Land Records and Surveys, Bengal; Advocate-General, Bengal; Director of Public Health, Bengal; Inspector-General of Registration, Bengal; Commissioner of Police, Calcutta; Superintendent and Remembrancer of Legal Affairs, Bengal; Chief Judge, Small Cause Court, Calcutta; Private Secretary to the Governor of Bengal; Military Secretary to the Governor of Bengal; Administrator-General and Official Trustee, Bengal; Registrar of Co-operative Societies, Bengal; Chief Presidency Magistrate, Calcutta; Chief Engineer, Public Health Department, Bengal; Port Officer, Chittagong; Superintendent, Royal Botanic Garden, Calcutta; Veterinary Advisor to the Government of Bengal; Coroner of Calcutta; Municipal Magistrate, Calcutta; Superintendent, Government Printing, Bengal; Press and Forms Manager, Bengal; Director of Industries, Bengal; and Chief Inspector of Factories, Bengal, for information.

ANNEXURE A.

NOTIFICATION.

Delhi, the 21st January 1926.

No. F.-158C. S. R./25.—The following Resolution by the Secretary of State for India in Council is published for general information :—

Civil Pensions (Commutation) Rules.

In exercise of the powers conferred by sub-sections (*2*) and (*3*) of section 96B of the Government of India Act, the Secretary of State in Council, with the concurrence of the majority of votes at a meeting of the Council of India held on the 16th day of September 1925, hereby makes the following rules to regulate the commutation of civil pensions, namely :—

1—(*a*) These rules may be called the Civil Pensions (Commutation) Rules.

(*b*) They shall be deemed to have come into force on 1st April 1925.

2. The powers granted by these rules shall be exercised, in relation to Government servants who are under the administrative control of a local Government, by the local Government, and in relation to other Government servants by the Governor-General in Council, and may be delegated by them to the High Commissioner for India, subject to any condition which they may think fit to impose.

3. A Government servant who is a member of one of the services or holds one of the posts included in the appendix to these rules shall be entitled, subject to the conditions hereinafter specified, to commute for a lump payment any portion, not exceeding one-half, of any pension which has been or may be granted to him under civil rules. But any such commutation shall be subject to the condition that—

(*a*) if the pension exceeds £180 when payable in London, or Rs. 2,057 when payable in India, not less than £150 (or Rs. 1,714) of its value shall remain uncommuted : and

(*b*) if the pension is less than £180 (or Rs. 2,057), not more than £30 (or Rs. 343) of its value shall be commuted, and not less than £120 (or Rs. 1,371) shall remain uncommuted :

Provided that the sanctioning authority may at its discretion relax or waive this condition in the case of a pension granted under the Premature Retirement Rules.

4. On the application of any Government servant to whom Rule 3 does not apply the sanctioning authority may, on such conditions as it thinks fit to impose, sanction the commutation for a lump payment of a portion, not exceeding one-half, of any pension which has been or is about to be granted to him under civil rules.

5. Applications shall be addressed—

(*a*) in the case of pensioners who draw their pensions from Indian Treasuries, or who, being resident in Colonies having an account current with the Accountant-General, Central Revenues, draw their pensions from the local Treasuries, to the local Government or to the Government of India, as the case may be ; and

(*b*) in the case of all other pensioners, to the High Commissioner for India, provided that in the case of pensioners residing in a Dominion or Colony, other than those referred to in clause (*a*) of this rule, the application shall be addressed to the High Commissioner through the official from whom the pension is drawn.

6. No commutation shall be sanctioned until the pensioner has produced a certificate from such medical authority as may be prescribed in this behalf by the sanctioning authority to the effect that his bodily health and prospects of duration of life are such as to justify commutation.

7. The lump sum payable on commutation shall be calculated in accordance with a table or tables of present values which shall be prescribed by the Governor General in Council in the case of pensioners whose applications are addressed to a local Government or to the Government of India, and by the Secretary of State in Council in all other cases. For the purpose of this rule, the age of the pensioner shall be assumed to be such age, not being less than his actual age, as the certifying medical authority may direct.

8. When commutation has been sanctioned the pensioner shall be informed accordingly, and shall have the option of withdrawing his application within one week after being so informed. If he does not withdraw his application within that period, the commutation of pension shall become absolute, and payment of the lump sum shall be made forthwith, payment of the commuted portion of the pension thereupon ceasing.

9. The lump sum, if calculated in accordance with the table of present values prescribed by the Governor General in Council, shall be payable in India ; in all other cases it shall be payable at the Home Treasury.

10. If, when the commutation of a portion of a pension has been sanctioned, the pensioner dies on or after the date from which commutation is to take effect, but before receiving the commutation value, this value shall be paid to his heirs.

11. Rules 14 to 23 inclusive of the Premature Retirement Rules are hereby repealed.

RESOLUTION ON THE REPORTS FROM THE COMMISSIONERS OF DIVISIONS ON THE WORKING OF MUNICIPALITIES IN THE BENGAL PRESIDENCY (EXCEPT CALCUTTA DURING THE YEAR 1925-26.

GOVERNMENT OF BENGAL.

Local Self-Government Department.

CALCUTTA, THE 12TH MARCH 1927.

RESOLUTION—No. 1042M.

READ—

Reports from the Commissioners of Divisions on the working of municipalities in the Bengal Presidency (except Calcutta) during the year 1925-26.

READ ALSO—

Reports on the working of Local Audit Department for the years 1923-24 and 1924-25.

Number of Municipalities.—The number of municipalities was the same, *viz.*, 115, as in the preceding year. The boundaries of the Jalpaiguri Municipality were extended so as to include a contiguous area of 18 square miles.

2. **Elections.**—General elections were held in 25 municipalities and most of the seats were hotly contested. In the small town of North Barrackpore about 85 per cent. of voters were persent at the polling station. These contests, while indicating that keen interest is being taken in elections generally, may to a certain extent be attributed, especially in Narayanganj to the excitement caused by Swarajist attempts to capture most of the elected seats. Civil suits were instituted or were pending during the year in connection with election or bye-elections in no less than nine municipalities, Dacca, Chittagong, Rajshahi, Noakhali, Pabna, Suri, Narayanganj, Katwa, and North Barrackpore. The number of such suits and the time taken to dispose of them are strong arguments for the establishment of special tribunals with powers of final decision of election disputes. Provisions for setting up such tribunals were inserted in the Bengal Municipal Bill of 1925, but as the motion for the introduction of that Bill was rejected by the old Legislative Council nothing could be done to remedy the present state of affairs. The Minister for Local Self-Government hopes to reintroduce this Bill in the expectation that the new Council will not dispose of it so unceremoniously.

3. **Meetings.**—Out of 2,354 meetings held during the year 153 proved abortive for want of a quorum and 199 were adjourned, against 151 and 187, respectively, in the preceding year. The failure was most marked at Kotchandpur where 13 out of 34 meetings were abortive and the same number had to be adjourned. Sonamukhi also had 10 abortive meetings out of 16. Mr. Cook observes in this connection :—

> The increase in the number of abortive meetings is undoubtedly to be deplored, as it means that a large majority of the members had not sufficient interest in the municipal affairs to induce them to attend. After reading a good many minutes of meetings, I cannot help having some sympathy with members as frequently the only items of business are of a routine nature, which might easily be left to the executive.

At Baduria nearly half, and at Nabadwip and Berhampore more than one-third, of the number of meetings held was unsuccessful. Rajshahi held the largest number of meetings, *viz.*, 53, and was followed by Tollyganj with 48. In the Burdwan Division no less than five municipalities held more than 30 meetings and in this connection the Commissioner of the Division remarks :—

> I am not at all sure that a large number of meetings is a sign of healthy working. On the contrary, its obvious meaning is a number of postponed meetings in which no work could be done as the result of faction.

On the other hand, the Commissioners of North Barrackpore and Ranaghat failed to meet once a month. In the Presidency Division the attendance of Commissioners was on the whole fair, but it was very poor at Baraset.

4. **Number of rate-payers.**—The total number of rate-payers rose from 317,895 to 321,819. It is reported that owing to the extension in the area of three wards, the population of the

Noakhali Municipality has increased from 7,715 to 13,087. The percentage of rate payers to total population, *viz.*, 15·8, was practically the same as in the preceding year. The ratio varied from 40·1 in Sherpur to 3·2 in Titagarh—a mill town with a large cooly population. Other towns in which rates are paid by less than one-tenth of the people are the hill stations of Darjeeling and Kurseong and the several riparian mill municipalities, including Narayanganj—a town with a floating population of factory operatives living with their employers and paying no rents themselves.

5 **Assessment and Taxation.**—The average incidence of taxation per head of population rose from Rs. 3-0-4 to Rs. 3-1-5 It was highest in the hill municipality of Darjeeling (Rs. 10-7-10). Next come Howrah (Rs. 8-11-11), Kurseong (Rs. 8-11-1), Chittagong (Rs. 6-5 2) and Burdwan (Rs 4-15-0). In five other municipalities, *viz.* Mymensingh, Naravanganj, Jessore, Berhampore and Hooghly-Chinsurah the ratio was above Rs. 4. In the last named town the increase is due to the imposition of a lighting rate (electric light) at 3 per cent on the annual value of holdings, which has increased the municipal income by nearly Rs. 15,000 per annum In Bajitpur and Debhatta the ratio is as low as 7¼ annas and in 21 municipalities it is from 8 annas to one rupee Generally speaking, the incidence of municipal taxation in the Presidency is extremely low, although it does show a distinct upward tendency, and a low pitch of taxation necessarily spells a low standard of municipal service. Thus, as worked out by the Examiner of Local Accounts, the expenditure was below one anna and a half per head of population under Medical in 22 municipalities, under Sanitation in 29 and under Education in 40

During the audit of accounts of certain municipalities it was noticed by the Examiner of Local Accounts that while the tax on private holdings was levied at 5 to 6¼ per cent. on their annual value that on Government holdings was assessed at the maximum rate of 7½ per cent. Such discrimination is as illegal as it is unfair and steps have been taken to have it discontinued.

A general or partial revision of assessment was made in 84 municipalities, the net result being an increase of about Rs 1½ lakh in the municipal demand of the Presidency as a whole The largest increase, *viz.* Rs. 21,530, was obtained in Asansol, but the bulk of this had to be remitted owing to an amicable settlement with the East Indian Railway with regard to the assessment of railway holdings and to the reduction of the scale of latrine fees from 6 to 3¾ per cent Then come Bhatpara with an increase of Rs. 17,679, Howrah Rs 14,463, Krishnagar Rs. 11,503 and Bally Rs. 10,159. As a result of the extension of Part IX of the Bengal Municipal Act to the eastern side of the Doliakhal, the Commissioners of the Dacca Municipality expect an additional revenue of about Rs 6,000 per annum from latrine fees. On the other hand, Howrah suffered a loss of Rs 12,950 in latrine fees owing to the acquisition of several plots of municipal land by the East Indian Railway and Baraset Rs 1,760 from a revision of assessment on Government buildings.

6 **Collections.**—The total collections for the Presidency as a whole increased from 59 lakhs to more than Rs 60¼ lakhs, but the percentage of collection on the current demand fell from 95·3 to 94·3, the lowest ratio (68·6) being returned by Rajpur. The low percentage in Rajpur was due to short collection in the first half-year on account of revision of assessment in the previous year and to delay caused by changes of Tax Daroga. In 28 municipalities the collections were equal to or in excess of the current demand and in 18 they were over 99 per cent. On the other hand, in 8 municipalities the ratio was under 85 per cent falling as low as 69·1 per cent. in Bally. The poor collection in Bally is reported to be due mainly to party faction and partly to slackness and defective supervision on the part of the municipal executive. The Commissioner of the Division makes the following observation with regard to this municipality :—

> A number of the commissioners are more concerned with their own position and power or the advantage of their own ward than with the good of the Municipality generally. The unfortunate and disquieting consideration is that in this Municipality, we have possibly the most educated and, one could have expected, enlightened body of voters that Bengal can produce. The results in this Municipality are enough to make the most optimistic despair.

As in the previous year, Nalchiti collected cent. per cent. of the demand without any remission and Garulia as usual did the same. Titagarh, Champdany and Bhadreswar also collected practically their whole demand, granting less than half per cent. remission and leaving no outstanding balance—a result most creditable to the municipal commissioners. In these towns, however, the bulk of the taxes is paid by the mills, leaving a small percentage to be collected in the ordinary way.

The amount of remissions for the province as a whole declined from Rs. 2,86,844 to Rs. 2,28,341 and represented 3·6 per cent. of the current demand. The small municipality of South Dum Dum remitted more than one-fifth of its current demand; Asansol and Sirajganj nearly 15 per cent., while four others, *viz.* Panihati, Budge Budge, Tollyganj and Jalpaiguri, remitted more than 8 per cent. The high percentage of remission in Asansol (14·7) has been explained above. No explanations have been given for the large remissions in other towns but they are not far to seek. Large remissions are the logical sequence of carelessness and illegal assessment, inefficient collection and reluctance to enforce the summary procedure provided in the Bengal Municipal Act.

The following are some of the glaring instances of irregular remissions granted by the Municipal Commissioners, which were noticed by the Examiner of Local Accounts in his report on the working of the Local Audit Department during the year 1924-25 :—

The Municipal Commissioners of Darjeeling granted remissions within the currency of assessment for voluntary demolition of buildings. On legal advice, however, they have since given up the practice.

Irregular remissions on the ground of vacancy under section 110 of the Act were noticed in *Burdwan*, *Perojpur*, *Bhola*, and *Satkhira Municipalities*.

Latrine tax on vacant holdings was remitted in full though only half-remission was admissible, by the Municipalities—*Kumarkhali*, *Jangipur*, *Basirhat*, *Rajpur* and *Baduria*.

Even though the appeal committee had rejected the petition, the Chairman of the *North Barrackpore Municipality* reduced the taxes of a holding. A similar irregularity was noticed at the Jessore Municipality.

In the Khulna Municipality, remissions were granted in respect of certain holdings on the ground that the assessees had paid the maximum personal tax in respect of other holdings. Latrine tax was illegally remitted by the Baranagar Municipality for the holding used as the Ramkrishna Anath Ashram.

The balances outstanding at the close of the year rose from Rs. 13 lakhs to Rs. 14¾ lakhs, of which Howrah alone was responsible for more than Rs. 5 lakhs. It is reported by the Howrah Municipality that a sum of Rs. 36,140 was collected on the 31st March 1926 which was credited in the Imperial Bank on the day following. The net balance therefore comes to Rs. 4,79,698 of which about Rs. 2½ lakhs is on account of old arrears. Other municipalities which had unduly large balances outstanding were Dacca, Mymensingh, Bally, Hooghly-Chinsura, Tollyganj, Barisal, Narayaganj, Bankura, Chittagong and Sirajganj. The following explanation has been given for the continued unsatisfactory collections in the four larger municipalities in the Dacca Division :—

> In Dacca the agitation against the assessment is still going on and it is proposed to test its legality by an appeal to the Privy Council. In Mymensingh the municipality has been hampered to some extent by the confusion caused by the prosecution of two of their officers for defalcation. In Narayanganj the bad collections are attributed to the fact that the municipal elections were held during this year and in Barisal to the fact that the Chairman and Vice-Chairman have little time to spare for municipal work.

The reason for the heavy balance in Bally has already been stated. The heavy arrears at Tollyganj, representing 44·2 per cent. of the current demand, are reported to be due to the accumulation of large irrecoverable arrears—hardly a satisfactory explanation. The balance in Chittagong consists of Rs. 2,204 due on Government buildings and of Rs. 16,134 due by private individuals. Generally speaking, the heavy arrears are due to laxity on the part of the municipal executive in taking legal steps for the realization of taxes, as provided in the Act. Some Municipal Commissioners were themselves the worst defaulters. The Examiner of Local Accounts reports that in Joynagar,

Barrackpore, Chittagong, South Dum-Dum, North Dum-Dum, Satkhira, Netrokona, Mahespur, Rangpur and a few other municipalities, several Commissioners, and in one town the Vice-Chairman himself, did not pay their taxes promptly; and he remarks that when the Municipal Commissioners themselves do not pay their dues within the statutory time limit they commit an offence which can hardly be overlooked. The Minister agrees that such default shows a complete lack of civic sense and indicates unfitness for the position of a Municipal Commissioner. The suggestion made by the Examiner that there should be a provision in the Act that a Municipal Commissioner who does not pay his taxes within the statutory limit would render himself liable to be disqualified, will be considered when the Bengal Municipal Bill is introduced.

7. **Income and Expenditure.**—The total receipts including opening balance rose from Rs. 1,06,03,381 to Rs. 1,06,64,253. The total disbursements were Rs. 88,72,440 as against Rs. 86,13,713 in the year 1924-25.

8. **Closing balance.**—The total balance of the year amounted to Rs. 17,91,813 as against Rs. 19,89,668; the largest being held by Howrah (Rs. 3,92,335) for which no explanation has been furnished. Five municipalities had closing balances of over half a lakh *viz.*, Darjeeling (Rs. 97,375), Bhatpara (Rs. 78,022), Naihati (Rs. 76,882), Suri (Rs. 52,750) and Dacca (Rs. 51,351). The balance in Darjeeling, it is stated, is due to the difficulty experienced in carrying out certain capital work for want of materials. In Naihati, Bhatpara and Suri the major portion represents funds for the improvement of water-supply and sewerage schemes and in Dacca it includes uncashed cheques for Rs. 30,442 and the Government grant of Rs. 17,193 for the sewerage scheme, leaving a cash balance of Rs. 2,716 only. On the other hand, a number of municipalities failed to keep adequate working balances and in several instances these were insufficient to meet outstanding liabilities. Debhatta closed the year with a balance of Rs. 13 only and in Raniganj, Baruipur, Santipur, Mahespur, Mymensingh, Sirajganj and Faridpur the outstanding liabilities largely exceeded the closing balance. The worst offenders in this respect were Baraset and Azimganj which had outstanding liabilities of Rs. 2,777 and Rs. 2,360 respectively, against actual balance of Rs. 497 and 795 only, and Hooghly-Chinsura which closed the year with a sum of Rs. 10,067 but with liabilities exceeding Rs. 44,000.

9. **Education.**—The total amount spent on education, including the Government grant of Rs. 1,14,379, rose from Rs. 2,94,321 to Rs. 3,81,324 and represented 5 per cent. of the municipal income. The expenditure on primary education also showed a corresponding increase of Rs. 63,000 which is contributed by all the Divisions except the Presidency. The increase was most marked in the Darjeeling Municipality, where the expenditure rose from Rs. 10,744 to Rs. 37,249, and is attributed to the liquidation of half the mortgage purchase of the site for the boys' primary school. Seventeen municipalities however, or roughly one in seven, failed to spend 3·2 per cent. of their ordinary income, the percentage which is taken to represent the amount required for the education of half the number of boys of primary school-going age. On the other hand, the ratio was over 5 per cent. in 60 municipalities and over 10 per cent. in 15. More than half the amount spent on education (*viz.* Rs. 9,205) in Rangpur was derived from the education cess which is levied at the rate of 1·6 per cent. on the municipal valuation.

A free primary school of the improved type was established in Kalna and a sum of Rs. 8,900 was spent by the Asansol Municipality in constructing one of the four primary school buildings according to Mr. Biss's scheme. In Burdwan a new primary school was opened at Purathan Chak. A recurring grant of Rs. 4,005 was sanctioned by Government for the expansion of free primary education at Berhampore where an education cess at the rate of 1 per cent. is being levied from the beginning of the current year. The Municipal Commissioners of Garulia have also decided to impose an education cess of ½ per cent. to meet half the expenses of primary education under Mr. Biss's scheme which has also been taken up in right earnest by the Budge-Budge Municipality. The Madaripur Municipality started two free primary schools on the Biss model, making a total of seven such schools. Most of these schools are at present located in private houses. The scheme for free primary

education in the town of Chittagong was sanctioned by Government provisionally for three years and 22 schools with 1,149 pupils were established in different centres.

10. **Water-supply.**—As in the previous year, Tollygunge and South Suburban Municipalities were supplied with filtered water from the Calcutta mains. Seven mill municipalities lying on both sides of the Ganges got their supply from the local mill filters. Excluding these there are 29 municipalities which have their own water works. The number of persons supplied with filtered water was 927,650, the total quantity supplied averaging nearly 11 million gallons per day.

The Suri water-supply scheme and the scheme for the improvement of the Bankura supply were in progress. Experimental borings at Suri showed that tube wells are impossible as a source of supply and an infiltration gallery under the river was finally adopted. At Bankura a new engine was erected and set to work, but owing to the reluctance of the Municipal Commissioners to accept steel mains for the distribution system, the extension of the pipe lines could not be taken in hand before the end of the year. The Raniganj water-supply scheme could not be completed for want of funds. An additional grant of Rs. 17,500 and loan of the same amount from Government together with the promised contribution of Rs. 15,000 from the Asansol Local Board will, it is hoped, bring the work to completion. A sketch project for the improvement of water-supply in Asansol has recently been administratively approved by Government. The Berhampore water-works continued to be managed by the Public Health Department; the financial position was greatly improved and as a result of the various economies effected it was found possible to sanction 20 additional house connections. The Naihati water-supply scheme has been approved while the Bhatpara and Panihati schemes are maturing. A scheme for the extension of Khulna water-works was sanctioned by Government at an estimated cost of Rs. 58,400. A scheme for the improvement of water-supply at Patuakhali was sanctioned at a cost of Rs. 66,000 towards which Government made a grant of Rs. 28,000 and a loan of Rs. 11,000. The laying of pipes in Narayanganj under the Hajiganj Nalkhali bridge has generally improved the water-supply to the Chasara quarters, and the Municipal Commissioners have under consideration a proposal for the extension of the water-supply to the east side of the river Lakshya.

To check the excess consumption and wastage of filtered water at Mymensingh arrangements were made for the installation of meters at a cost of Rs. 14,700, the major portion of which would be met from deposits made by the ratepayers.

The Comilla water-works were completed during the year, while administrative approval was given to the water-works of the Brahmanbaria Municipality at an estimated cost of Rs. 1,09,300, towards which Government will make a contribution of Rs. 29,300 and a loan of Rs. 20,000.

The Ronaldshay water-works at Rajbari were rather a white elephant until the year under report. At the time of the year when good drinking water was really scarce, the municipal supply failed almost entirely in quantity and was unsatisfactory in quality. To meet the situation a 2-inch diameter tube well was sunk to a depth of 200 feet at a cost of Rs. 2,500 which was entirely met from private donations. The well has proved most successful, about 10,000 gallons of pure water being distributed daily among a population of 3,000.

The experimental boring of a tube well as a part of the scheme for the supply of water to the northern section of Chandpur was commenced during the year under the supervision of the Public Health Department.
